Woven Gold Tapestries Louis XIV:

Woven Gold Charissa Bremer-David, 2015-12-15 Meticulously woven by hand with wool silk and gilt metal thread the tapestry collection of the Sun King Louis XIV of France represents the highest achievements of the art form Intended to enhance the king's reputation by visualizing his manifest glory and to promote the kingdom's nascent mercantile economy the royal collection of tapestries included antique and contemporary sets that followed the designs of the greatest artists of the Renaissance and Baroque periods including Raphael Giulio Romano Rubens Vouet and Le Brun Ranging in date from about 1540 to 1715 and coming from weaving workshops across northern Europe these remarkable works portray scenes from the bible history and mythology As treasured textiles the works were traditionally displayed in the royal palaces when the court was in residence and in public on special occasions and feast days They are still little known even in France as they are mostly reserved for the decoration of elite state residences and ministerial offices This catalogue accompanies an exhibition of fourteen marvelous examples of the former royal collection that will be displayed exclusively at the J Paul Getty Museum at the Getty Center from December 15 2015 to May 1 2016 Lavishly illustrated the volume presents for the first time in English the latest scholarship of the foremost authorities working in the field *Louis XIV* Aurora von Goeth, Jules Harper, 2020-01-31 A concise straightforward biography of the seventeenth century French monarch and his seventy two year reign Innovator Tyrant Consummate showman Passionate lover of women After the death of King Louis XIII in 1643 the French crown went to his first born son and heir four year old Louis XIV In the extraordinary seventy two years that followed Louis le Grand France's self styled Sun King ruled France and its people leaving his unique and permanent mark on history and shaping fashion art culture and architecture like none other before This frank and concise book gives the reader a personal glimpse into the Sun King's life and times as we follow his rise in power and influence from a miraculous royal birth no one ever expected to the rise of king as absolute monarch through the evolution of the glittering Chateau de Versailles scandals and poison four wars and many more mistresses right up to his final days Absolute monarch Appointed by God This is Louis XIV the man We will uncover his glorious and not so glorious obsessions His debilitating health issues His drive and passions And we will dispel some myths plus reveal the people in his intimate circle working behind the scenes on the Louis propaganda machine to ensure his legacy stayed in the history books forever This easy to read narrative is accompanied by a plethora of little known artworks so if you're a Louis XIV fan or student or just eager to know more about France's most famous king we invite you to delve into court life of seventeenth century French aristocracy the period known as Le Grand Siècle The Grand Century **Versailles Mirrored** Robert Wellington, 2025-09-04 Why has Louis XIV's Palace of Versailles defining symbol of hedonistic opulence in 17th century France and synonymous with the notion of the divine right of kings continued to shape the aesthetics of cultural capital in the centuries since his death In *Versailles Mirrored* Robert Wellington tracks this enduring fascination with the Sun King's palace through eight case studies spanning the 17th to 21st centuries

The book demonstrates how the extravagant palace style began as a symbol of the state in the 17th century how it was adopted by the nouveau riche to show off their financial success in the 19th century and remarkably how that palace look returned to play a role in statecraft in the hands of US President Donald Trump Wellington links the aristocratic architectural traditions of France England and Germany to North America through the lens of Versailles French architecture and the decorative arts Opening with a brief overview of the history of Versailles and the political and cultural motivations of its creation subsequent chapters address aristocratic buildings in France and Germany built by the Sun King s contemporaries historicism in the 19th century in Britain Germany and America and the present day with Trump s buildings and Ch teau Louis XIV known as the world s most expensive home purchased by the Crown Prince of Saudi Arabia In uncovering the motivations of those patrons the book ultimately reveals why Versailles remains a powerful point of reference for those who wish to flaunt their social cultural and political capital

Tapestries George Leland Hunter, 1912

The Sun King at Sea Meredith Martin, Gillian Weiss, 2022-01-04 This richly illustrated volume the first devoted to maritime art and galley slavery in early modern France shows how royal propagandists used the image and labor of enslaved Muslims to glorify Louis XIV Mediterranean maritime art and the forced labor on which it depended were fundamental to the politics and propaganda of France s King Louis XIV r 1643 1715 Yet most studies of French art in this period focus on Paris and Versailles overlooking the presence or portrayal of galley slaves on the kingdom s coasts By examining a wide range of artistic productions ship design artillery sculpture medals paintings and prints Meredith Martin and Gillian Weiss uncover a vital aspect of royal representation and unsettle a standard picture of art and power in early modern France With an abundant selection of startling images many never before published *The Sun King at Sea* emphasizes the role of esclaves turcs enslaved Turks rowers who were captured or purchased from Islamic lands in building and decorating ships and other art objects that circulated on land and by sea to glorify the Crown Challenging the notion that human bondage vanished from continental France this cross disciplinary volume invites a reassessment of servitude as a visible condition mode of representation and symbol of sovereignty during Louis XIV s reign

Conundrum Charissa Bremer-David, 2015-12-15 The whimsical imagery of four tapestries in the permanent collection of the J Paul Getty Museum and currently on display at the Getty Center is perplexing Created in France at the Beauvais manufactory between 1690 and 1730 these charming hangings unlike most French tapestries of the period appear to be purely decorative with no narrative thread no theological moral and no allegorical symbolism They belong to a series called the Grotesques inspired by ancient frescos discovered during the excavation of the Roman emperor Nero s Domus Aurea or Golden House but the origins of their mysterious subject matter have long eluded art historians Based on seven years of research *Conundrum* Puzzles in the Grotesques Tapestry Series reveals for the first time that the artist responsible for these designs Jean Baptiste Monnoyer

1636 1699 actually incorporated dozens of motifs and vignettes from a surprising range of sources antique statuary Renaissance prints Mannerist tapestry and Baroque art as well as contemporary seventeenth century urban festivals court spectacle and theater Conundrum illustrates the most interesting of these sources alongside full color details and overall views of the four tapestries The book's informative and engaging essay identifies and decodes the tapestries intriguing visual puzzles enlightening our understanding and appreciation of the series unexpectedly rich intellectual underpinnings *The Caesar of Paris* Susan Jaques, 2018-12-04 Napoleon is one of history's most fascinating figures But his complex relationship with Rome both with antiquity and his contemporary conflicts with the Pope and Holy See have undergone little examination In *The Caesar of Paris* Susan Jaques reveals how Napoleon's dueling fascination and rivalry informed his effort to turn Paris into the new Rome Europe's cultural capital through architectural and artistic commissions around the city His initiatives and his aggressive pursuit of antiquities and classical treasures from Italy gave Paris much of the classical beauty we know and adore today Napoleon had a tradition of appropriating from past military greats to legitimize his regime Alexander the Great during his invasion of Egypt Charlemagne during his coronation as emperor even Frederick the Great when he occupied Berlin But it was ancient Rome and the Caesars that held the most artistic and political influence and would remain his lodestars Whether it was the Arc de Triomphe the Venus de Medici in the Louvre or the gorgeous works of Antonio Canova Susan Jaques brings Napoleon to life as never before
