Thirst For The Sea The Sailing Adventures Of Erskine Childers:

A Thirst for the Sea, 1979 **Sailing and Social Class** Alan O'Connor, 2024-04-23 This book explores the sociology of sailing and yachting Drawing on original research and employing a theoretical framework based on the work of Pierre Bourdieu the book argues that sailing is still an upper middle class activity that has much to tell us about the wider sociology of leisure and sport The book examines the historical foundations of blue water sailing as established by naval and colonial shipping to trace the roots of contemporary sailing and yachting culture It also examines archives of sailing narratives and cruising guides as well as the children's books of Arthur Ransome arguing that this archival material offers a social rather than a psychological interpretation of the bodily investment in sailing The book uses Bourdieu's concepts of *illusio* an investment of time emotion and body into a worthwhile activity and *habitus* or *lifeworld* alongside contemporary data sets to examine the yacht club as a social institution including why many boats never go out on the water the relationship between yacht clubs and the state and social issues as manifested in yacht clubs such as sexism racism and homophobia Offering a vigorous sociological critique of yachting and sailing this book is fascinating reading for anybody with an interest in the sociology of leisure and sport subcultures social theory or social issues in wider society *A Thirst for the Sea* Erskine Childers, 1979 **Mudlarking** Nick Ardley, 2010-03-15 A compilation of tales of the Thames Estuary *The Baltic and the North Seas* Merja-Liisa Hinkkanen, David Kirby, 2013-06-17 Exploring the themes of the human relationship with the marine environment and the ways in which the peoples of Northern Europe have experienced and exploited their seas this book reveals how human perception of the northern seas has changed over time Drawing on a wide variety of sources from Denmark and Britain to Norway Finland and Germany *The Baltic and the North Seas* is an insightful and colourful history of the politics economy and culture of this intriguing region **Cruising World**, 1987-07 **The Mariner's Mirror** Leonard George Carr Laughton, Roger Charles Anderson, William Gordon Perrin, 1980 *A Damned Cunning Fellow* Hugh Popham, 1991 **From Cape Wrath to Finisterre** Bjorn Larsson, 2005-09-25 From Cape Wrath to Finisterre is a travelogue and an homage to Celtic lands and waters from their northern to their south western landfalls Cape Wrath points towards the Arctic Circle at Scotland's furthest northerly limit Perhaps I was looking for a homeland perhaps not or at any rate a place where it would be worth trying to live for a while as well as one can for as long as it lasts Finisterre the furthest point in Galicia in northern Spain was so named for being The End of the Earth Larsson's contemplative musings on life as seen from the cockpit and deck of his yacht enliven this journey from Denmark around Scotland through the Irish Sea and onwards to Brittany and Spain Yes I admit to rootlessness and impermanence he admits But restlessness on the other hand is a scourge It and its modern variant stress the futility of running round in circles are to be avoided at all costs It is far from certain of course that this way of life would suit everybody but if it instils in someone the desire to experiment with alternatives I shall be happy 100 Masters of Mystery and Detective Fiction: Margery Allingham Fiona Kelleghan, 2001 This collection surveys
