The Transnational in Literary Studies Kai Wiegandt, 2020-07-06 This volume clarifies the meanings and applications of the concept of the transnational and identifies areas in which the concept can be particularly useful The division of the volume into three parts reflects areas which seem particularly amenable to analysis through a transnational lens The chapters in Part 1 present case studies in which the concept replaces or complements traditionally dominant concepts in literary studies These chapters demonstrate for example why some dramatic texts and performances can better be described as transnational than as postcolonial and how the transnational underlies and complements concepts such as world literature Part 2 assesses the advantages and limitations of writing literary history with a transnational focus These chapters illustrate how such a perspective loosens the epistemic stranglehold of national historiographies but they also argue that the transnational and national agendas of literary historiography are frequently entangled The chapters in Part 3 identify transnational genres such as the transnational historical novel transnational migrant fiction and translinguistic theatre and analyse the specific poetics

and politics of these genres **Indian Writing in English** Amar Nath Prasad, 2004 Contributed articles **The Bedtrick** Wendy Doniger, 2022-08-22 Somehow I woke up one day and found myself in bed with a stranger Meant literally or figuratively this statement describes one of the best known plots in world mythology and popular storytelling In a tour that runs from Shakespeare to Hollywood and from Abraham Lincoln to Casanova the erudite and irrepressible Wendy Doniger shows us the variety danger and allure of the bedtrick or what it means to wake up with a stranger The Bedtrick brings together hundreds of stories from all over the world from the earliest recorded Hindu and Hebrew texts to the latest item in the Weekly World News to show the hilariously convoluted sexual scrapes that people manage to get themselves into and out of Here you will find wives who accidentally commit adultery with their own husbands You will read Lincoln's truly terrible poem about a bedtrick You will learn that in Hong Kong the film The Crying Game was retitled Oh No My Girlfriend Has a Penis And that President Clinton was not the first man to be identified by an idiosyncratic organ At the bottom of these wonderful stories ancient myths and historical anecdotes lie the dynamics of sex and gender power and identity Why can't people tell the difference in the dark Can love always tell the difference between one lover and another And what kind of truth does sex tell Funny sexy and engaging The Bedtrick is a masterful work of energetic storytelling and dazzling scholarship Give it to your spouse and your lover **National Conference on Local Color Literature** Dr.S.Prabakar,

Performance and Performativity in Contemporary Indian Fiction in English Maria-Sabina Draga Alexandru, 2015-02-04 This book starts with a consideration of a 1997 issue of the New Yorker that celebrated fifty years of Indian independence and goes on to explore the development of a pattern of performance and performativity in contemporary Indian fiction in English Salman Rushdie Arundhati Roy and Vikram Chandra Such fiction which constructs identity through performative acts is built around a nomadic understanding of the self and implies an evolution of narrative language towards performativity whereby the text itself becomes nomadic A comparison with theatrical performance Peter Brook's Mahabharata and Girish Karnad's theatre of roots serves to support the argument that in both theatre and fiction the concepts of performance and performativity transform classical Indian mythic poetics In the mythic symbiosis of performance and storytelling in Indian tradition within a cyclical pattern of estrangement from and return to the motherland and or its traditions myth becomes a liberating space of consciousness where rigid categories and boundaries are transcended

II,2009-03-26 Different symbolic traditions have different ways of describing the shift of awareness toward sacred events While not conforming to familiar states of phenomenality this shift of awareness corresponds to Turner's liminal phase Artaud's metaphysical embodiment Grotowski's translumination Brook's holy theater and Barba's transcendent theater all of which are linked to the Advaitan taste of a void of conceptions This book argues that by allowing to come what Derrida calls the unsayable the theater of Tom Stoppard David Henry Hwang Caryl Churchill Sam Shepard Derek Walcott and Girish Karnad induces characters and spectators to deconstruct habitual patterns of perception attenuate the content of consciousness and taste the void of conceptions As the nine plays discussed in this book suggest the internal observer lies behind all cultural constructs as a silent beyondness and immanently within knowledge as its generative condition of unknowingness The unsayable and the language used to convey it that Derrida finds in literature has clear affinities with the Brahman Atman of Advaita Vedanta Derridean deconstruction contains as a subtext the structure of consciousness that it both veils with the undecidable trappings of the mind and allows to come as an unsayable secret through a play of difference Although Derrida views theater and the text as mutually deconstructing and claims that presence or unity has always already begun to represent itself the six playwrights discussed here show that cultural performance indeed points through its universally ambiguous and symbolic types toward a transverbal transcultural wholeness **Drama's Kaleidoscope: The**
