Social Darwinism and Nationalism in Korea: the Beginnings (1880s-1910s) Vladimir Tikhonov, 2010-07-14 The book deals with the influences Social Darwinism exerted upon Korea s modern ideologies in their formative period especially nationalism after its introduction to Korea in 1883 and before Korea s annexation by Japan in 1910 It shows that the belief in the survival of the fittest as the overarching cosmic and social principle constituted the main underpinning for the modernity discourses in Korea in the 1890s 1900s Unlike the dominant ideology of traditional Korea Neo Confucianism which was largely promoted by the scholar official elite Social Darwinism appealed to the modern intellectuals but also to the entrepreneurs providing the justification for their profit seeking activities as part of the national survival project As an ideology of Korea s nascent capitalism Social Darwinism in Korea could however hardly be called a liberal creed it clearly prioritized national survival over individual rights and interests

Cultural Transfers in Dispute Bee Yun, 2011-08-08 Our conception of cultures and cultural change has altered dramatically in recent decades no longer do we understand cultures as isolated units rather we see them as hybrid formations constantly engaged in a multidirectional process of exchange and influence with other cultures Yet the

very process by which we represent these cultural transfers is itself subject to cultural political and ideological conditions that affect our understanding acknowledgment and representation of them Built around concrete examples of controversial representations of cultural transfer from Asia the Arab world and Europe Cultural Transfers in Dispute presents a critical self reflection on the scholarly practices that underpin our attempts to study and describe other cultures Understanding Korean Literature Hung-Gyu Kim,Robert Fouser,2016-09-16 This study examines the development and characteristics of various historical and contemporary genres of Korean literature It presents explanations on the development of Korean literacy and offers a history of literary criticism traditional and modern giving the discussion an historical context **The Koreas** Mary E. Connor,2009-06-30 Asia in Focus The Koreas is the most complete accessible and up to date resource available on both North Korea and South Korea Asia in Focus The Koreas presents an authoritative and unprecedented look at the contrasts and similarities between the history geography politics economy culture and society of North Korea and South Korea It offers a wealth of new insights into North Korean life as well as extensive explorations of Korean music arts language cuisine and popular culture including the Korean wave which began with the export of Korean television dramas to other parts of Asia and has spread South Korean culture around the world Also included are sections on women s history and roles class and ethnicity and a wide range of contemporary issues For a deeper understanding of one of the most closely watched regions of the globe this volume is a must *Kashil and Best Essays* by Yi Kwang-su Translated by Chung-Nan Lee Kim,2014-12-19 Yi Kwang su was one of the pioneers of modern Korean literature Throughout his lifetime 1892 to 1950 Yi wrote twenty seven novels numerous short stories essays and poems Most were written during the Japanese colonization of Korea until 1945 In *Kashil and Best Essays* by Yi Kwang su Chung Nan Lee Kim Yi s daughter translates a series of short stories written by her father Yi Kwang su contemplates serious topics such as the purpose of life destiny the meaning of death and reincarnation and he does so by reflecting on events in his own life and those around him *Kashil* was based on a short tale described in the History of Three Kindgoms It is considered Yi s landmark historical novel that depicts the destiny of an individual in the context of history *Memories of My Child Pong A* describes Yi s devastating sorrow despair and self remorse upon the death of his son Pong keun whose death strengthened his devotion to Buddhism The Narrative of Selling the House and The Crow Caws are important works representing a category of stories based on Yi s private life With a Buddhist influence the works in *Kashil and Best Essays* by Yi Kwang su reflect the enlightenment ideology of social educational economic political and cultural reform for Korean self strengthening national consciousness and independence *Translation's Forgotten History* Heekyoung Cho,2020-05-11 Translation s Forgotten History investigates the meanings and functions that translation generated for modern national literatures during their formative period and reconsiders literature as part of a dynamic translational process of negotiating foreign values By examining the triadic literary and cultural relations among Russia Japan and colonial Korea and revealing a shared sensibility and literary experience in East

Asia which referred to Russia as a significant other in the formation of its own modern literatures this book highlights translation as a radical and ineradicable part not merely a catalyst or complement of the formation of modern national literature Translation s Forgotten History thus rethinks the way modern literature developed in Korea and East Asia While national canons are founded on amnesia regarding their process of formation framing literature from the beginning as a process rather than an entity allows a more complex and accurate understanding of national literature formation in East Asia and may also provide a model for world literature today *When the Future Disappears* Janet Poole, 2014-11-11 Taking a panoramic view of Korea s dynamic literary production in the final decade of Japanese rule *When the Future Disappears* locates the imprint of a new temporal sense in Korean modernism the impression of time interrupted with no promise of a future As colonial subjects of an empire headed toward total war Korean writers in this global fascist moment produced some of the most sophisticated writings of twentieth century modernism Yi T aejun Ch oe Myongik Im Hwa So Insik Ch oe Chaeso Pak T aewon Kim Namch on and O Changhwan among other Korean writers lived through a rare colonial history in which their vernacular language was first inducted into the modern only to be shut out again through the violence of state power The colonial suppression of Korean language publications was an effort to mobilize toward war and it forced Korean writers to face the loss of their letters and devise new creative forms of expression Their remarkable struggle reflects the stark foreclosure at the heart of the modern colonial experience Straddling cultural intellectual and literary history this book maps the different strategies including abstraction irony paradox and even silence that Korean writers used to narrate life within the Japanese empire
