Women's Heath Dawna M. Thomas, 2017-08-23 *The Politics of Women's Health* Susan Sherwin, Feminist Health Care

Ethics Research Network, 1998 Examines the real world of women s health status and health care delivery in different countries and the assumptions behind the dominant medical model of solving problems without regard to social conditions This book asks what feminist health care ethics looks like if we start with women s experiences and concerns *Reader's Guide to Women's Studies* Eleanor Amico, 1998-03-20 The Reader s Guide to Women s Studies is a searching and analytical description of the most prominent and influential works written in the now universal field of women s studies Some 200 scholars have contributed to the project which adopts a multi layered approach allowing for comprehensive treatment of its subject matter Entries range from very broad themes such as Health General Works to entries on specific individuals or more focused topics such as Doctors What Makes Women Sick Lesley Doyal, 1995-06-19 Lesley Doyal draws on a wide range of disciplines to highlight the limitations of medical models in understanding global patterns of health and disease in women Examining in detail the impact of sexuality fertility control reproduction domestic labour and waged work on women s well being she shows how gender divisions in economic and social life affect their experiences of illness disability and mortality A concluding chapter illustrates the multiplicity of ways in which women around the world are challenging the threats to their health **Women's Health and Medicine: Transforming Perspect** Alice J. Dan, Sue V. Rosser, 2003-06 A vital collection of essays on women s health and women s health studies edited by leaders in the field **Evaluating Women's Health Messages** Roxanne Louiselle Parrott, Celeste Michelle Condit, 1996-02 The increased attention currently being paid to women s reproductive health issues has produced a corresponding interest in the role that communication plays in promoting better health care Groundbreaking and comprehensive this book is the first systematic examination of the major types and forms of messages about women s reproductive health medical social scientific and public and the degree to which these messages compare with and contradict each other Within the broad framework of communication a range of women s health issues are examined in this book from political historical technological and feminist perspectives The issues examined include abortion infertility drug and alcohol use in pregnancy childbirth AIDS menst
