Working It Out Growing Spiritually With The Poetry Of George Herbert:

Working it Out Joseph L. Womack, 2022-01-07 In *Working it Out* you will study the work of George Herbert a 17th century poet with an emphasis on seeing the movement of thought within each poem. Though *Working it Out* was written primarily as a devotional, the book models a thoughtful method for reading and understanding poetry in general. In *Working it Out* you will learn to see The Big Picture: what the poem is about; The Parts of the Picture: a stanza by stanza explication of the poem; The Parts of the Picture Come Together: a look at the movement of thought through the poem. When a foundation of understanding is established, you may choose to move into the devotional elements of each chapter, which include Reflections, questions for personal meditation, and Scriptures for Further Reflection. By the time you finish a year of study in this book, you will have a structured method that you can use to read and understand any poem. Womack's models will help you see how a poet can use tone and nuance as well as a variety of literary devices to convey an idea. **Working It Out** Joseph L.

Womack, Janice P. Campbell, 2014-10-08 *Working it Out: Growing Spiritually with the Poetry of George Herbert* is a delightful introduction to fifty of the most beautiful works of this gifted poet. Although *Working it Out* is written primarily as a devotional, it models a thoughtful method for reading and understanding poetry in general and can be used in home schools and classrooms as a one-year study of poetry. Verse and Poetics in George Herbert and John Donne Frances Cruickshank, 2016-02-17 Innovative and highly readable, this study traces George Herbert's and John Donne's development of a distinct poetics through close readings of their poems, references to their letters, sermons, and prose treatises, and to other contemporary poets and theorists. In demonstrating a relationship between poetics and religious consciousness in Donne's and Herbert's verse, Frances Cruickshank explores their attitudes to the cultural, theological, and aesthetic enterprise of writing and reading verse. Cruickshank shows that Donne and Herbert regarded poetry as a mode not determined by its social and political contexts but as operating in and on them with its own distinct set of aesthetic and intellectual values, and that ultimately verse mattered as a privileged mode of religious discourse. This book is an important contribution to the ongoing scholarly dialogue about the nature of literary and cultural study of early modern England and about the relationship between the writer and the world. Cruickshank confirms Donne's reputation as a fascinating and brilliant poetic figure while simultaneously rousing interest in Herbert by noting his unique merging of rusticity and urbanity and tranquility and uncertainty, allowing the reader to enter into these poets' imaginative worlds and to understand the literary genre they embraced and then transformed. Materiality and Devotion in the Poetry of George Herbert Francesca Cioni, 2024 This book uses textual and material evidence in poetry, prayers, physiologies, sermons, church buildings, and monuments, manuscript diaries, and notebooks to explore how material things held spiritual meaning in George Herbert's poetry and to reflect on scholarly approaches to matter and form in devotional poetry. *The Tree of Life and Arboreal Aesthetics in Early Modern Literature* Victoria Bladen, 2021-10-27 *The Tree of Life and Arboreal Aesthetics in Early Modern Literature* explores the vital

motif of the tree of life and what it meant to early modern writers who drew from its long histories in biblical classical and folkloric contexts giving rise to a language of trees an arboreal aesthetics An ancient symbol of immortality the tree of life was appropriated by Christian ideology and iconography to express ideas about Christ however the concept also migrated beyond religious doctrine Ideas circulating around the tree of life enabled writers to imagine and articulate ideas of death and rebirth loss and regeneration the condition of the political state and personal states of the soul through arboreal metaphors and imagery The motif could be used to sacralise landscapes such as the garden orchard or country estate blurring the lines between contemporary green spaces and the spiritual and poetic imaginary Located within the field of environmental humanities and intersecting with ecocriticism and critical plant studies this volume outlines a comprehensive history of the tree of life and offers interdisciplinary readings of focus texts by Shakespeare George Herbert Henry Vaughan Aemilia Lanyer Andrew Marvell and Ralph Austen It includes consideration of related ideas and motifs such as the tree of Jesse and the Green Man illuminating the rich histories and meanings that emerge when an understanding of the tree of life and arboreal aesthetics are brought to the analysis of early modern literary texts and their representations of green spaces both physical and metaphysical

Learning the Language of the Soul Andrew D. Mayes, 2016 How can we describe to others what is happening to us on our spiritual journey How can we depict the spiritual road that we are taking experiences of prayer transitions that we travel through impediments that we face and externalize into words the interior experiences In this spiritual lexicon Andrew Mayes explores creative and inspirational metaphors to equip anyone wanting to communicate effectively about their faith or life of prayer *Learning the Language of the Soul* is a handbook that will prove indispensable to spiritual directors evangelists and all sharing in the witness of the church today It will loosen our tongues as we discover images from both the classic Christian tradition and contemporary culture that help us express and develop a spiritual literacy by which we share with others the joys and struggles of the inner life

Reformation Spirituality Gene E. Veith, 2013-01-16 George Herbert in his poetic skill and the depth of the spiritual experiences he explores may be the greatest of all religious poets This is a study of the specific religious experiences and beliefs that Herbert writes about both in his poetry and in his prose As such it also examines the spiritual landscape of seventeenth century England a period for all of its controversies still dominated by the understanding of God and the human condition articulated by Martin Luther and systematized by John Calvin Reformation spirituality which was different both from medieval Catholicism and late Protestantism is itself little understood by literary historians who have tended to look to medieval or Counter Reformation ideas and practices or to a simplistic distinction between Anglicans and Puritans as ways of understanding the religion of the time This study presents Reformation spirituality phenomenologically from the inside Just as Reformation spirituality reflects Herbert's poetry Herbert's poetry illuminates Reformation spirituality showing the experiential and mystical dimensions of an important religious tradition
