A Help to the Study of the Holy Spirit William Edward Biederwolf, 1903

The Holy Spirit of God Donald W. French, 2009-06 This book is written in the format that Donald W

French uses of letting the Bible speak for itself This style of writing is much more unique than it should be in a country where a majority of the population claims to believe that the Bible is the inspired word of God It is the author s hope that this book will encourage others to study the Bible not only to better understand the Holy Spirit of God but to help encourage a manner of humbly reading the Bible in order to come to the understanding that God intended when He inspired the writing of the verses of the Bible The author firmly believes that this is the only way that there can ever be unity in the religious world unity not in diversity but in actuality
