during those two decades Until now no one has known It s 1960 Norman Bates is in the State Hospital for the Criminally Insane and it s up to Dr Felix Reed to bring him out of his catatonic state But Norman and Dr Reed have obstacles in twisted fellow patients and staff members who think of the institution as a prison rather than a place of healing And the greatest obstacle is the building itself once a private sanitarium rumored to be haunted A wild card appears in the persona of Robert Newman Norman s twin brother taken away at birth after the attending doctor pronounced him brain damaged As Robert and Norman grow to know each other Norman senses a darkness in Robert even deeper than that which has lurked in Norman himself Soon murders begin to occur and a shocking chain of events plunge us even deeper into the deranged madness inside the walls of Psycho Sanitarium
