Experience--inevitable Ursula Blickle Stiftung, 2002 At first sight it appears brand new pure Tokyo pop But The Japanese Experience Inevitable reveals far more than the successful cloning of morphed manga motifs onto stretched canvas and museum walls It represents eight positions in contemporary Japanese art and scrutinizes their complex visual vocabulary noting references to Japanese and Western art traditions as frequently as the borrowing of mass culture motifs from the realms of manga and anime Takashi Murakami's MR DOB questions the place of contemporary art in our global society Aya Takano's glowing watercolors combine Japanese sensitivity issues of female identity and sci-fi Masahiko Kuwahara's mutant animals provide shades of softness and mysterious openness and Yoshitomo Nara's reworking of historical Japanese woodcuts disturbs the floating world Not only are the artists' visual repertoires new and surprising but their creative methods and strategies help conquer a public that is mostly untouched by contemporary art Published in association with the Ursula Blickle Foundation **Shonen Knife's Happy Hour** Brooke McCorkle Okazaki, 2021-01-14 Shonen Knife an all female punk trio from Osaka Japan cultivated a global fan base that has included the likes of Nirvana's Kurt Cobain and Sonic Youth's

Thurston Moore Their 1998 album Happy Hour filled with tunes about delicacies ranging from sushi to banana chips encapsulates the band's charming fusion of cuteness with punk rock cool Tracing histories of food and jensei rock in Japan McCorkle Okazaki outlines the ways Shonen Knife has over the last forty years consistently used seemingly straightforward songs about food to comment on gender stereotypes in popular culture *Transnational Trajectories in East Asia* Yasemin Nuhoğlu Soysal, 2014-11-20 In recent decades East Asia has become increasingly interconnected through trade investment migration and popular culture at regional and global levels At the same time the region has seen renewed national assertiveness and nationalist impulses The book interrogates these seemingly contradictory developments as they bear on the transformations of the nation and citizenship in East Asia Conventionally studies on East Asia juxtapose these developments focusing on the much exercised dichotomy of the national and transnational In contrast this book suggests a different orientation First it moves beyond the simplistic view that demarcates the transnational as the West Second it does not view the national and transnational as distinct or contradictory spheres of influence and analysis but rather focuses on the interactions between the two with a view on how these interactions work to transform the ideals and practices of the good nation good society and good citizen The chapters cover a broad range of empirical research education science immigration multicultural policy human rights gender and youth orientations art and food flows politics of values and regional identity which highlight the ways in which the nation is reconfigured and the relationship between the citizen and national collective is redefined in relation to transnational dynamics and frameworks *Transnational Trajectories in East Asia* provides a new perspective on and original analysis of transnational processes bringing a fresh understanding to developments of the nation and citizenship in the region It will be of great interest to students and scholars of transnationalization and globalization comparative citizenship migration and multiculturalism and Asian politics society and regionalism
