Prehistories of the War on Terror A. J. Yumi Lee, Karen R. Miller, 2024-09-24 Reveals fundamental continuities between the contemporary War on Terror and earlier U S imperial conflicts *Prehistories of the War on Terror* examines the longstanding American project of classifying enemies who challenge U S power abroad as terrorists To do so the volume brings disparate episodes of U S military empire building into dialogue across time and space From settler colonial wars in the nineteenth century American West to twentieth century wars of conquest in Asia and the Pacific the collection s essays argue that the United States has drawn both materially and ideologically on older systems of empire in the conflicts through which it has waged the present day War on Terror Attending to the local histories from which these conflicts emerged and examining the effects of U S intervention in these sites contributors analyze the cultural frameworks for understanding and remembering past conflicts that confirm challenge or refigure the logics of the War on Terror This volume reveals how contestations over sovereignty extraction and inequality must be suppressed and flattened in public discourse to maintain a coherent vision of a totalizing War on Terror Together the contributors illustrate that there was no single road that led to 9 11 or the War on Terror Rather they argue that we must follow multiple paths into the past to fully understand our present and to fight for a more just future Contributors Moustafa Bayoumi Joo Ok Kim Janne Lahti A J Yumi Lee Naveed Mansoori Karen R Miller Kalyan Nadiminti Tim Roberts Colleen Woods
