Wounded By Love The Life And Wisdom Of Saint Porphyrios:

Wounded by Love Porphyrios (Gerōn), 2005 **Church in the Land of Desire** Edward Rommen, 2021-03-18 According to William Leach religious communities that have come to North America have not been able to withstand the damaging influence of its consumer oriented society which has subverted ecclesial customs values and practices Rather than resisting most of these groups have sought to integrate Christianity into the new culture By doing so they run the risk of marginalizing the church and fundamentally altering its teachings and practice Of course the real danger does not reside in the occasional use of isolated elements of our culture the unreflected application of any technology available the replacement of traditional ecclesial practices with the techniques of the business world or even the substitution of ecclesial foundations of authority Rather danger lies in a set of fundamental principles that together define a basic orientation which is naturally and almost mindlessly attracted to these secular devices sees no harm in them justifies and amplifies their effects and effectively supplants the mind of Christ which is supposed to govern the church This study analyzes and documents the effects of that mindset and calls us back to the biblical and traditional alternatives that alone can bring healing and recovery to the church

Moving beyond Theoria toward Theosis Justin A. Davis, 2024-06-10 Moving Beyond Theoria Towards Theosis focuses on the telos of man as understood in Plato's theoria envisioned in the allegory of the cave and early Christian reinterpretation of theoria as theosis In his famed allegory of the cave Plato maintains that real life exists beyond our base perceptions of reality and is found in the realm of ideas Theoria is eternal rest in this realm and is understood as the telos of mankind Plato's theoria underwent change as it was reinterpreted under middle Platonic and neo Platonic thought These systems incorporated a more mature idea of the divine than Plato but still minimized the material world This book explores how early Christianity inherited Plato's cosmology and terminology Theoria was also reinterpreted within the Christian context Eventually the term was abandoned for theosis Theosis is beyond theoria as it includes contemplation of the forms as well as union with the source of the forms and the affirmation of the material realm In this volume Justin A Davis shows how the Orthodox use of icons can be key to understanding theosis The icon is a material object that connects to a higher reality and ultimately toward union with the divine Plato's cosmology is collapsed and transfigured in union with the uncreated energy of God Icons are the depiction of spiritual ascesis and the new telos of man theosis *In the House of My Pilgrimage* Donald Sheehan, 2023-09-19 Don Sheehan's early life plagued by his father's alcoholic violence was at the same time blessed by the good stories this intelligent man read aloud to his children In his teens unhappy in school Don joined a street gang and then the Army Reserves where he found he had renounced violence On his eighteenth birthday happening upon his post library he walked straight to a book of Japanese poems It went in turn straight to his heart for eight hours He'd come home at last The house of Don's pilgrimage encompasses a wide territory spiritual lyric scholarly usually all at once At our best what we can take from engaging these essays is a way of falling into the heart to embrace suffer and in Christ transfigure the world's

ruining oppositions In doing so we fulfill what St Maximus the Confessor saw as our human calling to unify the polarities embedded in God's creation and thus make not only ourselves but all Creation whole

THE CULTURE WAR Hanne Nabintu Herland, 2017-09-21 The Culture War How the West lost its greatness and was weakened from within outlines how the West lost its values causing its current decline It is a forceful attack on the extreme liberal anti religious ideology which since the 1960s has permeated the Western culture and weakened its very core The West is now characterized by strict elitist media censorship hedonism a culture of drug abuse abortion ethnic clashes and racial divide a destructive feminism and the dramatic breakdown of the family An ultra rich elite pushes our nations into a new authoritarian globalist structure with no respect for Western historical values Yet even in the darkest hour there is hope This manifesto outlines the remedy for the current malaise and describes the greatness of our traditional and religious values that once made our civilization prosper It shows how we can restore these values to bring back justice mercy faith honesty fidelity kindness and respect for one another Virtues that will motivate individuals to love one another the core of what will make us great again

In the Stillness, Waiting Nicholas Worssam, SSF, 2025-10-15 A masterly distillation of the central teachings of the Eastern Christian tradition of prayer and discipleship Rowan Williams former Archbishop of Canterbury Many are familiar with the Orthodox Jesus Prayer also known as the prayer of the heart as a central prayer for monastics but there is much more to discover about its tradition of contemplation as a grounding both for the interior spiritual life and for compassionate action in the world Nicholas Worssam Franciscan friar and theologian reflects on the wealth of Eastern Orthodox Christian spirituality through the teachings of its key figures and texts including Evagrius of Pontus John Climacus Isaac of Syria Maximus the Confessor Symeon the New Theologian and Gregory Palamas In the Stillness Waiting provides an accessible introduction to these saints of Eastern Christianity and how they serve as wise spiritual guides for all Christians today

Knowing the Way (Third Edition) Edward Kleinguetl, 2025-06-18 A powerful spiritual roadmap rooted in truth tradition and timeless hope Relativism secularism sectarianism wokeness political correctness increased hostility towards Christian values and the Church desertion by the flock does anyone else feel like we have become strangers in a strange land Our world has gone bonkers Today we live in a society that has largely forgotten God and being separated from him the results are evident Increasing restlessness selfishness depression despair hopelessness and nihilism This is not the life God desires for us If we find ourselves lost or separated from the Source of Life we need to find our way back But how Jesus told us I am the way and the truth and the life No one comes to the Father except through me John 14:6 It's time to reexamine how to attain the abundant life that Jesus promised us Happiness and fulfillment in this life and the life to come We do not need to overthink it childlike simplicity Cf Mark 10:15 We just need to return to the principles of our faith the right faith being a living relationship with the ever living God Oh Christian who has gotten drunk on love of the world Sober up while there is still time and look for the heavenly blessings that God promised to those who love him lest you seek them later but do not receive them St Tikhon of Zadonsk

Being Orthodox Martin Dudley, 2019-07-18 Martin's book is the delighted exclamation of someone who has learnt is learning to swim in the ocean that is Orthodoxy. Come on in it is lovely here. Andrew Louth. Until now there has been little in the way of an accessible guide for those who seek to become or live as Orthodox Christians. A new convert himself, Martin Dudley is familiar with the questions, feelings and challenges that arise. He explains that to grasp Orthodoxy we must think and act as the Orthodox do. This involves suspending the Western analytical tendency and allowing free rein to the synthetic tendency which enables us to detect a unity and perceive however dimly the interaction between the parts and the whole in relation to God and the Church. The author draws on a wealth of material from the Church Fathers to straight talking Mother Thekla to explore the essentials of belief. He provides guidance on participating in the Liturgy, the requirements for fasting, confession and Orthodox prayer. In celebrating the culture of Orthodoxy shaped by many different ethnicities and languages gloriously expressed in art, music and literature, this volume fully conveys the rigour and joy of becoming and being Orthodox.

NEW LEFT TYRANNY Hanne Herland, 2020-05-09 New Left Tyranny shows how the neo-Marxist New Left turned their back on historical Western principles and became a destructive authoritarian force. It abandoned the working class. By systematically attacking traditional values and inciting hateful Identity Politics, they created a dysfunctional society characterized by social anarchy, selfishness and a lack of personal responsibility. This is a remarkable book by a remarkable person. Excellent work. Dr Paul Craig Roberts, leading American political economist. Hanne Nabintu Herland is a Scandinavian bestselling author, historian of comparative religions and founder of The Herland Report.

Lacanian Psychoanalysis and Eastern Orthodox Christian Anthropology in Dialogue Carl Waitz, Theresa Tisdale, 2021-10-26 This book vigorously engages Lacan with a spiritual tradition that has yet to be thoroughly addressed within psychoanalytic literature: the Eastern Orthodox Christian tradition. The book offers a unique engagement with a faith system that highlights and extends analytic thinking. For those in formation within the Orthodox tradition, this book brings psychoanalytic insights to bear on matters of faith that may at times seem opaque or difficult to understand. Ultimately, the authors seek to elicit in the reader the reflective and contemplative posture of Orthodoxy as well as the listening ear of analysis while considering the human subject. This work is relevant and important for those training in psychoanalysis and Orthodox theology or ministry as well as for those interested in the intersection between psychoanalysis and religion.
