Theres Hope For Your Church First Steps To Restoring Health And Growth:

There's Hope for Your Church Gary McIntosh, Gary L. McIntosh, 2012-05 Veteran church consultant calls church leaders back to the hope that God can and does restore churches equipping them with practical tools to bring about healthy growth

What Every Pastor Should Know Gary L. McIntosh, Charles Arn, 2013-04-15 Pastors and church leaders are constantly faced with strategic questions How much staff does the church need How many workers are needed in the nursery this month When is the right time to start a second worship service How many people should we train for evangelism this year How does seating and parking impact worship attendance When church leaders have questions about planning running or growing their churches they need answers fast What Every Pastor Should Know offers pastors and leaders 101 valuable rules and sacred laws to help answer real life ministry questions From advertising to facilities to visitation this valuable book offers the practical help that leaders need just when they need it most This comprehensive guide will become one of the most valuable books in a leader's library Never again will they wonder if they based critical decisions on the right information They'll get the answers they're looking for all in one place

ReClaimed Church Bill Henard, 2018-06-01 It's no secret churches are dying Tragically thousands of churches in the United States are shrinking some closing their doors forever The key to reversing these trends argues Bill Henard is for a local church to recognize where it is in the church life cycle Unless churches intentionally do something about it many of them will follow the same pattern from birth to plateau and eventually to death But if a church learns to identify its place within the life cycle and embraces the necessary processes it can return to growth In a day when church membership has decreased evangelistic zeal has cooled and budgets are disappearing ReClaimed Church is the tool that struggling churches need Having previously written and taught seminary courses on church revitalization Bill Henard uses his expertise to provide all the practical insights and instructions needed to reclaim your church

Hope For Healing Church Wounds Dr. Michael Gray, 2019-05-07 Statistics from George Barna Research Group reveal that twenty five to thirty million adults stay away from the Christian church because of hurtful treatment experienced at the hands of the body of Christ Having gone through several church hurts himself the author has written this book to be a practice guide on how to be restored renewed and healed from church inflicted wounds so that one's relationship to God is joyous and fruitful From his own experience and documented research through surveys to pastor's church members and non church goers the author provides a training manual that churches and church leaders can use to reach and restore church members to a healthy relationship with God and His church We all want the church to be a place where we can go to worship God with freedom and joy We all want to be encouraged to grow in our faith and walk with Christ We all want a place where we find joy in serving others a place of safety and unconditional love No one wants to be part of a church that acts like the world treating people with judgment condemnation lack of compassion and love Church wounds happen but God is a restorer of the broken hearted God is the great healer of our pain and disappointment The

author believes that if one takes the steps outlined in the book there will be renewal and restoration If churches reach out to those who have been wounded in the way outlined in this book many will come back into fellowship with the Lord and His church

Climbing the Mountain While Walking the Path D. Joel Hutchison,2025-01-16 Winning battles isn't the same as winning the war The path winding up the mountain is often slow arduous and foreign But those determined to complete the journey soon discover the benefits of knowing the terrain in advance and staying on the path that the Lord has set before us Indeed unless we know how success is measured in the eyes of God our perception can mislead us into thinking that we have failed in ministry The question we should ask is Have I been obedient to His calling and am I sharing my story Fulfilling the mission and purpose God has designed us for is a lifelong endeavor Each day event or ministry becomes another page in our personal book It's our story and we continue to write it until our final day Gain new and renewed passion for the ministry Climbing the Mountain While Walking the Path will provide insights for overcoming the obstacles that have been holding you back

Growing God's Church Gary L. McIntosh,2016-01-12 It's no secret that the evangelism methods of yesterday are not yielding the kinds of results they did in the 1970s and 1980s So how are new Christians hearing the Gospel today How are they finding churches And what makes them stay at a church The answers to these questions have the power to dramatically alter the way we do outreach And Dr McIntosh has them Based on ten years of scientific research Growing God's Church shows pastors and church leaders how people are actually coming to faith in the 21st century It covers factors such as our motive for ministry the priorities churches set for themselves the reality of churchless Christians generational and gender based differences in evangelism effectiveness the name of your church the influence of pastors and much more The appendix includes a copy of the survey that provides the basis for McIntosh's arguments and an overview of the study is provided in the first chapter

Building the Body Gary L. McIntosh,Phil Stevenson,2018-01-02 Just as a physically healthy person at an ideal weight and with good blood pressure and cholesterol numbers might not actually be fit enough to run a 5k so churches can appear healthy with no obvious issues maintaining a healthy size and yet not exhibit fitness A fit church is one that is not satisfied with merely coasting along with no problems A fit church is actively making disciples maturing in faith developing strong leaders reaching out to the community and more Building the Body offers pastors and church leaders twelve characteristics of fit churches and shows them how they can move their church through five levels of fitness from beginner all the way to elite just as an athlete through training and practice can become the top in his or her class Includes comparison charts at the end of each chapter so readers can clearly see where their church currently falls and concluding Complete the Progress Chart so that they can see what their goals should be for the future

God's Pattern for Revitalization Robert Beckett,2023-03-30 The most common question that most pastors and church leaders ask themselves is Where do I start in revitalizing my church Revitalizing a church can seem like a daunting task but there are some key steps that pastors and church leaders can take to begin the process of transforming their church into an active and vibrant center

of the Christian community The first step that pastors should take is to prayerfully assess the current state of the church This will involve reflecting on the church s current successes and challenges to better understand where changes need to be made That understanding can come only from God himself God has provided us with an example of how revitalization and revival can take place in a church This book will enlighten and inform on the way that God intends for his church to be vibrant and alive again in the community of believers and surrounding neighbors Using Scripture as the pattern and guide readers will gain confidence and courage to move their church forward in revitalization Restore My Soul Janice McWilliams,2022-11
