The Early Years of Leadership Ian Marshall, Grace-Anne Jackman, Denise E. Armstrong, 2022-07-01 The Early Years of Leadership The Journey Begins is distinctive for many reasons chief among which is a strong commitment to honoring practitioners stories and empirical research The chapters in this volume also represent the work of scholars and school practitioners from the global north and south The fusion of diverse international perspectives allows for greater identification of local and global commonalities and trends that would provide aspiring and novice school principals with practical information and strategies for their development These include strategies for helping them to find

their internal motivation and a roadmap to develop leadership philosophies and negotiate common leadership pitfalls within and outside of the school community This book is intended for use by aspiring and incumbent school administrators and students enrolled in educational leadership and administration courses Each chapter offers an overview of the specific area of focus and concludes with reflective activities and questions for discussion It can therefore be used as a companion reader for administrators as well as a teaching tool by universities and other professional development programs

ENDORSEMENTS
 As an educational leader spanning almost three decades I find *The Early Years of Leadership The Journey Begins* a delightful must read for both the seasoned and up and coming educational leader whose objective is a successful career at leading in a changing and challenging educational environment I commend the Editorial Team for providing a guidebook for managing challenges faced by novice leaders suggestions for crafting a leadership philosophy and advice on how to negotiate micro politics and challenges in schools Those involved in leadership training and principal preparation would also find this a useful text since it includes vignettes and reflection questions that are sure to generate robust discussion and facilitate the deconstruction of key leadership concepts
 Abel Adekola Wilkes University
 The stories of the leaders throughout this book demonstrate that leadership is a journey While there is no predetermined timeline the pace of progress can be influenced by one s participation in reflective practice engagement in a community of practice and the availability of ongoing professional development By providing them with the insight and information needed to understand better the vital role leaders play in fostering school success *The Early Years of Leadership The Journey Begins* can assist administrators with the necessary knowledge and guidance to create leaders of learning that can respond to the increasing societal challenges our schools face
 Camille Rutherford Brock University *Creating Excellence* Vernon G. Smith, 2018-02-16

Creating Excellence Becoming an A School is intended to be used by first year principals who have inherited a school that is failing or not achieving to a desired level as well as by seasoned principals who are struggling to improve their school s academic performance It can also be used effectively as a textbook for graduate students preparing for a career in educational leadership The book is straightforward in its presentation of practices and strategies supported by research and theory It has been written to share the knowledge base impart the technical skills and highlight the interpersonal skills recommended to enable educational leaders to create excellence and enable their school to become an A school Within the chapters tools techniques and concrete examples are offered Educational leaders are encouraged to select revise and adjust proposed actions based on their own judgement and according to their local conditions faculty staff and other stakeholders Regardless improving instruction in order to increase student learning must be the focus
