of communal divisions religious contention the country's non Jewish minority and accommodation with the Palestinians The Jewish State will be invaluable for anyone looking for that one book that gives an intelligent overview of both Israel today and of its origins *Shul with a Pool* David Kaufman,1999 The evolution of an American institution that reflects the unique tension between Judaism and Jewishness *The Oxford Handbook of the Jewish Diaspora* Hasia R. Diner,2021 The reality of diaspora has shaped Jewish history its demography its economic relationships and the politics which that impacted the lives of Jews with each other and with the non Jews among whom they lived Jews have moved around the globe since the beginning of their history maintaining relationships with their former Jewish neighbors who had chosen other destinations and at the same time forging relationships in their new homes with Jews from widely different places of origin **Israel and the European Left** Colin Shindler,2011-12-22 Why has the European Left become so antagonistic towards Israel To answer this question Colin Shindler looks at the struggle between Marxism Leninism and Zionism from the October Revolution to today Is such antagonism in opposition to the policies of successive Israeli governments Or is it due to a resurgence of anti-Semitism The answer is far more complex Shindler argues that the new generation of the European Left was more influenced by the decolonization movement than by wartime experiences which led it to favor the Palestinian cause in the post 1967 period Thus the Israeli drive to settle the West Bank after the Six Day war enhanced an already existing attitude but did not cause it Written by a respected scholar this accessible and balanced work provides a novel account and analytical approach to this important subject Israel and the European Left will interest students in international politics Middle Eastern studies as well as anyone who seeks to understand issues related to today's Left and the Arab Israeli conflict Narrative and the Politics of Identity Phillip L. The Zionist Idea Arthur (Rabbiner) Hertzberg, 1970 *Trouble in the Tribe* Dov Waxman, 2018-05-08 How Israel is dividing American Jews *Trouble in the Tribe* explores the increasingly contentious place of Israel in the American Jewish community In a fundamental shift growing numbers of American Jews have become less willing to unquestioningly support Israel and more willing to publicly criticize its government More than ever before American Jews are arguing about Israeli policies and many especially younger ones are becoming uncomfortable with Israel's treatment of Palestinians Dov Waxman argues that Israel is fast becoming a source of disunity for American Jewry and that a new era of American Jewish conflict over Israel is replacing the old era of solidarity Drawing on a wealth of in depth interviews with American Jewish leaders and activists Waxman shows why Israel has become such a divisive issue among American Jews He delves into the American Jewish debate about Israel examining the impact that the conflict over Israel is having on Jewish communities national Jewish organizations and on the pro Israel lobby Waxman sets this conflict in the context of broader cultural political institutional and demographic changes happening in the American Jewish community He offers a nuanced and balanced account of how this conflict over Israel has developed and what it means for the future of American Jewish politics Israel used to bring American Jews together Now it is driving them apart *Trouble in the Tribe* explains why
