

Urban African American

Christopher Silver, John V. Moeser

Urban African American:

River Jordan Joe William Trotter, 1998-03-19 Since the nineteenth century the Ohio River has represented a great divide for African Americans. It provided a passage to freedom along the underground railroad and during the industrial age it was a boundary between the Jim Crow South and the urban North. The Ohio became known as the River Jordan, symbolizing the path to the promised land. In the urban centers of Pittsburgh, Cincinnati, Louisville, and Evansville, blacks faced racial hostility from outside their immediate neighborhoods as well as class color and cultural fragmentation among themselves. Yet despite these pressures, African Americans were able to create vibrant new communities as former agricultural workers transformed themselves into a new urban working class. Unlike most studies of black urban life, Trotter's work considers several cities and compares their economic conditions, demographic makeup, and political and cultural conditions. Beginning with the arrival of the first blacks in the Ohio Valley, Trotter traces the development of African American urban centers through the civil rights movement and the developments of recent years. **African American Urban Experience** Earl Lewis, Tera W. Hunter, 2004

Social Work Practice with African Americans in Urban Environments Rhonda Wells-Wilbon, 2015-09-08 The experiences of African Americans in urban communities are distinct from those of other ethnic groups and to be truly understood require an in-depth appreciation of the interface between micro and macro level factors. This sweeping text, an outgrowth of a groundbreaking urban social work curriculum, focuses exclusively on the African American experience through field education, community engagement, and practice. It presents a framework for urban social work practice that encompasses a deep understanding of the challenges faced by this community. From a perspective based on empowerment, strengths, resilience, cultural competence, and multiculturalism, the book delivers proven strategies for social work practice with the urban African American population. It facilitates the development of creative thinking skills and the ability to meet people where they are, skills that are often necessary for true transformation to take root. The book describes an overarching framework for understanding and practicing urban social work, including definitions and theories that have critical implications for working with people in such communities. It encompasses the contributions of African American pioneers regarding a response to such challenges as poverty, oppression, and racism. Focusing on the theory, practice, and policy aspects of urban social work, the book examines specific subsets of the urban African American population, including children, adults, families, and older adults. It addresses the challenges of urban social work in relation to public health, health and mental health, substance abuse, criminal justice, and violence prevention. Additionally, the book discusses how to navigate the urban built environment and the intersection between African Americans and other diverse groups. Chapters include outcome measures of effectiveness, case studies, review questions, suggested activities, and supplemental readings. **KEY FEATURES** Fills a void in the literature on urban social work practice with African Americans. Presents the outgrowth of a renowned urban curriculum, field education, research, community engagement, and practice. Fulfills the requirements of the CSWE in the

Educational Policy and Accreditation Standards regarding diversity Synthesizes micro mezzo and macro content in each chapter Provides contributions from African American pioneers in urban social work practice Accompanying Instructor s Manual and PowerPoint Slides **From TB to AIDS** David McBride,1991-01-01 McBride history and Afro American studies SUNY Binghamton describes the nature and sociomedical perceptions of the diseases that most gravely affected America s black population from the beginning of the century to the late 1980s Annotation copyrighted by Book News Inc Portland OR

Segregation, Poverty, and Mortality in Urban African Americans Anthony P. Polednak,1997 This book brings together the results of several studies examining mortality rates for African Americans in selected U S urban areas in relation to both social class and the degree of black white residential segregation **Social Work Practice with African Americans in Urban Environments** Halaevalu F.O. Vakalahi,Rhonda Wells-Wilbon,Anna R. McPhatter,2015-09-08 The experiences of African Americans in urban communities are distinct from those of other ethnic groups and to be truly understood require an in depth appreciation of the interface between micro and macro level factors This sweeping text an outgrowth of a groundbreaking urban social work curriculum focuses exclusively on the African American experience through field education community engagement and practice It presents a framework for urban social work practice that encompasses a deep understanding of the challenges faced by this community From a perspective based on empowerment strengths and resilience cultural competence and multi culturalism the book delivers proven strategies for social work practice with the urban African American population It facilitates the development of creative thinking skills and the ability to meet people where they are skills that are often necessary for true transformation to take root The book describes an overarching framework for understanding and practicing urban social work including definitions and theories that have critical implications for working with people in such communities It encompasses the contributions of African American pioneers regarding a response to such challenges as poverty oppression and racism Focusing on the theory practice and policy aspects of urban social work the book examines specific subsets of the urban African American population including children adults families and older adults It addresses the challenges of urban social work in relation to public health health and mental health substance abuse criminal justice and violence prevention Additionally the book discusses how to navigate the urban built environment and the intersection between African Americans and other diverse groups Chapters include outcome measures of effectiveness case studies review questions suggested activities and supplemental readings Key Features Fills a void in the literature on urban social work practice with African Americans Presents the outgrowth of a renowned urban curriculum field education research community engagement and practice Fulfills the requirements of the CSWE in the Educational Policy and Accreditation Standards regarding diversity Synthesizes micro mezzo and macro content in each chapter Provides contributions from African American pioneers in urban social work practice Urban Planning and the African-American Community June Manning Thomas,1997 Clarifying the historical connections between the African

American population in the United States and the urban planning profession this book suggests means by which cooperation and justice may be increased Chapters examine the racial origins of zoning in US cities how Eurocentric family models have shaped planning processes of cities such as Los Angeles and diversifying planning education in order to advance the profession There is also a chapter of excerpts from court cases and government reports that have shaped or reflected the racial aspects of urban planning

The African American Urban Experience J. Trotter, E. Lewis, T. Hunter, 2004-03-17 From the early years of the African slave trade to America blacks have lived and laboured in urban environments Yet the transformation of rural blacks into a predominantly urban people is a relatively recent phenomenon only during World War One did African Americans move into cities in large numbers and only during World War Two did more blacks reside in cities than in the countryside By the early 1970s blacks had not only made the transition from rural to urban settings but were almost evenly distributed between the cities of the North and the West on the one hand and the South on the other In their quest for full citizenship rights economic democracy and release from an oppressive rural past black southerners turned to urban migration and employment in the nation's industrial sector as a new Promised Land or Flight from Egypt In order to illuminate these transformations in African American urban life this book brings together urban history contemporary social cultural and policy research and comparative perspectives on race ethnicity and nationality within and across national boundaries

The Separate City Christopher Silver, John V. Moeser, 2014-07-15 A ground breaking collaborative study merging perspectives from history political science and urban planning The Separate City is a trenchant analysis of the development of the African American community in the urban South While similar in some respects to the racially defined ghettos of the North the districts in which southern blacks lived from the pre World War II era to the mid 1960s differed markedly from those of their northern counterparts The African American community in the South was and to some extent still is a physically expansive distinct and socially heterogeneous zone within the larger metropolis It found itself functioning both politically and economically as a separate city a city set apart from its predominantly white counterpart Within the separate city itself internal conflicts reflected a structural divide between an empowered black middle class and a larger group comprising the working class and the disadvantaged Even with these conflicts the South's new black leadership gained political control in many cities but it could not overcome the economic forces shaping the metropolis The persistence of a separate city admitted to the profound ineffectiveness of decades of struggle to eliminate the racial barriers with which southern urban leaders indeed all urban America continue to grapple today

The African American Urban Male's Journey to Success Mead Goedert, 2016-06-14 The African American Urban Male's Journey to Success Psychoanalytic Perspectives on Race Gender and Social Class is an exploration of the interconnected nature of psychodynamics and social factors especially in relation to experiences with success Goedert uses a psychoanalytic lens to examine the roles of race gender and social class in the experiences of five professional African American men who transcended their origins in urban poverty Through

rich quotes and depictions this book thematically explores the commonalities between each of their interpersonal and intrapsychic experiences and provides implications for future research policy and practice Recommended for scholars of psychology sociology social work race studies and gender studies **Urban African American Health Care** Eric J. Bailey,1991 Based upon research in two major cities Detroit and Houston this study investigates the multitude of factors cultural historical psychosocial and sociocultural which influences whether or not an African American seeks health care from a variety of sources It is intended for health professionals health administrators social workers and the general public who want to know more about African American health beliefs and practices and are perhaps attempting to construct intervention strategies for local communities Contents Southeastern Michigan Urban African American Health Care Cultural Historical Background of Detroit African Americans Research Methods Health Expressions A Quantitative Analysis Health Care Seeking Patterns A Qualitative Analysis Intervention Strategies for Urban African Americans [African American Students in Urban Schools](#) James L. Moore (III.),2012 ItI African American Students in Urban Schools offers readers a critical yet comprehensive examination of the issues affecting African American students outcomes in urban school systems and beyond Across disciplines including teacher education school counseling school psychology gifted education career and technical education higher education and more chapters use theoretical and conceptual analysis and research based evidence to examine the unique challenges facing urban African American students and illustrate what can be done to help This book will enable readers to better understand many of the complex and multifaceted dilemmas faced by today s urban school systems and will motivate readers to make a commitment to improve urban schools for the betterment of African American students **Side Chick Problems** Solae Dehvine,2017-12-29 Being a side chick has many perks but with greatness comes sacrifice As twin sisters Donesha and Lanesha go through life they see how different they are and yet they both have the same taste in men All hell breaks loose when the sisters run into problem after problem and where there is an issue a man isn t far behind Can the sisters solve their personal issues and remain a family Find out in part 1 of Side Chick Problems an African American Romance Keywords side chick side chick romance african american romance urban books urban books free urban urban fiction urban street fiction urban african american free book freebie free book free ebook free urban books black authors free african american books free [Urban Planning and the African-American Community](#) June Manning Thomas,Marsha Ritzdorf,1997 How have urban planning policies contributed to racial injustices in American cities Does contemporary urban planning really address and attempt to solve the social and economic problems of African Americans in cities or does it just perpetuate ghetto conditions What have African Americans done to confront injustices in planning Historically race and city design are linked and Urban Planning and the African American Community aims to clarify the historical connections between the African American population and the urban planning profession and to suggest means by which cooperation and justice may be increased The book focuses on the areas of zoning and real estate planning

and public policy African American initiatives and responses to urban planning and urban planning education Individual chapters examine the racial origins of zoning in American cities how Eurocentric family models have shaped planning policies applied to African American families the rise of equity planning and its effects the role of race and empowerment in the Model Cities experiment African American experiences with shaping the planning of such cities as Los Angeles Greensboro and Birmingham and provides a plan for diversifying planning education in order to advance the profession The editors also include a chapter of excerpts from important court cases and government reports that have shaped or reflected the racial aspects of urban planning This important new volume bridges the gap between urban planning and issues of race and will be an essential resource for academics and students in urban studies urban planning and race ethnic studies

The Dark Side of Love Solae Dehvine,2020-01-03 Angels and Demons sometimes look the same in the flesh its the spirit we must examine Rya Montgomery finds this out the hard way As she navigates failed relationships she tries to find her way until she almost loses her life That experience changes something in Rya she s not the same And the only person that can make it right has a name that she can t remember Her desire for true love takes her on a journey and when Rya she thinks she s found a real angel life comes in to complicate things once again Now she must choose the old comfortable way of before or the adventurous new ride of the present Read to find out about Rya and all the other interesting beings in Dark Side of Love

Educational Reconstruction Hilary N. Green,2016-04-01 Tracing the first two decades of state funded African American schools Educational Reconstruction addresses the ways in which black Richmonders black Mobilians and their white allies created developed and sustained a system of African American schools following the Civil War Hilary Green proposes a new chronology in understanding postwar African American education examining how urban African Americans demanded quality public schools from their new city and state partners Revealing the significant gains made after the departure of the Freedmen s Bureau this study reevaluates African American higher education in terms of developing a cadre of public school educator activists and highlights the centrality of urban African American protest in shaping educational decisions and policies in their respective cities and states

African-American Adolescents in the Urban Community Judith Rozie-Battle,2013-12-02 Become a more effective social worker with this outstanding volume on inner city urban youth African American Adolescents in the Urban Community Social Services Policy and Practice Interventions examines contemporary issues confronting African American youth It highlights key areas such as health education the criminal justice system and youth development strategies An essential overview of the status of urban African American youth for students professionals working with this important population and policymakers this vital book proposes policy and programming considerations for today and for the future African American Adolescents in the Urban Community is a one stop view of ways to help African American youth experience responsibility and community involvement health concerns of this population including teen pregnancy alcohol and drug addiction and limited access to health care the challenges that lie ahead for

African American girls including crime poverty poor self esteem and peer pressure ways to help teenage fathers meet their financial and emotional obligations to their families police and prosecutorial policies that need to be examined and challenged to end the perception of a racially unjust system and much more Black Boston George August Levesque,2019

Looking for Harlem Maria Balshaw,2000-12-20 Taking the incredible flowering of African American literature in the 1920s as its starting point *Looking for Harlem* offers a cogent and persuasive new reading of a diverse range of twentieth century black American writing From the streets subways hotels and cabarets of New York s Harlem and Chicago s Southside Maria Balshaw moves beyond the canon to encompass often neglected writing by Rudolph Fisher Wallace Thurman and Claude McKay as well as the more familiar work of Richard Wright Ralph Ellison Nella Larsen and Toni Morrison In a provocative revision of African American literary history Balshaw examines the creation of an urban aesthetic and explores the links between the engagement with the city and fictional reconstructions of racial identity and race writing Focusing on the material culture of the city the visual sense of the urban environment the class dynamics of urban culture and the crucial importance of consumerism this study presents a critically astute challenging and very welcome new approach to a much studied area of contemporary American fiction **An Exploration of Urban African American Males' Postsecondary Life-pathway Choices** Hilton J. LaSalle (III),2014

When people should go to the books stores, search commencement by shop, shelf by shelf, it is truly problematic. This is why we give the book compilations in this website. It will certainly ease you to look guide **Urban African American** as you such as.
