Thinking Through The Body Essays In Somaesthetics:

Thinking through the Body Richard Shusterman, 2012-09-17 This book provides a richly rewarding vision of the burgeoning interdisciplinary field of somaesthetics. Composed of fourteen wide ranging but finely integrated essays by Richard Shusterman, the originator of the field, *Thinking through the Body* explains the philosophical foundations of somaesthetics and applies its insights to central issues in ethics, education, cultural politics, consciousness studies, sexuality and the arts. Integrating Western philosophy, cognitive science and somatic methodologies with classical Asian theories of body, mind and action, these essays probe the nature of somatic existence and the role of body consciousness in knowledge, memory and behavior. Deploying somaesthetic perspectives to analyze key aesthetic concepts such as style and the sublime, he offers detailed studies of embodiment in drama, dance, architecture and photography. The volume also includes somaesthetic exercises for the classroom and explores the *ars erotica* as an art of living.

Aesthetic Experience and Somaesthetics Richard Shusterman, 2018-02-12 This collection of essays explores the crucial connections between aesthetic experience and the interdisciplinary field of somaesthetics while further advancing inquiry in both. After the editor's introduction and three articles examining philosophical accounts of embodiment and aesthetic experience in existentialism, phenomenology, hermeneutics and pragmatism, the book's nine remaining articles apply somaesthetic theory to the fine arts, including detailed studies of the body's role in painting, sculpture, architecture, poetry, music, photography and cinema, but also to diverse arts of living, considering such topics as cosmetics and sexual practice. These interdisciplinary multicultural essays are written by a distinctively international group of experts ranging from Asia, China and India to Europe, Denmark, Finland, Hungary and Italy and the United States.

Bodies in the Streets: The Somaesthetics of City Life, 2019-08-12 Cities are defined by their complex network of busy streets and the multitudes of people that animate them through physical presence and bodily actions that often differ dramatically: elegant window shoppers and homeless beggars, protesting crowds and patrolling police. As bodies shape city life, so the city's spaces, structures, economies, politics, rhythms and atmospheres reciprocally shape the urban soma. This collection of original essays explores the somaesthetic qualities and challenges of city life in Europe, Asia, Africa and the Americas from a variety of perspectives ranging from philosophy, urban theory, political theory and gender studies to visual art, criminology and the interdisciplinary field of somaesthetics. Together, these essays illustrate the aesthetic, cultural and political roles and trials of bodies in the city streets.

The Aesthetics of Taste: Eating within the Realm of Art Dorota Koczanowicz, 2023-02-17 When does eating become art? *The Aesthetics of Taste* answers this question by exploring the position of taste in contemporary culture and the manner in which taste meanders its way into the realm of art. The argument identifies aesthetic values not only in artistic practices where they are naturally expected but also in the spaces of everydayness that seem far removed from the domain of fine arts. As such, it seeks to grasp what artists who offer aesthetic as well as culinary experiences actually try to communicate while also pondering whether a cook can be an

artist *Somaesthetics and Food*, 2025-09-22 This volume focuses on the relationship between food aesthetics philosophy and somaesthetics exploring how food is much more than a biological necessity It invites readers to rethink food as a central element of human life one that intertwines culture art ethics and aesthetics and encourages a more mindful sustainable engagement with it Covering a range of topics from the philosophy of taste to mindful eating sustainability lab grown meat obesity and environmental responsibility the essays in this volume demonstrate and expand the richness and potential of food philosophy through the lens of somaesthetics *Insatiable Appetite: Food as Cultural Signifier in the Middle East and Beyond* Kirill Dmitriev, Julia Hauser, Bilal Orfali, 2019-09-24

Insatiable Appetite: Food as Cultural Signifier in the Middle East and Beyond explores the cultural ramifications of food and foodways in the Mediterranean and Arab Muslim countries in particular The volume addresses the cultural meanings of food from a wider chronological scope from antiquity to present adopting approaches from various disciplines including classical Greek philology Arabic literature Islamic studies anthropology and history The contributions to the book are structured around six thematic parts ranging in focus from social status to religious prohibitions gender issues intoxicants vegetarianism and management of scarcity Contributors are Tarek Abu Hussein Yasmin Amin Kevin Blankinship Tylor Brand Kirill Dmitriev Eric Dursteler Anny Gaul Julia Hauser Christian Junge Danilo Marino Pedro Martins Karen Moukheiber Christian Sa mannshausen Shaheed Tayob and Lola Wilhelm

Women's Somatic Training in Early Modern Spanish Theater Elizabeth Marie Cruz Petersen, 2016-11-03 Drawing from early modern plays and treatises on the precepts and practices of the acting process this study shows how the early modern Spanish actress subscribed to various somatic practices in an effort to prepare for a role It provides today's reader not only another perspective to the performance aspect of early modern plays but also a better understanding of how the woman of the theater succeeded in a highly scrutinized profession Elizabeth Marie Cruz Petersen examines examples of comedias from playwrights such as Lope de Vega Luis V lez de Guevara Tirso de Molina and Ana Caro historical documents and treatises to demonstrate that the women of the stage transformed their bodies and their social and cultural environment in order to succeed in early modern Spanish theater *Women's Somatic Training in Early Modern Spanish Theater* is the first full length in depth study of women actors in seventeenth century Spain Unique in the field of comedia studies it approaches the topic from a performance perspective using somaesthetics as a tool to explain how an artist's lived experiences and emotions unite in the interpretation of art reconfiguring her self via the transformation of habit **Body Consciousness** Richard

Shusterman, 2008-01-07 Contemporary culture increasingly suffers from problems of attention over stimulation and stress and a variety of personal and social discontents generated by deceptive body images This book argues that improved body consciousness can relieve these problems and enhance one's knowledge performance and pleasure The body is our basic medium of perception and action but focused attention to its feelings and movements has long been criticised as a damaging distraction that also ethically corrupts through self absorption In *Body Consciousness* Richard Shusterman refutes such

charges by engaging the most influential twentieth century somatic philosophers and incorporating insights from both Western and Asian disciplines of body mind awareness Rather than rehashing intractable ontological debates on the mind body relation Shusterman reorients study of this crucial nexus towards a more fruitful pragmatic direction that reinforces important but neglected connections between philosophy of mind ethics politics and the pervasive aesthetic dimensions of everyday life

Body Aesthetics Sherri Irvin, 2016-09-06 The body is a rich object for aesthetic inquiry We aesthetically assess both our own bodies and those of others and our felt bodily experiences as we eat have sex and engage in other everyday activities have aesthetic qualities The body whether depicted or actively performing features centrally in aesthetic experiences of visual art theatre dance and sports Body aesthetics can be a source of delight for both the subject and the object of the gaze But aesthetic consideration of bodies also raises acute ethical questions the body is deeply intertwined with one's identity and sense of self and aesthetic assessment of bodies can perpetuate oppression based on race gender identity sexual orientation age size and disability Artistic and media representations shape how we see and engage with bodies with consequences both personal and political This volume contains sixteen original essays by contributors in philosophy sociology dance disability theory critical race studies feminist theory medicine and law Contributors take on bodily beauty sexual attractiveness the role of images in power relations the distinct aesthetics of disabled bodies the construction of national identity the creation of compassion through bodily presence the role of bodily style in moral comportment and the somatic aesthetics of racialized police violence

T&T Clark Handbook of Christian Prayer, 2021-12-16 The essays collected in this volume provide a resource for thinking theologically about the practice of Christian prayer In the first of four parts the volume begins by reaching back to the biblical foundations of prayer Then each of the chapters in the second part investigates a classical Christian doctrine including God creation Christology pneumatology providence and eschatology from the perspective of prayer The chapters in the third part explore the writings of some of the great theorizers of prayer in the history of the Christian tradition The final part gathers a set of creative and critical conversations on prayer responding to a variety of contemporary issues Overall the T T Clark Handbook of Christian Prayer articulates a theologically expansive account of prayer one that is deeply biblical energetically doctrinal historically rooted and relevant to a whole host of critical questions and concerns facing the world today
