Paul Tillich's Theology of the Church Ronald E. Modras,1976 It has been said that no one who reads Paul Tillich can fail to learn from him But Tillich is not always easily read Ronald Modras s study Paul Tillich s Theology of the Church A Catholic Appraisal opens up Tillich s often esoteric system to non initiates and relates the Christian message to contemporary questions and concerns It offers a systematic study of what it means to be a Catholic a Protestant or a believing Christian today In this remarkable book Ronald Modras enters into an extensive Catholic Prot_ estant dialog with his subject Tillich on the theology of the church His findings are based on an exhaustive study of the sources in Tillich He also provides a helpful compendium of Catholic thought based on a thorough knowledge of both European and American

theology of the church Modras poses the questions What is the nature and function of authority of dogmas of structures in the church How can they claim for their origins someone like Jesus who championed freedom How much reform can any church take He focuses in on the central nerve of Tillich s theology the polarity between the symbolic ritualistic embodiment of the Divine Catholic substance and the rejection of all attempts to accord these embodiments ultimacy the Protestant principle Modras shows that Vatican II went a long way in undermining dogmatic absolutism and that Catholic theology since Vatican II has gone even further Madras compares Tillich s stance with that of contemporary Catholic theology of the church and shows how Tillich can be reconciled with Catholic thinkers like Baum Dewart Kasper Kung and Schoonenberg He thus not only translates Tillich for a non theological reading audience but also clarifies the central difficulty that faces Catholic and Protestant efforts at Christian unity today demonstrating both the areas of substantive agreement and the areas where difficulties for Christian unity still remain Hans Kling in his Foreword to the book says In both its presentation and appraisal Paul Tillich s Theology of the Church constitutes an important contribution to ecumenical understanding Truth Aflame Larry D. Hart,2010-02-23 Larry Hart s Truth Aflame brings together charismatic renewal and classic evangelical faith better than anything I have read An important contribution to the contemporary renaissance in systematic theology Timothy George Dean of Beeson Divinity School of Samford University Executive Editor of Christianity Today As the Pentecostal charismatic movement continues to grow so does the need for solid theological resources for its members While there are many volumes of systematic theology available very few are written from a distinctly charismatic perspective Truth Aflame seeks to meet that need While academically sound Truth Aflame is written with a practical pastoral flavor Larry Hart defines systematic theology as the process of taking what the Bible teaches and relating it to contemporary questions and knowledge His passion for the subject is evident he is concerned that the reader both grasps the magnificence of the study of God and allows these great truths to be transformative This Truth then liberating enlivening and transforming Truth becomes central to the ongoing renewal of the church that we are seeing in our day Dr Hart treats each of the traditional categories revelation God creation humanity sin Christ salvation the church and last things from a Pentecostal charismatic perspective He addresses other theological viewpoints but does not get bogged down in analysis and rebuttal Further he seeks to build bridges of understanding to those evangelicals outside the charismatic tradition Clear succinct and readable this revised and updated edition of Truth Aflame is well suited not only for students but for anyone desiring a greater understanding of Pentecostal charismatic theology **Christian Faith in Our Time** Paul Jersild,2016-12-19 Jersild responds to a fundamental issue in the theology of the church what is the nature of our language in addressing the mysteries of our faith such as speaking of God or of the incarnation Advocating a modest theology in facing the mystery of God and acknowledging the impact of postmodern sensibilities he lifts up the metaphorical language of Jesus as the key to a responsible theology Jersild makes his case for a faith based imagination centering on the life death and resurrection of Jesus as God s man who brings a divine

redemptive love to the human story Theology does not give us a line in the sand that divides the saved from the lost nor is it the truth that makes all other religions false This is a book for seekers as well as many church members who harbor questions and doubts about the church's theology *God, Freedom, and the Body of Christ* Alexander J. D.

Irving, 2020-10-13 A contribution to the end of the Church knowing itself as the body of Christ Irving articulates a theology of the Church as that which participates in all that Jesus is in his vicarious humanity by the power of the Spirit This is developed through a dialogical or covenantal frame that has its focal point in Christ in whom the faithful love of God toward creation and the faithful love of creation toward God is actualized The Church as the body of Christ participates in the mediatorial work of Jesus Christ Each chapter explores a different element of this participatory ecclesiology This book offers a constructive ecclesiology built from the ground up on the foundation of a dialogical perspective which has participation in Christ as its controlling center This foundation provides the basis upon which an exhilarating vision of the Church can be built to encourage Christians to cherish the Church as the body of Christ which participates in the triune communion through being included into the Son by the power of the Spirit and comes to reflect the triune God in its own structures **A**

Theology for the Church Dr. Daniel L. Akin, 2014-06-01 The revised edition of *A Theology for the Church* retains its original structure organized under these traditional theological categories revelation God humanity Christ the Holy Spirit salvation the church and last things Each chapter within these sections contains answers to the following four questions What does the Bible say What has the church believed How does it all fit together How does this doctrine impact the church today Contributions from leading Baptist thinkers R Albert Mohler Jr Paige Patterson and Mark Dever among others will also appeal to the broader evangelical community Included in this revision are new chapters on theological method from a missional perspective Bruce Ashford and Keith Whitfield and theology of creation providence and Sabbath that engages current research in science and philosophy Chad Owen Brand Chapters on special revelation David Dockery and human nature John Hammett have also been updated Augustine's Early Theology of the Church David C. Alexander, 2008 The nature and development of Augustine's understanding of the church between his conversion 386 and his forced entry into the clergy 391 provides an essential lens to understanding this seminal period of transition and the foundations of his future ecclesial contributions Even so most studies of Augustine's ecclesiology bypass this period starting with the clerical Augustine post 391 In fact research on the young Augustine and the *Confessions* too often stalls over debates between his neo Platonic or Christian orientation focusing on dichotomies in Augustine or an individualistic Augustine too rigidly labeled This book helps fill these gaps and provides a case study supporting arguments for continuity between the young and the clerical Augustine A careful chronological textual approach to Augustine's early Christian years demonstrates how his ecclesiological thought began during this period and comprised a core component of his first theological synthesis The emergence of his ecclesiological ideas was intimately intertwined with his overall personal religious philosophic and

theological development As such it is crucial to our biographical and theological understanding of the great North African and will be of interest to specialists and students alike of Augustine's development Confessions mature ecclesiology and the late antique world *The Faith of the Christian Church* Tyron Inbody, 2005-04-14 Tyron Inbody has taught the basics of Christian theology for more than twenty five years Having seen over the years what issues and questions his students bring to class he now offers this engaging accessible introduction to all the major beliefs of the Christian faith Meant especially but not exclusively for readers new to theology Inbody's Faith of the Christian Church covers twelve traditional areas of Christian teaching theology revelation faith God creation suffering and evil humankind Jesus Christ salvation church sacraments and the end times Inbody also dives into provocative topics not usually treated in introductory texts creationism the devil miracles the virgin birth and more The book's broad ranging perspective which intentionally defies labels commends it to individuals and small groups from many church traditions Quote boxes and illustrations drawn from popular culture make the text visually interesting and enjoyable to read Inbody does not hide his own stance on issues but presents a full range of interpretations and openly points readers to other possibilities they can pursue The Faith of the Christian Church offers just enough questions to provoke reflection and just enough answers to encourage readers to form their own grasp on the Christian faith

Learning Theology through the Church's Worship Dennis Okholm, 2018-11-06 This book introduces students to theology with sustained attention to how Christian beliefs and the church's worship interact both historically and in practice Dennis Okholm approaches the subject from the necessary intersection of theology and liturgy showing that learning the church's doctrine apart from its worship undermines both The book flows as if the reader were participating in a service of worship It features illustrative charts and figures that complement challenging concepts and includes suggestions for assignments at the end of the book

Theology, Church and Ministry John Macquarrie, 1986 As well as writing many books which have become classics and pushing the boundaries of theological exploration further John Macquarrie has always been devotedly a churchman and this new collection of papers deals with many topics of particular interest at present

Gospel Theology Timothy Keller, 2013-09-03 It is quite easy to assume that if we understand the gospel accurately and preach it faithfully our ministry will necessarily be shaped by it but this is not true Many churches subscribe to gospel doctrines but do not have a ministry that is shaped by centered on and empowered through the gospel Its implications have

not yet worked their way into the fabric of how the church actually does ministry These churches theological vision has likely arisen from something other than sustained reflection on the gospel Gospel centered ministry is more theologically driven than program driven To pursue it we must spend time reflecting on the essence the truths and the very patterns of the gospel itself This eBook contains the first part of Center Church Gospel Theology In it Keller examines what the gospel is and is not and how churches can be shaped by centered on and empowered through the gospel **Does God Need the Church?**

Gerhard Lohfink, 2014-12-16 Are not all religions equally close to and equally far from God Why then the Church Gerhard Lohfink poses these questions with scholarly reliability and on the basis of his own experience of community in Does God Need the Church In 1982 Father Lohfink wrote *Wie hat Jesus Gemeinde gewollt* translated into English as *Jesus and Community* to show on the basis of the New Testament that faith is founded in a community that distinguishes itself in clear contours from the rest of society In that book he also described a sequence of events that moved directly from commonality to a community that was readily accessible to every group of people and was made legitimate by Jesus himself Only later did Father Lohfink learn within a new horizon of experience that such a description is not the way to community The story of the gathering of the people of God from Abraham until today never took place according to such a model Today Father Lohfink states that he would not write *Wie hat Jesus Gemeinde gewollt* the same way The situation of belief and believers has undergone a shift the question of the Church has become much more urgent Church life is declining and the religions are returning often in new guises In light of these shifts and the change in his own view of community Father Lohfink inquires in *Does God Need the Church* of Israel's theology Jesus praxis the experiences of the early Christian communities and of what is appearing in the Church today These inquiries lead to an amazing history involving God and the world a history that God presses forward with the aid of a single people and that always turns out differently from what they think and plan **The Church** Edmund P. Clowney, 1995-11-24 At a time in which the very word church sounds a tone of dull irrelevance the doctrine of the church has suffered the studied neglect of many Christian leaders The persistent demands to market manage and grow the church and to meet the felt needs of church and unchurched all threaten to quench theological reflection on the abiding nature and mission of the church But few activities bear greater promise as a starting point for renewing and reshaping the Christian church than the work of theology In this book Edmund Clowney takes up that task addressing along the way a variety of contemporary concerns worship mission church and culture church and state church order and discipline the ministry of women baptism and the Lord's Supper tongues and prophecy signs and wonders He draws on decades of thinking and teaching about the church as well as from his committed leadership and ministry within the church Biblical historical systematic and Reformed *The Church* is a timely and provocative reflection on the life order and purpose of the household of God
