WHY WE THINK THE WAY WE DO Dr. Ankit Kumar, 2025-09-30

WHY WE THINK THE WAY WE DO How Hidden Biases and Human Behavior Shape Our Decisions Emotions and Everyday Life You are not in control of your mind Your thoughts are not as original as you believe And most of what you call rational thinking is nothing more than an elaborate illusion This book is not here to make you comfortable It is here to expose the brutal truth your brain lies to you every single day From the moment you wake up to the moment you sleep your mind edits reality hides inconvenient facts and serves you distortions that feel like truth You cling to beliefs that collapse under evidence You make choices that sabotage your own life You follow crowds that drag you into stupidity And all the while you tell yourself I am in control The science is ruthless The psychology is undeniable And once you see it you cannot unsee it

INSIDE THIS BOOK YOU WILL DISCOVER The invisible prison of your mind how society culture and memory trap you in illusions The 10 deadly biases that control your every move from confirmation bias to authority bias the hidden shortcuts that shape your choices without consent Why emotions always win over logic fear anger and love hijack your brain faster than reason ever can The herd effect why intelligent people become stupid in groups and why social media makes it worse The subconscious puppeteer how 95% of your life is run by patterns you never notice The sweet comfort of lies why truth hurts too much and why we cling to deception instead The psychology of decision making traps how marketers leaders and manipulators hack your brain daily The dark shadow within you the hidden side of your personality you don't want to meet How to break free practical ruthless self awareness tools to fight back against your own mind This is not a gentle self help book It will not tell you to think positive or manifest abundance Instead it will show you the raw mechanics of the mind the dirty tricks of human psychology and the harsh reality of why you think the way you do You will learn why You overthink trivial things but ignore the important ones You make promises you never keep You trust liars and worship false heroes You repeat the same mistakes again and again And most importantly why you may never truly be free until you face these truths head on Who is this book for If you are tired of lies illusions and comforting nonsense If you want to understand how your brain actually works not how you wish it worked If you want a book that doesn't sugarcoat doesn't flatter and doesn't care about your comfort If you are ready for ruthless clarity about yourself society and the hidden forces shaping your every move

Why Read This Book Now Because manipulation has never been stronger Because social media politics marketing and culture are all fighting for control of your brain Because the cost of ignorance is too high you will lose your freedom your clarity and maybe your life's direction if you don't fight back This book will give you the knowledge to see through the manipulation to resist the traps of your own biases and to reclaim the only thing that truly matters the ability to think

Elliot D. Cohen,2024-10-15 In making love one is elevated beyond the carnal desires it satisfies For the religious it is Divine for those who are not religiously inclined it is still a spiritual experience one of seamless solidarity a unity of two as one that defies mere orgasmic stimulation You don t have to make love to have sex Even strangers can be sexually attracted and have

an orgasmic escapade But in the act of making love there is symbolic meaning that is felt through and through the sex act Two in love are joined in life and the sexual expression of this unison is deeply felt in the sex act itself This is sexual intimacy the making of love the likes of which is rarely if ever seen outside a loving relationship There is no escape from the philosophical dimensions of such a loving relationship It is as abstract as it is concrete in the ideals that ground it There is a mystery about it a kind of transcendent experience that defies translation into words Making and being in love are thus joined at the hip Loving relationships make the bed in which true lovers sleep Unfortunately many relationships flounder or never get off the ground Just having sex may ease the tension but it then becomes a means not truly an end in itself The moment the sex act ends the couple may retreat and fall into discord It is an oasis in a barren desert that provides temporary relief a titillating temporary escape from reality This book can help you to overcome the obstacles the unlovable habits that encumber your relationship both inside and outside the bedroom It can help to create the harmonic balance between your sex life and other aspects of your personal and interpersonal relationships which are preludes to making and being in love To accomplish this it applies a five step method based on Logic Based Therapy Consultation LBTC a popular form of evidence based philosophical counseling modality First it introduces you to six types of unlovable ways of thinking and acting and helps you to identify the ones that may be sabotaging your own relationship Second it shows you how to counter these self defeating habits with certain lovable goals virtues of love Third it helps you to identify and embrace a personal love philosophy that empowers you to reach for your lovable goals Fourth it provides core philosophical ideas that are key to any successful quest for romantic love Fifth it helps you construct a behavioral plan that applies your philosophies to making constructive changes in your relationship The latter may require making changes both inside and outside your relationship Thus this book also shows you how the problems you are having in one area of your life at work in your social life etc can affect the quality of your relationship inside and outside the bedroom and it offers guidance including self improvement exercises to overcome these impediments and attain enduring love and sexual intimacy
