and Silences of Edith Wharton's Women Isabelle Parsons,2025-03-11 Edith Wharton's sensitively observed portraits of women's lives a century ago resonate into the present day captivating readers now as they did then Threaded throughout her accounts is a rich seam of secrets and silences that reveals Wharton's keen grasp of the realities navigated by women and her astute use of withholding to tell their stories This book explores her frequent marshalling of secrets and silences presented as an integral part of her literary aesthetic to cast light on her enduring interest in women's experiences in private and public settings during the early twentieth century

Secular Muslim Feminism Hind Elhinnawy,2024-12-26 For over a century Muslim women have championed their own brand of feminism rooted in human rights principles and a deep understanding of their diverse cultural contexts Yet secular Muslim feminism remains shrouded in misunderstanding and contention This book boldly confronts the complexities and controversies surrounding this contested concept offering a nuanced exploration of its potential to bridge divides and empower women The book challenges the simplistic portrayals of Muslim women dismantling the harmful narratives of oppression and victimhood propagated by both Western and Islamist agendas It critiques the selective glorification of religious agency by some feminists recognizing how this can inadvertently reinforce patriarchal ideologies Additionally it exposes the hijacking of the secular Muslim feminist movement by the far right disguised as advocates for women's rights but fueled by anti Muslim sentiments Drawing on over two decades of personal observations and interactions with diverse organizations in the Middle East and Europe the book delves into the heart of secular Muslim feminism dissecting its nuances and potential to reconcile divergent perspectives It amplifies these voices challenging the misrepresentation and limitations imposed by external agendas Secular Muslim Feminism emerges as a bold and transformative force redefining the boundaries of equality and empowering women to shape their destinies It offers a nuanced and critical framework for understanding the complex realities of Muslim women's lives paving the way for a more just and equitable future

Making the New Middle East Valerie J. Hoffman,2019-02-28 Demands for freedom justice and dignity have animated protests and revolutions across the Middle East in recent years from the Iranian Green Movement and the Arab Spring uprisings to Turkey s March for Justice and the ongoing struggle in Palestine Although expectations raised by the Arab Spring were largely disappointed and protests that toppled entrenched rulers unleashed vicious

counterrevolutionary forces there is no doubt that the landscape of the Middle East has changed Drawing from diverse disciplines this volume offers critical perspectives on these changes covering politics religion gender dynamics human rights media literature and music What ultimately has changed in the new Middle East Who are the actors pushing the direction of change How are aspirations for change being expressed through media and the arts With extensive analysis and thoughtful reflection this book gives readers an in depth portrayal of a modernizing Middle East

Anthem of Misogyny Ibtissam Bouachrine, 2022-10-03 Anthem of Misogyny The War on Women in North Africa and the Middle East argues that misogyny which operates through an interconnected network of ideologies institutions beliefs aesthetics and cultural trends is too complex and too deep rooted to eradicate with superficial changes Like a national anthem misogyny in North Africa and the Middle East has acquired a sacred status It is accepted uncritically and woven effortlessly into daily practices creating a community of men of different ages educational levels and socioeconomic backgrounds who are united in their sense of entitlement to evaluate scrutinize deter question and expose women For women it is as if they are in a state of perpetual war forever on the verge of being accused of deviating from the norms and being punished These norms however are neither clear nor predictable This study of misogyny is written against a dominant orthodoxy in Western feminism Critics are accused of gendered orientalism savior complexes and even Islamophobia if they dare to bring up misogyny and gender based violence in North Africa and the Middle East in contexts other than calling it a Western created issue Rather than exaggerate Western agency this book is invested in making Muslim agency visible There are narratives of violence and injustice that produce discomfort anger and even despair These stories deserve to be told and those behind the injustices are entitled to an unfiltered portrayal because the non West too is deserving of unapologetic feminist critique
