too much about dragons Those unlucky enough to be seen within the city are captive beasts chained to industry and her family s continued support of what dragons remain in the wild has left them as outcasts on the edge of society Spark s only concern is to keep her family safe in the bubble of their farm When her unparalleled fireborn power draws the attention of her city s brutal magistrate he sends his dragons to kill Spark s entire family She narrowly escapes and must take refuge in the human settlement beneath the dragon city She sets up shop as a blacksmith and tries to build a new life After learning the shocking truth of her mother s fate and why the magistrate wants Spark dead she must grapple with the effects of her mother s legacy before her untamed power proves as much threat to her friends as the magistrate does Because the
