Argenti-Pillen,2013-07-17 In Sri Lanka staggering numbers of young men were killed fighting in the armed forces against Tamil separatists The war became one of attrition year after year waves of young foot soldiers were sent to almost certain death in a war so bloody that the very names of the most famous battle scenes still fill people with horror Alex Argenti Pillen describes the social fabric of a rural community that has become a breeding ground and reservoir of soldiers for the Sri Lankan nation state arguing that this reservoir has been created on the basis of a culture of poverty and terror Focusing on the involvement of the pseudonymous village of Udahenagama in the atrocities of the civil war of the late 1980s and the interethnic war against the Tamil guerrillas Masking Terror describes the response of women in the rural slums of southern Sri Lanka to the further spread of violence To reconstruct the violent backgrounds of these soldiers she presents the stories of their mothers sisters wives and grandmothers providing a perspective on the conflict between Sinhalese and Tamil populations not found elsewhere In addition to interpreting the impact of high levels of violence on a small community Argenti Pillen questions the effects of trauma counseling services brought by the international humanitarian community into war torn non Western cultural contexts Her study shows how Euro American methods for dealing with traumatized survivors poses a threat to the culture specific methods local women use to contain violence Masking Terror provides a sobering introduction to the difficulties and methodological problems field researchers social scientists human rights activists and mental health workers face in working with victims and perpetrators of ethnic and political violence and large scale civil war

The narratives of the women from Udahehagama provide necessary insight into how survivors of wartime atrocities reconstruct their communicative worlds and disrupt the cycle of violence in ways that may be foreign to Euro American professionals

THE FINAL PROPHECY johannes Erasmus van den berg,2012-09-14 This is the true and mind altering prophecy of an end times expert guided from beyond the divine Dome to prepare mankind for its ultimate transformation within the very near future i e there actually is some urgency to understand and transform now This is the final and ultimate interpretation of religious scriptures in general and the Bible in particular This is totally different from and goes far beyond previous Bible Code books and surpasses any other attempts at reliably deciphering and understanding the true message of the Bible But now the way is finally clear for all of us to grasp the real meaning behind the scenes our ultimate and true metamorphosis into the actual reality behind all the cryptic clues

The Environmental Tradition in English Literature John Parham,2017-03-02 Drawing upon the English literary tradition for new perspectives and paradigms this collection presents a broad range of theoretical and historical approaches to ecocriticism The first section of the volume offers different theoretical frameworks for ecocritical work encompassing a range of socio political post modern and multi disciplinary approaches In the second section contributors explore the ways in which ecocriticism allows us to re think literary history

Carbon Bernadette Bensaude-Vincent,Sacha Loeve,2024-06-07 Carbon is much more than a chemical element it is a polymorphic entity with many faces at once natural cultural and social Ranging across ten million different compounds carbon has as many personas in nature as it has roles in human life on earth And yet it rarely makes the headlines as anything other than the villain of our fossil based economy feeding an addiction which is driving dangerous levels of consumption and international conflict and which left unchecked could lead to our demise as a species But the impact of CO on climate change only tells part of the story and to demonize carbon as an element which will bring about the downfall of humanity is to reduce it to a pale shadow of itself In this major new history of carbon Bernadette Bensaude Vincent and Sacha Loeve show that this omnipresent element is at the root of countless histories and adventures through time thanks to its extraordinary versatility Carbon has a long and prestigious CV its work and achievements extend far beyond the burning of fossil fuels The fourth most abundant element in the universe and the second most abundant element in the human body carbon is the chemical basis of all known life Carbon chemistry has a long history with applications ranging from jewellery to heating underpinning developments in metallurgy textiles pharmaceuticals electronics nanoscience and green technologies A biography of carbon transgresses the boundaries between chemical and social existence between nature and culture forcing us to abandon the simplified image of carbon as the anti hero of human civilization and enabling us to see instead the great diversity of carbon s modes of existence With scientific precision and literary flair Bensaude Vincent and Loeve unravel the surprising ways in which carbon has shaped our world showing how unrecognizable the earth would be without it Uncovering the many hidden lives of carbon allows us to view our own with fresh eyes

Cognitive-Evolutionary Perspectives on Visionary Beings Bruce Rimell, 2018-01-19 The use of psychedelic drugs plants is rising and with it the number of reports narrating encounters with otherworldly visionary beings Approaches to these experiences have often been literal archetypal or dismissive Evolutionary psychology and the cognitive science of religion suggest innate and non imagistic mental foundations for these phenomena arising from easily triggered evolutionary functions during emotive periods of high cognitive demand Such functions include agent detection social intelligence faculties and metacognition This wide ranging book explores how our deepest mental processes predispose us as humans to believe in supernatural agents and presents a new hypothesis of how these same cognitions facilitate the emergence of those agents to become present when psychedelic drugs and plants are ingested Bruce concludes that visionary beings shimmer within as awe inspiring products of the mind an experience which rests at the heart of what it is to be human Wild Spirit(s) Bergelin Justin Spencer (author), 1901 **Journal of the Straits Branch of the Royal Asiatic Society**, 1896

Perversion and Modern Japan Nina Cornyetz, J. Keith Vincent, 2010-01-21 Perversion and modern Japan focuses on the psychoanalytic approach to the study of modern Japan Using a wide range of psychoanalytic approaches the contributors to this book have brought together chapters on everything from the Ajase complex to underpants from fascist modernism in literature to internet based suicide pacts Spirits Captured in Stone Jay H. Bernstein, 1997 This fascinating case study focuses on shamanism and the healing practices of the Taman a formerly tribal society indigenous to the interior of Borneo The Taman typically associate illness with an encounter with spirits that both seduce and torment a person in dreams or waking life Rather than use medicines to counter the effect of these discomfiting visitors the shamans called baliens use stones that are said to contain the convergence of wild spirits that have come into being during the initiation ceremony P 209

A Continuing Trial of Treatment Stephen Frankel, Gilbert Lewis, 2012-12-06 *Francis Bacon on Motion and Power* Guido Giglioni, James A.T. Lancaster, Sorana Corneanu, Dana Jalobeanu, 2016-04-25 This book offers a comprehensive and unitary study of the philosophy of Francis Bacon with special emphasis on the medical ethical and political aspects of his thought It presents an original interpretation focused on the material conditions of nature and human life In particular coverage in the book is organized around the unifying theme of Bacon s notion of appetite which is considered in its natural ethical medical and political meanings The book redefines the notions of experience and experiment in Bacon s philosophy of nature shows the important presence of Stoic themes in his work as well as provides an original discussion of the relationships between natural magic prudence and political realism in his philosophy Bringing together scholarly expertise from the history of philosophy the history of science and the history of literature this book presents readers with a rich and diverse contextualization of Bacon s philosophy **William Harvey's Biological Ideas** W. Pagel, 1967-01-05 By his discovery of the circulation of the blood Harvey laid the foundation of scientific biology and medicine And yet Harvey was the child of a pre rationalistic age He was the life long thinker on the purpose and indeed the mystery of circular phenomena the

circulation of the blood on the one hand and the cycle of generation on the other both forming the microscopic copy of a cosmological pattern Walter Pagels easy to read introduction to the man his ideas and his times makes fascinating and illuminating reading A Karger Publishing Highlights 1890 2015 title Wisdom'S Daughters Cathy Pagano,2013-01-24 Wisdom is Women s Gift to the World In the many cultural stories that speak about the changing of the ages it is always Feminine Spirit which brings about the transition to new life for Feminine Spirit knows the rhythms of life death and rebirth and is the opener of the way In times of cultural transformation it is also our right brain feminine consciousness that is our best guide for it opens us to the creative imagination the realm of possibility The return of the Goddess awakens the transformative energy that births the changing of the ages In the western story of worldwide spiritual transformation there is a powerful image of Cosmic Woman an image of the archetypal Feminine Spirit who transforms and gives birth to this new age And her archetypal image gives us instructions for opening to and incarnating wisdom This image of the awakening Feminine Spirit is an image of the Conscious Woman a woman clothed with the sun standing on the moon crowned with stars who is in labor giving birth to a savior In earlier times and different traditions this archetypal image was understood as Lady Wisdom Today I feel this Goddess image of conscious woman can be incarnated by women everywhere This woman clothed with the sun is Lady Wisdom who calls all women to become her daughters I love Cathy s insights into fairy tales mythology dreams astrological energies and archetypes She makes sense of how our lives are impacted by these complex yet very beautiful elements making them accessible and keeping them profound Her wisdom can only enhance anyone lucky enough to have crossed her path Alix Toland Artist Creator of Color Scope An Astrological Mandala **To Speak in Pairs** James J. Fox,2006-11-02 This collection of essays is a major contribution to the study of oral composition and ritual communication and in particular to the use of parallelism the poetic ordering of words and phrases in alternative duplicate form The introduction by James J Fox sets the topic in historical perspective beginning with Robert Lowth s introduction of the term parallelism in 1753 in his study of biblical language demonstrating that what was once viewed as a form of composition unique to Ancient Hebrew is a feature common to many literatures around the world The volume thus presents a remarkable picture of life in eastern Indonesia which is both valuable in itself and useful for comparative analysis All of the essays contain original texts with translations together with detailed commentaries on their content and the context of their performance The study of parallelism and its use in situations of formal communication has been receiving increasing attention from anthropologists linguists and all those interested in oral literature as a topic of real theoretical and ethnographic interest To Speak in Pairs represents an important advance in the study of oral literature in context *The Abjurationess of Rex Terra* Franklin Newman,2009-02-11 One month has passed since Kylie Pendragon killed Sheridan to rescue her friends Suddenly Rex Terras Emperor decides to raze the only forest standing between Rex Terra and the rampant genocidal sea Using magic to shield the forest Kylie returns to Earth for safety There she meets pyromanceress Zulieka

Tribliuex who kidnaps Brenda Kylie saves Brenda giving her superpowers Together they safeguard the forest until Zulieka starts murdering people then reincarnating them into a fiery army Kylie realizes she must learn dragon magic to stop both Zulieka and the Emperor The only way is by liberating the captive lavender dragons *The Archaeology of Knowledge Traditions of the Indian Ocean World* Himanshu Prabha Ray, 2020-11-18 This book examines knowledge traditions that held together the fluid and overlapping maritime worlds of the Indian Ocean in the premodern period as evident in the material and archaeological record It breaks new ground by shifting the focus from studying cross pollination of ideas from textual sources to identifying this exchange of ideas in archaeological and historical documentation The themes covered in the book include conceptualization of the seas and maritime landscapes in Sanskrit Arabic and Chinese narratives materiality of knowledge production as indicated in the archaeological record of communities where writing on stone first appears and anchoring the coasts not only through an understanding of littoral shrines and ritual landscapes but also by an analysis of religious imagery on coins more so at the time of the introduction of new religions such as Islam in the Indian Ocean around the eighth century This volume will be of great interest to researchers and scholars of archaeology anthropology museum and heritage studies Indian Ocean studies maritime studies South and Southeast Asian studies religious studies and cultural studies Yellowlegs John Janovy, 2016-08-02 In Yellowlegs John Janovy again displays his rare talent for making the scientific accessible and the personal universal The result is a an extraordinary parable of man and technology It is also an intensely personal account of one man s journey toward an understanding of himself of his fellow man and perhaps most important of the secrets of a single sandpiper a *Tringa flavipes* or lesser yellowlegs We fly with Janovy s Yellowlegs from its nesting grounds in the Canadian north to South America and back And along the way we join a slightly crazed biologist who leaves his university position withdraws his life savings from the bank and decides to follow the bird on its odyssey Starting on the sand flats of Nebraska and progressing across Kansas and down to the Gulf of Mexico with a brief stop in Oklahoma jail our migratory route brings us into contact not only with the wild creatures of the American West but with the people a few of whom are pretty wild themselves with whom Janovy talks drinks and debates Seldom has the life of a wild creature been so intimately and vividly described Seldom have hard science and mysticism been more successfully and lyrically combined There can be little question that Yellowlegs will take its place a classic of nature writing at its best
