Thomas Jefferson Alf Johnson Mapp (Jr.),Alf J. Mapp,Jr.,2009-01-16 Follows Jefferson from his inauguration as President in 1801 to his death at the age of 83 on July 4 1826 It embraces the eight years as Chief Executive in which he doubled the

size of the United States by his daring Louisiana Purchase sent Meriwether Lewis and William Clark on one of the world's greatest expeditions of exploration and challenged the formidable Chief Justice John Marshall with a major program of judicial reform. It proves the falseness of the stereotype that Jefferson ignored national defense and tried to keep the Navy weak. The book shows him late in life with ideas that have relevance today: planning a system of public education and founding the University of Virginia. And it reveals better than any other biography to date the intimate details of the lonely private battle he fought during his last tortured but ultimately triumphant decade.
