Corpus Sacrum III Codex Regius,2014-12-24 No one can tell who made the spheres of twelve faces or why or what the Romans called them maybe Corpus Sacrum Maybe something else We refer to them as pentagondodecahedra But that is a modern word and an uncouth one too A hundred are known Many have been found in France in Belgium they seem highly concentrated in southern England and at the middle course of the river Rhine There are as many assumptions on their use as there are dodecahedra None is conclusive Alas the classical authors have not mentioned or described them Or have they There is a haunting quote by a man from the second century Marcus Valerius Martialis He referred to mysterious items he called the Pilae Mattiacae the Mattiacian Spheres No one has excavated a Pila Mattiaca or found its image and it was never mentioned again The only clue we have is its name The Mattiaci were the people who lived in the Roman age at the middle Rhine right where so many spheres of twelve faces have been found So what if just if the Pilae Mattiacae and the dodecahedra were one and the same thing For that reason the fundamentalist Corpus Sacrum sect has firmly established itself in the Roman borderland After Restitutus sermon did not have the desire effect he is granted one last chance to remedy his failure before general Rufianus unleashes his troops against the dangerous order Even their high priest Democritus now seems to be afraid of the demons he has set free Or has he

Corpus Sacrum II Codex Regius,2013-09-23 No one can tell who made the spheres of twelve faces or why or what the Romans called them maybe Corpus Sacrum Maybe something else We refer to them as pentagondodecahedra But that is a modern word and an uncouth one too A hundred are known Many have been found in France in Belgium they seem highly concentrated in southern England and at the middle course of the river Rhine There are as many assumptions on their use as there are dodecahedra None is conclusive Alas the classical authors have not mentioned or described them Or have they

There is a haunting quote by a man from the second century Marcus Valerius Martialis He referred to mysterious items he called the Pilae Mattiacae the Mattiacian Spheres So what if just if the Pilae Mattiacae and the dodecahedra were one and the same thing For that reason the fundamentalist Corpus Sacrum sect has now firmly established itself in the Roman borderland Charis the teenage kitchen slave has been caught in a trap during her attempts to replace her master s dodecahedron which she had unknowingly destroyed Restitutus the ageing priest is facing his abductor who is more powerful than anticipated And then a murderer is on the loose Who may have Charis on his agenda too *The Serpent and its Priest* Codex Regius,2016-07-11 His mind would never settle with petty aims He always saw the greater thing 1850 years ago when scientific thinking was on decline and religious fundamentalism winning over Alexandros a little quack turned himself into high priest and guru of the demonic Glycon a puppet on strings that he had made into a god to deceive the masses and relieve them of their money The report written by Lucian of Samosata who exposed the deceiver with analytic deduction is the oldest preserved essay on the war still undecided between scepticism and superstition A new annotated translation of the old report on the frauds and illusions that Alexandros epigones are still applying even today The book that inspired the Romanike series of historical novels *Lord of the Rings* Jane Chance,2010-09-12 With New Line Cinema s production of The Lord of the Rings film trilogy the popularity of the works of J R R Tolkien is unparalleled Tolkien s books continue to be bestsellers decades after their original publication An epic in league with those of Spenser and Malory The Lord of the Rings trilogy begun during Hitler s rise to power celebrates the insignificant individual as hero in the modern world Jane Chance s critical appraisal of Tolkien s heroic masterwork is the first to explore its mythology of power that is how power politics and language interact Chance looks beyond the fantastic self contained world of Middle earth to the twentieth century parallels presented in the trilogy
