Higher Order Thinking Skills in the Language Classroom: A Concise Guide Afsaneh Ghanizadeh, Ali H. Al-Hoorie, Safoura Jahedizadeh, 2020-09-11 In this book we try to provide a practical down to earth guide for those who are involved in language learning and teaching We hope that this book will be a useful reading for those who would like to incorporate higher order thinking skills HOTS enhancing techniques in their teaching practice We set out from the position that although it is hardly doubtful that it is at the heart of education critical thinking is in reality often not given its due attention in pedagogy particularly in language education This book offers readers some practical advice on how to implement HOTS in their own practice It has been written to take the reader through each technique with the ultimate goal of promoting HOTS step by step In the introductory chapter we present an overview of the theory behind HOTS its definition its relation to Bloom's Taxonomy its two dimensions critical thinking and reflective thinking and the ideas of some influential thinkers in this area The subsequent chapters present six HOTS enhancing techniques that classroom teachers can draw from namely graphic organizers critical discourse analysis argumentation emotion regulation and emotional intelligence enhancing techniques reflective journals and mindfulness based strategies As the book draws on a wide ranging review of literature with exercises for direct use with language learners we hope that this provides both theoretical and practical support for the teaching process to help language learners become effective critical thinkers The compilation of the ideas in this book took us a long time over a decade Something that takes such a long time requires much engagement and life experience so did this book

Emotional Intelligence Ryan James, 2018-04-18 Have you ever wondered why some people seem to get all the good things life offers while others stand on the sidelines and wonder why not Some people will tell you it's ambition IQ and position that determines life's outcomes What if I told you there was something within each of us that promises greater happiness and success It's called Emotional Intelligence and it is available to you by simply reading this

book and following the six steps presented in these pages Feelings are what drives us in life We do what we do to change how we feel We buy a luxury car so that we can feel powerful and important We lose weight so that we can feel beautiful and admired Although you think you can do things to change or avoid feelings in truth you already possess those things for which you dream All you must do is gain awareness and change your perceptions and act on the feelings that will give you greater Emotional Intelligence It doesn't take wealth beauty or brains to increase your Emotional Intelligence It takes awareness knowledge and practice which won't cost you anything but a little time So journey with me through the pages of this book and together let's discover how you can have all the good things life has to offer **Emotional Intelligence** Jessica

Greiner,2018-06-30 Would you be interested in a skill that helps you know what other people are thinking and feeling even if they aren't really sure of it themselves The fact is that the people who tend to be the most successful in life aren't those who are the strongest or the smartest But they are the ones who can use their natural charisma to manipulate interpersonal relationships while at the same time reliably keeping their emotions in check so they are free to make the most profitable choices in any given situation The secret to these people's success is what is known as emotional intelligence and if you haven't heard of it yet rest assured that is going to change sooner than later as it is one of the most prized traits that many employers are looking for in their employees these days If you are looking for ways to ensure you keep up with the modern job market then Emotional Intelligence A Step by Step Guide to Improving Your EQ Controlling Your Emotions and Understanding Your Relationships is the book you have been waiting for Grab your copy today and learn What are the key elements of emotional intelligence How emotional intelligence allows you to make better decisions in your daily life How to achieve greater success in your personal and professional life The secrets of building more rewarding and fulfilling social relationships Proven strategies for developing greater self awareness The eight EQ mistakes you must know to get your EQ to the place where you would like it to be LOTS of practical exercises to regulate your own emotions And much more While traditionally not as publicized as intellectual intelligence emotional intelligence is what makes it possible for those who have it to successfully connect with others productively make the correct life decision in a pinch and generally create positive action out of simple intentions The level of emotional intelligence that you have also made it easier to understand what others are thinking and feeling more easily So what are you waiting for Maximize your full potential by unlocking the power of your emotional intelligence and scroll up to click the buy now button Critical Issues in Servicing Twice Exceptional Students

Fernanda Hellen Ribeiro Piske,Kristina Henry Collins,Karen B. Case Theory in Business and Management Evert Gummesson, 2017-01-25 This meticulous book submits research and the research process to deep scrutiny. It debunks the unhelpful dichotomy between quantitative and qualitative research and highlights the great value of multi-method and interactive research approaches that have greatly deepened our thinking. Professor Adrian Payne, University of New South Wales, Australia; Professor Pennie Frow, University of Sydney. Setting out to dispel the argument that case study research lacks the science, theory, and therefore validity of other forms of research, Evert Gummesson combines many decades of experience as both a renowned scholar and a reflective practitioner to effectively bridge the divide between case theory and how it is applied in practice. Bringing the fundamental strengths of cases to the fore, Gummesson introduces the Case Theory concept as an expanded version of case study research which includes both methodology and the types of results that emerge by guiding the reader in the theoretical and philosophical underpinning. Demonstrating how to translate theory to pertinent research practice that addresses the real and consequential issues in business and management today, this book will appeal to students, academics, and researchers who are interested in the science and philosophy behind case study research as well as the methodology and a thought-provoking read for anyone who wants to be challenged about their belief of case study theory.

Boost Emotional Intelligence in Students Maurice J. Elias, Steven E. Tobias, 2019-01-28 Develop emotional intelligence and strengthen social-emotional skills in adolescents with this practical, hands-on resource. Helping students develop emotional intelligence (EQ) and social-emotional skills is essential to preparing them for success in college careers and adult life.
