Unspeakable Acts Why Men Sexually Abuse Children:

Unspeakable Acts Doug W. Pryor, 1996-07-01 A holistic sociological approach that explores why offenders sexually abuse children The sexual abuse of children is one of the most morally unsettling and emotionally inflammatory issues in American society today It has been estimated that roughly one out of every four girls and one in ten boys experience some form of unwanted sexual attention either inside or outside the family before they reach adulthood How should society deal with the sexual victimization of children Should known offenders be released back into our communities If so where and with what rights should they be allowed to live In **Unspeakable Acts** Douglas W Pryor argues that much of this debate designed to deal with abusers after they have offended ignores the important issue of why men cross these forbidden sexual boundaries to molest children in the first place and how the behavior can possibly be prevented before it starts Incorporating in depth interviews with more than thirty convicted child molesters Pryor explores how men become involved with breaking sexual boundaries with children He looks at how their lives prior to offending contributed to and led up to what they did the ways that initial interest in sex with children began the tactics offenders employed to molest their victims over time how they felt about and reacted to their behavior between offending episodes and how they were ultimately able to stop The author expands our understanding of this often reviled little understood group leaving us with the uneasy conclusion that the moral wall separating us from what is defined as extreme sick behavior is not as opaque as we would like to believe **Childhood**

Dennis reveals the powerful and intriguing stories of Jamaican male sexual abuse survivors but also divulges unknown facts about Jamaican society, including the concept that homosexuality is an evil act punishable by imprisonment of up to ten years of hard labor. Yet each week in Jamaica, there are over fifteen reported cases of sexual abuse of young men and boys, many more cases go unreported because men fear for their lives if they disclose the abuse. Dennis also provides a list of resources to assist in recovering from sexual abuse. The cries of men have been kept silent far too long in Jamaica. Dennis will inspire you

with his own personal story of survival and will teach you that through the truth you can create your own happiness
