Language and Beyond / Le langage et ses au-delà, 1998-01-01 The title of this book Language and Beyond suggests a dynamic relationship between two poles in which language is confronted with an otherness that is apparently fundamental to it and towards which it is seen to be reaching But what is the beyond of language Is it an object or an image Do images visual or aural actually constitute a beyond of language The interdependence of words might appear to perpetuate an absence instead and yet signs can also be seen to establish a presence by their very materiality The articles in this collection investigate and therefore postulate some form of dialogue between word and image but they also test semiotic borders examining the various shades of the interdependence conflict or dominance and the orientation of the relationship Ce livre s adresse aux sp cialistes chercheurs et tudians ainsi qu un public plus large aux lecteurs ouverts aux th ories m thodes et pratiques de la recherche interdisciplinaire Son titre sugg re un rapport dynamique entre le langage et ses au del s une bipolarit tour tour assum e et transgress e voire int rioris e Mais quels sont ces au del s Et comment les objets images sons ou repr sentations mentales sont ils investis ou r investis par le langage D s lors que la nature s quentielle de ce dernier semble souligner le caract re d riv et marginal de ses au del s il suffit au contraire de la mat rialit m me des signes pour les projeter au coeur de l expression verbale Les articles de ce recueil postulent un dialogue entre le mot et l image mais scrutent galemment les confins des syst mes de signes les modes et degr s de leurs interd pendances et de leurs oppositions
