Decolonizing Freedom Allison Weir, 2024 Freedom is celebrated as the definitive ideal of modern western civilization Yet in western thought and practice the freedom of some has typically been defined through opposition to the unfreedom of others These exclusions are not secondary to a prior concept of freedom but are constitutive exclusions that have shaped the ways in which western theorists define what freedom is Allison Weir draws on Indigenous political philosophies and practices of decolonization grounded in conceptions of relationality and resurgence in dialogue with western philosophies to reconstruct a tradition of relational freedom as a distinctive political conception of freedom a radically democratic mode of engagement and participation in social and political relations with an infinite range of strange and diverse beings perceived as free agents in interdependent relations in a shared world Through the work of Leanne Betasamosake Simpson John Borrows Glen Coulthard Audra Simpson Rauna Kuokkanen Joanne Barker Jodi Byrd James Tully and many others this book traces a tradition of colonial unknowing in western conceptions of freedom from Hobbes through republican and critical theories and explores a countertradition of relations between freedom and collective love exemplified in Leanne Betasamosake Simpson's love of land and Hannah Arendt's love of the world It considers Indigenous modes of world creation as performative affective embodied strategies of democratic life skilled modes of addressing diversity and conflict fear and hostility in practices of freedom that embrace polycentric knowledges and rooted dynamisms in contexts of complexity and constant change Weir argues that Indigenous women's struggles to belong to communities and participate in governance have engendered new theories of relational rights that combine politics of rights and resurgence and calls for a coalitional politics guided by queer and feminist Indigenous models of transformative resurgence Finally Weir proposes an approach to critical theory as a practice of self transformation through openness to the other oriented toward relational freedom

Global Psychologies Suman Fernando, Roy Moodley, 2018-06-25 This book critiques our reliance on Eurocentric knowledge in the education and training of psychology and psychiatry Chapters explore the diversity of constructions of the self in non Western cultures examining traditional psychologies from Africa Asia

Australasia and Pre Columbian America The authors discuss liberation psychologies and contemporary movements in healing and psychological therapy that draw on both Western and non Western sources of knowledge A central theme confronted is the importance in a rapidly shrinking world for knowledge systems derived from diverse cultures to be explored and disseminated equally The authors contend that for this to happen academia as a whole must lead in promoting cross national and cross cultural understanding that is free of colonial misconceptions and prejudices This unique collection will be of value to all levels of study and practice across psychology and psychiatry and to anyone interested in looking beyond Western definitions and understandings

Finding God through Yoga David J. Neumann, 2019-02-07 Paramahansa Yogananda 1893 1952 a Hindu missionary to the United States wrote one of the world's most highly acclaimed spiritual classics Autobiography of a Yogi which was first published in 1946 and continues to be one of the best selling spiritual philosophy titles of all time In this critical biography David Neumann tells the story of Yogananda's fascinating life while interpreting his position in religious history transnational modernity and American culture Beginning with Yogananda's spiritual investigations in his native India Neumann tells how this early global guru emigrated to the United States in 1920 and established his headquarters the Self Realization Fellowship in Los Angeles where it continues today Preaching his message of Hindu yogic philosophy in a land that routinely sent its own evangelists to India Yogananda was fueled by a religious nationalism that led him to conclude that Hinduism could uniquely fill a spiritual void in America and Europe At the same time he embraced a growing belief that Hinduism's success outside South Asia hinged on a sincere understanding of Christian belief and practice By universalizing Hinduism Neumann argues Yogananda helped create the novel vocation of Hindu yogi evangelist generating fresh connections between religion and commercial culture in a deepening American religious pluralism
