Women in Frankish Society Suzanne Fonay Wemple, 2015-12-16 *Women in Frankish Society* is a careful and thorough study of women and their roles in the Merovingian and Carolingian periods of the Middle Ages During the 5th through 9th centuries Frankish society transformed from a relatively primitive tribal structure to a more complex hierarchical organization Suzanne Fonay Wemple sets out to understand the forces at work in expanding and limiting women's sphere of activity and influence during this time Her goal is to explain the gap between the ideals and laws on one hand and the social reality on the other What effect did the administrative structures and social stratification in Merovingian society have on equality between the sexes Did the emergence of the nuclear family and enforcement of monogamy in the Carolingian era enhance or erode the power and status of women Wemple examines a wealth of primary sources such as deeds, testaments, formulae, genealogy, ecclesiastical and secular court records, letters, treatises, and poems in order to reveal the enduring German, Roman, and Christian cultural legacies in the Carolingian Empire She attends to women in secular life and matters of law, economy, marriage, and inheritance as well as chronicling the changes to women's experiences in religious life from the waning influence of women in the Frankish church to the rise of female asceticism and monasticism **Illuminating**

Sanctity Maria R. Grasso, 2019-05-06 Maria R. Grasso's monograph on the twelfth-century illustrated vita of Saint Amand of Valenciennes. Bibliothèque municipale MS 500 presents new information regarding its contents The author's discovery and analysis of a second, almost complete set of preliminary drawings beneath another set of the same drawings demonstrates that important alterations were made prior to the execution of the cycle Grasso's discussion includes the probable reason for the change, the isolation of the terminating folio depicting the soul of Amand This important devotional image is the focus of detailed analysis since the soul of Amand rests in the lap of a male figure she convincingly identifies as Christ, an extremely unusual placement for the soul of a saint demonstrating the creativity of the artists *Gott und die Welt.
