Yesterdays People Life In Contemporary Appalachia

Meredith McCarroll

Yesterdays People Life In Contemporary Appalachia:

Yesterday's People Jack E. Weller, 1965-12-31 The distinctive way of life of the Southern Appalachian people has often been criticized romanticized or derided but rarely has it been understood Yesterday's People the fruit of many years labor in the mountains reveals the fears anxieties and hopes that underlie the mountaineers way of thinking and acting and thereby shape their relationships in family and community First published in 1965 this book has been an indispensable guide for all who seek to study work or live within the Appalachian culture

Yesterday's People; Life in Contemporary Appalachia, by Jack E. Weller Jack E. Weller, 1966

Yesterday's People Max Lerner, 1965 *The Countryside in the Age of the Modern State* Catherine McNicol Stock, Robert D. Johnston, 2018-05-31 However urban the nation has become Catherine McNicol Stock and Robert D Johnston write twenty percent of its citizens still live outside major metropolitan areas Moreover rural economic activity agricultural extractive recreational and industrial has an enormous impact on the nation's overall economic well being The stories of contemporary rural people still have the power to move us They reflect the values dreams and ideals at the core of the economically racially and ethnically diverse American experience The Countryside in the Age of the Modern State moves rural history into explorations of modern politics diverse rural peoples and their complex relationships to the American state in the twentieth century The volume's contributors examine African American progressive farm organizers the experiences of Caribbean and Mexican farm laborers agrarian intellectuals in the New Deal the politics of land and landscape in the Rocky Mountain west and the origins of today's rural political movements

Unwhite Meredith McCarroll, 2018-10-15 Appalachia resides in the American imagination at the intersections of race and class in a very particular way in the tension between deep historic investments in seeing the region as pure white stock and as deeply impoverished and backward Meredith McCarroll's Unwhite analyzes the fraught location of Appalachians within the southern and American imaginaries building on studies of race in literary and cinematic characterizations of the American South Not only do we know what rednecks and white trash are McCarroll argues we rely on the continued use of such categories in fashioning our broader sense of self and other Further we continue to depend upon the existence of the region of Appalachia as a cultural construct As a consequence Appalachia has long been represented in the collective cultural history as the lowest the poorest the most ignorant and the most laughable community McCarroll complicates this understanding by asserting that white privilege remains intact while Appalachia is othered through reliance on recognizable nonwhite cinematic stereotypes Unwhite demonstrates how typical characterizations of Appalachian people serve as foils to set off and define the whiteness of the non Appalachian southerners In this dynamic Appalachian characters become the racial other Analyzing the representation of the people of Appalachia in films such as Deliverance Cold Mountain Medium Cool Norma Rae Cape Fear The Killing Season and Winter's Bone through the critical lens of race and specifically whiteness McCarroll offers a reshaping of the understanding of the relationship between racial and regional identities

Handbook of Families and

Poverty D. Russell Crane, Tim B. Heaton, 2007-10-19 Edited by two well known family researchers at Brigham Young University this meticulously researched compendium is a trove of useful information on areas where poverty and family issues intersect This volume should be the first stop for anyone beginning research on poverty and families CHOICE The Handbook of Families and Poverty covers hotly debated issues associated with public policy and funded research as they relate to families and poverty Contributors bringing multiple perspectives to bear aim to show alternatives to welfare in subgroups facing specific challenges that are currently not adequately addressed by the welfare system Readers will appreciate the insightful summaries of research involving poverty and its relationship to couple marital and family dynamics Key Features Provides a comprehensive view of the issues surrounding families and poverty so that readers may benefit from the findings and insights of their peers in other relevant fields with the hope that better understanding will bring better solutions Includes several chapters on application intervention and theoretical issues Contains writings by contributing authors who are respected experts from a broad range of disciplines and perspectives including business child development family studies psychology public policy social work and sociology *Grasping at Independence* Robert S. Weise, 2001 By closely studying the strategic blend of land ownership subsistence agriculture and commerce Weise reveals how white male farmers in Floyd County attempted to achieve and preserve patriarchal authority and independence and how this household localism laid the foundation for the region's development during the industrial era By shifting attention from the actions of industrialists to those of local residents he reconciles contradictory views of antebellum Appalachia and offers a new understanding of the region's history and its people Jacket **To Right These Wrongs** Robert R. Korstad, James L. Leloudis, 2011-01-20 When Governor Terry Sanford established the North Carolina Fund in 1963 he saw it as a way to provide a better life for the tens of thousands whose family income is so low that daily subsistence is always in doubt Illustrated with evocative photographs by Billy Barnes To Right These Wrongs offers a lively account of this pioneering effort in America's War on Poverty Robert Korstad and James Leloudis describe how the Fund's initial successes grew out of its reliance on private philanthropy and federal dollars and its commitment to the democratic mobilization of the poor Both were calculated tactics designed to outflank conservative state lawmakers and entrenched local interests that nourished Jim Crow perpetuated one party politics and protected an economy built on cheap labor By late 1968 when the Fund closed its doors a resurgent politics of race had gained the advantage led by a Republican Party that had reorganized itself around opposition to civil rights and aid to the poor The North Carolina Fund came up short in its battle against poverty but its story continues to be a source of inspiration and instruction for new generations of Americans Appalachia's Children David H. Loeff, 2021-12-14 This thoughtful compassionate book makes a major contribution to our understanding of the Southern Appalachian child his mental disorders and his adaptive strengths Drawing upon his extensive fieldwork as a clinical child psychiatrist in Eastern Kentucky Dr Loeff suggests means by which these children can be helped to bridge the gap between

their subculture and the mainstream of American life today The children described in this book the author points out are in a real sense not all children Since no child grows up in a vacuum the children of Eastern Kentucky cannot be understood apart from the historical geographic and socioeconomic characteristics of the area in which they grow Knowledge of the children requires some knowledge of the lives of parent teachers and the many others upon whom they are dependent That is to say mental disorder or mental health is embedded in a social matrix Dr Loeff therefore examines the milieu of these Southern Appalachian children their future as adults and how they can achieve their potential whether in their native or an urban setting In viewing the children within their own cultural framework Dr Loeff shows how they develop toward mental health or psychopathology suggesting supportive techniques that build upon the strengths inherent in each child These strengths he suggests rise out of the same culture that burdens the child with handicaps Dr Loeff s position is one of guarded optimism based on the successes of the techniques he has used and observed in seven years of work in Appalachian field clinics Although he details instances of mental disorder in children and instances of failure in family functioning he notes at the same time family strengths and sees these strengths as sources of hope Although this book is based on fieldwork techniques within a specific area and culture it is paradigmatically suggestive of wider application Dr Loeff demonstrates effectively and clearly the profound need for increased concern about what is happening to the rising generation the children of Eastern Kentucky the children of the Southern Appalachian region and the children of the rural south *Owsley County, Kentucky, and the Perpetuation of Poverty* John R. Burch, Jr., 2015-03-12 Owsley County Kentucky is well known by journalists academics and local historians as a quintessential example of rural poverty in Appalachia This study identifies several reasons behind Owsley County s ongoing struggle with poverty including the county s lack of natural resources a poor transportation system and a centralized socio political power structure controlled by the entrenched elite The author asserts that Owsley County s economic hardships are far from unique but rather are representative of a significant number of Appalachian counties and towns Several tables and appendices provide useful demographic legislative and agricultural data

Appalachian Mountain Religion Deborah Vansau McCauley, 1995 A monumental achievement Certainly the best thing written on Appalachian Religion and one of the best works on the region itself Deborah McCauley has made a winning argument that Appalachian religion is a true and authentic counter stream to modern mainstream Protestant religion Loyal Jones founding director of the Appalachian Center at Berea College Appalachian Mountain Religion is much more than a narrowly focused look at the religion of a region Within this largest regional and widely diverse religious tradition can be found the strings that tie it to all of American religious history The fierce drama between American Protestantism and Appalachian mountain religion has been played out for nearly two hundred years the struggle between piety and reason between the heart and the head has echoes reaching back even further from Continental Pietism and the Scots Irish of western Scotland and Ulster to Colonial Baptist revival culture and plain folk camp meeting religion Deborah Vansau

McCauley places Appalachian mountain religion squarely at the center of American religious history depicting the interaction and dramatic conflicts between it and the denominations that comprise the Protestant mainstream She clarifies the tradition histories and symbol systems of the area s principally oral religious culture its worship practices and beliefs further illuminating the clash between mountain religion and the dominant religious culture of the United States This clash has helped to shape the course of American religious history The explorations in *Appalachian Mountain Religion* range from Puritan theology to liberation theology from Calvinism to the Holiness Pentecostal movements Within that wide realm and in the ongoing contention over religious values the many strains of American religious history can be heard *Appalachia's Path to Dependency* Paul Salstrom,2021-12-14 In *Appalachia s Path to Dependency* Paul Salstrom examines the evolution of economic life over time in southern Appalachia Moving away from the colonial model to an analysis based on dependency he exposes the complex web of factors regulation of credit industrialization population growth cultural values federal intervention that has worked against the region Salstrom argues that economic adversity has resulted from three types of disadvantages natural market and political The overall context in which Appalachia s economic life unfolded was one of expanding United States markets and after the Civil War of expanding capitalist relations Covering Appalachia s economic history from early white settlement to the end of the New Deal this work is not simply an economic interpretation but draws as well on other areas of history Whereas other interpretations of Appalachia s economy have tended to seek social or psychological explanations for its dependency this important work compels us to look directly at the region s economic history This regional perspective offers a clear eyed view of Appalachia s path in the future **Studying Appalachian Studies** Chad Berry,Philip J. Obermiller,Shaunna L. Scott,2015-06-15 In this collection contributors reflect on scholarly artistic activist educational and practical endeavor known as Appalachian Studies Following an introduction to the field the writers discuss how Appalachian Studies illustrates the ways interdisciplinary studies emerge organize and institutionalize themselves and how they engage with intellectual political and economic forces both locally and around the world Essayists argue for Appalachian Studies integration with kindred fields like African American studies women s studies and Southern studies and they urge those involved in the field to globalize the perspective of Appalachian Studies to commit to continued applied participatory action and community based research to embrace more fully the field s capacity for bringing about social justice to advocate for a more accurate understanding of Appalachia and its people and to understand and overcome the obstacles interdisciplinary studies face in the social and institutional construction of knowledge Contributors Chris Baker Chad Berry Donald Edward Davis Amanda Fickey Chris Green Erica Abrams Locklear Phillip J Obermiller Douglas Reichert Powell Michael Samers Shaunna L Scott and Barbara Ellen Smith *Dictionary of Southern Appalachian English* Michael B. Montgomery,Jennifer K. N. Heinmiller,2021-06-22 The *Dictionary of Southern Appalachian English* is a revised and expanded edition of the Weatherford Award winning *Dictionary of Smoky Mountain English* published in 2005 and known in

Appalachian studies circles as the most comprehensive reference work dedicated to Appalachian vernacular and linguistic practice. Editors Michael B. Montgomery and Jennifer K. N. Heinmiller document the variety of English used in parts of eight states ranging from West Virginia to Georgia, an expansion of the first edition's geography which was limited primarily to North Carolina and Tennessee and include over 10,000 entries drawn from over 2,200 sources. The entries include approximately 35,000 citations to provide the reader with historical context, meaning, and usage. Around 1,600 of those examples are from letters written by Civil War soldiers and their family members, and another 4,000 are taken from regional oral history recordings. Decades in the making, the *Dictionary of Southern Appalachian English* surpasses the original by thousands of entries. There is no work of this magnitude available that so completely illustrates the rich language of the Smoky Mountains and Southern Appalachia. *They Say in Harlan County* Alessandro Portelli, 2012-09-13. This book is a historical and cultural interpretation of a symbolic place in the United States: Harlan County, Kentucky, from pioneer times to the beginning of the third millennium, based on a painstaking and creative montage of more than 150 oral narratives and a wide array of secondary and archival matter. **Appalachian Health** F. Douglas Scutchfield, Randy Wykoff, 2022-05-03. *Appalachian Health* explores major challenges and opportunities for promoting the health and well-being of the people of Appalachia, a historically underserved population. It considers health's intersection with social, political, and economic factors to shed light on the trends affecting mortality and morbidity among the region's residents. Editors F. Douglas Scutchfield and Randy Wykoff have assembled high-profile experts working in academia, public health, and government to offer perspectives on a wide range of topics, including health behaviors, environmental justice, and pandemic preparedness. This volume also provides updated data on issues such as opioid abuse, deaths of despair, and the social determinants of health. Together, the contributors illuminate the complex health status of the region and offer evidence-based programs for addressing the health problems that have been identified. *Appalachian Health and Well-being* Robert L. Ludke, Phillip J. Obermiller, 2012-03-07. Appalachians have been characterized as a population with numerous disparities in health and limited access to medical services and infrastructures, leading to inaccurate generalizations that inhibit their healthcare progress. Appalachians face significant challenges in obtaining effective care, and the public lacks information about both their healthcare needs and about the resources communities have developed to meet those needs. In *Appalachian Health and Well-Being*, editors Robert L. Ludke and Phillip J. Obermiller bring together leading researchers and practitioners to provide a much-needed compilation of data and research-driven perspectives, broadening our understanding of strategies to decrease the health inequalities affecting both rural and urban Appalachians. The contributors propose specific recommendations for necessary research, suggest practical solutions for health policy, and present best practices models for effective health intervention. This in-depth analysis offers new insights for students, health practitioners, and policy makers, promoting a greater understanding of the factors affecting Appalachian health and effective responses to those needs. *A Rural Studies Bibliography*, 1991.

Bibliographies and Literature of Agriculture ,1978

Mountain Holiness Deborah Vansau McCauley,2025-12-08 A

remarkable achievement Mountain Holiness combines Warren Brunner s poignant and sensitive photographs with a succinct narrative by Deborah McCauley the preeminent authority on Appalachian mountain religion This is a landmark study that sheds light on one of the most neglected subjects in American religion Randall Balmer Ann Whitney Olin Professor of American Religion Barnard College Columbia University Hidden deep in the hills of central Appalachia tiny churches have quietly carried on their worship practices in an unbroken chain for two centuries Harking back to the camp meeting movement of the early nineteenth century independent Holiness churches are considered by some to represent Appalachia s single largest religious tradition Yet it is one that remains uncoun ted in any census of American church life because of the lack of formal institutions or written records Through vivid images and perceptive words this book documents this rich history showing how these independent churches have sustained both faith and followers The authors spent five years interviewing and photographing Appalachia s Holiness people and participating in their services From thousands of photographs they have selected nearly three hundred fifty images for this large format volume Here are small one room churches many built to hold no more than a dozen people scattered in the hills of Tennessee Kentucky Virginia and West Virginia Yet Warren Brunner s striking images depict not only buildings but also the people and their faith practices river baptisms and homecomings serpent handling and tent evangelism radio preaching and special holiday services Deborah McCauley and Laura Porter s text combines descriptions of the pictures with the history of the churches and interviews with members They create a representative window into the material and oral culture of central Appalachia s independent Holiness heritage Mountain Holiness is a book that will fascinate anyone who cares about these traditions as well as anyone concerned with the preservation of America s most vital folkways About the Authors Deborah Vansau McCauley is a leading authority on religion in Appalachia and is the author of Appalachian Mountain Religion A History Laura E Porter became familiar with Appalachian religion while pursuing a Master of Divinity degree at Union Theological Seminary she is presently a computer consultant for religious and relief organizations Warren E Brunner is a renowned photographer of Appalachia who has lived and worked in Berea Kentucky for nearly half a century He has published three collections of photographs of the region Patricia Parker Brunner his wife is an ordained Southern Baptist deacon who holds an M A in biblical studies

Whispering the Secrets of Language: An Psychological Journey through **Yesterdays People Life In Contemporary Appalachia**

In a digitally-driven earth where monitors reign great and immediate interaction drowns out the subtleties of language, the profound secrets and psychological subtleties concealed within words usually get unheard. Yesterdays People Life In Contemporary Appalachia Introduction

In the digital age, access to information has become easier than ever before. The ability to download Yesterdays People Life In Contemporary Appalachia has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Yesterdays People Life In Contemporary Appalachia has opened up a world of possibilities. Downloading Yesterdays People Life In Contemporary Appalachia provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Yesterdays People Life In Contemporary Appalachia has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Yesterdays People Life In Contemporary Appalachia. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Yesterdays People Life In Contemporary Appalachia. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To

ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Yesterdays People Life In Contemporary Appalachia, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Yesterdays People Life In Contemporary Appalachia has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Yesterdays People Life In Contemporary Appalachia Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Yesterdays People Life In Contemporary Appalachia is one of the best book in our library for free trial. We provide copy of Yesterdays People Life In Contemporary Appalachia in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Yesterdays People Life In Contemporary Appalachia. Where to download Yesterdays People Life In Contemporary Appalachia online for free? Are you looking for Yesterdays People Life In Contemporary Appalachia PDF? This is definitely going to save you time and cash in something you should think about.
