The Poet and the Fly Robert Hudson,2020-07-28 Flies are the most ubiquitous of insects buzzing minuscule and seemingly insignificant they've been both plagues and minor annoyances for millennia Rather than ignore these incredibly mundane and seemingly insignificant creatures poets spanning centuries from the seventeenth to the twentieth and continents from North America to Asia have found that these ordinary bugs in fact illuminate deep spiritual mysteries In this revelatory book Robert Hudson considers seven poets each of whom wrote a provocative poem about a fly These poets all mystics in their own way ponder the simple fly and come to astounding conclusions Considering Emily Dickinson William Blake and several other poets The Poet and the Fly brings together the poetry the flies and the poets own lives to explore the imaginative and often prophetic insights that come from the startling combination of poetry and flies Ultimately the message each poet offers to us through the fly is as relevant today as it was in their own time the miracle of existence the gift of mortality the power of the imagination the need for compassion the existence of the soul the mystery of everything around us and the sacramental grace giving power of story

The Subtle Knot Lianne Habinek,2018-06-06 In the early modern period poetic form underpinned and influenced scientific progress The language and imagery of seventeenth century writers and natural philosophers reveal how the age old struggle between body and soul led to the brain's emergence as a curiosity in its own right Investigating the intersection of the humanities and sciences in the works of authors ranging from William Shakespeare and John Donne to William Harvey Margaret Cavendish and Johann Remmelin Lianne Habinek tells how early modernity came to view the brain not simply as grey matter but as a wealth of other wondrous possibilities a book in which to read the soul's writing a black box to be violently unlocked a womb to nourish intellectual conception a creative engine a subtle knot that traps the soul and thereby makes us human For seventeenth century thinkers she argues these comparisons were not simply casual metaphors but integral to early ideas about brain function Demonstrating how the disparate fields of neuroscientific history and literary studies converged The Subtle Knot tells the story of how the mind came to be identified with the brain

Camino al corazón 3 EDITORIAL SANTA MARIA,Laurence Freeman y varios, John Main dijo que cada vez que nos sentamos a meditar entramos en una tradición viva Este libro es una introducción a esta tradición que es una transmisión personal de sabiduría La tradición es por definición una experiencia dinámica y fluida y ciertamente no sólo un nostálgico mirar hacia atrás a un imaginario pasado También dijo que la meditación verifica las verdades de nuestra fe en nuestra propia experiencia Esto significa que la mejor manera de leer este libro es combinar el estudio y la práctica El estudio de la tradición es una rica experiencia en sí misma Nos encontramos con una virtualmente inagotable y diversa colección de registros personales del viaje interior Hombres y mujeres de todas las

profesiones en muchas culturas nos han dejado su descripción más íntima y profunda de lo que encontraron cuando hicieron la peregrinación contemplativa de la cabeza al corazón. Ver lo que tienen en común en toda su diversidad increíble se convierte en un descubrimiento esencial de la fe cristiana madura. Durante mucho tiempo esta tradición mística estuvo oculta o marginada en la vida de la Iglesia. Ahora está siendo redescubierta y colocada nuevamente en el centro de todas las formas de vida cristiana. Este texto ayudará a muchos a reconectarse con su propia tradición de sabiduría. Ser un maravilloso viaje de reconocimiento de sí mismos en las crónicas de viaje dejadas por sus predecesores. Este libro se inicia con un curso Las raíces del misticismo cristiano que se ofrece ahora en muchas partes de la Comunidad Mundial para la Meditación Cristiana WCCM.

John Donne John Donne, 2004 Volume four on seventeenth century spiritual writing John Donne 1572-1631 was one of the most outstanding of the metaphysical poets. Born Roman Catholic he became an Anglican Priest and was Dean of St Paul's. His poetry covers both religious and secular themes. **A Passionate Balance** Alan Bartlett, 2007 A clear and inclusive account of the broad rich and developing core of Anglican spirituality as it has evolved through history. Highlighting its complexity fallibility occasional hesitancy Bartlett suggests that Anglican spirituality and theology has the potential to be an effective post modern expression of the Christian faith. Metaphysical Shadows Sean H. McDowell, 2022-03-01 *Metaphysical Shadows* The Persistence of Donne Herbert Vaughan and Marvell in Contemporary Poetry examines the ways in which the poetry of John Donne George Herbert Henry Vaughan and Andrew Marvell continues to speak to working poets today. Modern Anglophone poets from T.S. Eliot and Archibald MacLeish in the 1920s and 1930s to Seamus Heaney Maureen Boyle Alfred Corn Anne Cluysenaar Kimberly Johnson and Jericho Brown in the twenty first century have found in the work of John Donne George Herbert Henry Vaughan and Andrew Marvell a strikingly modern intellectualism an emotional intensity and a verbal richness that have inspired their own poems. Traces of this inspiration appear in echoes allusions direct responses and similarities in approach and method as poets create new work in their own distinct voices. Such contemporary engagements furnish us with cues for how literary studies might approach the literature of the past without sacrificing it in the name of critique. They also demonstrate the continuing relevance of seventeenth century English metaphysical poetry in the twenty first century. The poems of Donne Herbert Vaughan and Marvell still have the power to cast shadows. *The British National Bibliography* Arthur James Wells, 2003 **Sacred Tongues** David Scott, 2001 Offers an introduction to the life and thought of five 17th century spiritual writers explores the links between them and looks at the ways in which their influence is seen to the present day. Theosophical Quarterly, 1935 The Theosophical Quarterly, 1936 **The Christian Century**, 1961 *Twentieth-century British Literature* Harold Bloom, 1985 Spine title Volume 1 A D A portrait of British authors. Comprehensive Dissertation Index, 1989 New York Herald Tribune Book Review, 1960 Booksellers, Stationers and Fancy Goods Journal of Australia and New Zealand, 1929 Selected Writings of Thomas Traherne Thomas Traherne, 1980 Thomas Traherne's poems were discovered in London in 1896 and originally assigned in

error to Henry Vaughan Later scholarship has established their true authorship Traherne 1637 1674 was a remarkable religious writer The son of a Hereford shoe maker he was well educated took religious orders and pursued a varied career Prior to the discovery of his poems he was best known for his Centuries of Meditations of which passages from the third are most widely anthologised The visionary precision of his prose characterises his verse as well he is a not altogether orthodox mystic and in his best work a fine writer altogether Dick Davis himself a notable young poet presents a selection from the full range of Traherne s poetry and prose and provides a critical and biographical introduction *New Statesman Society* ,1992
Dissertation Abstracts International ,1970 *The New York Times Book Review Index, 1896-1970: Subject index* ,1973
