A Mom's Ultimate Book of Lists Michelle LaRowe,2010-01-01 Grocery lists Checklists To do lists Lots of people love and live by lists And parents are no exception Today s families are busier than ever and moms don t have the time or energy to search and scramble for the parenting information they are desperately seeking How much should my child be sleeping at this age What toys will most benefit my child What items are truly essential in furnishing a nursery What questions should I ask a potential caregiver What are the signs of a family friendly restaurant The answers to these questions and more than a hundred others are at a

mom s fingertips with A Mom s Ultimate Book of Lists This handy practical reference guide will save time money and sanity for today s busy women **Life Transitions in America** Francesco Duina,2014-02-12 We celebrate talk about and worry a great deal about transitions in life Going to college having a first child losing a job and retiring constitute just a few of the pivotal moments in the lives of many Sociologists and psychologists have devoted considerable attention to life transitions Yet we know very little about whether there exists a common thread to our understandings of life transitions in general How do journalists leading politicians sport icons bestselling authors government agencies Hallmark cards popular TV shows and other voices of popular culture talk about transitions in life Do these voices provide a coherent picture of how we make sense of life transitions In this book Francesco Duina shows how the dominant American discourse articulates two basic approaches to transitions in life The first approach depicts transitions as exciting individualistic opportunities for new beginnings the past is cast aside the future is wide open and the self has the opportunity to recreate itself anew The second paints transitions as having to do with continuity our connections to others and the life cycle with an emphasis on acceptance and adaptation Though contrasting the two approaches ultimately complement each other Their analysis reveals a great deal about American culture and society and will be of great interest to students of the life course and the sociology of culture
