The Social Work Of The Salvation Army:

The Social Work of the Salvation Army Edwin Gifford Lamb, 2019-12-18 In *The Social Work of the Salvation Army* Edwin Gifford Lamb meticulously explores the multifaceted efforts of the Salvation Army in addressing social issues during the early 20th century. With a keen analytical lens, Lamb employs an accessible yet scholarly style, blending historical narrative with sociological insights. This work situates the Salvation Army within the broader context of social reform movements, highlighting its innovative approaches to poverty alleviation, addiction treatment, and community development, all of which resonate with contemporary discussions on social justice. Edwin Gifford Lamb, a notable scholar in social sciences, devoted much of his career to examining the intersections of faith and social advocacy. His thorough research is underscored by a profound commitment to understanding how religious organizations contribute to social welfare. Lamb's firsthand experiences with the Salvation Army's programs provided him with unique insights into their operational dynamics and societal impact, inspiring him to document their herculean efforts in this work. This book is an invaluable resource for scholars, social workers, and anyone interested in the legacy of faith-based social movements. Through its comprehensive analysis, readers will gain a deeper appreciation for the Salvation Army's role in shaping modern social services, making it a crucial addition to the canon of social work literature.

The Social Work of the Salvation Army ... Edwin Gifford Lamb, 1909

The Social Work of the Salvation Army Edwin Gifford Lamb, 2009 *The Social Work of the Salvation Army* Edwin Lamb, 2016-05-20 At the beginning the Salvation Army was a purely religious body but those at its head were driven into social work because of their sympathy with suffering. They had not planned out their work from the outset; they took it up piece by piece just as their hearts responded to appeal after appeal made by the suffering people with whom they were endeavoring to get into touch. They prayed with and preached to men and women weighed down by the sorrows and misery of dire poverty, and then they found that they simply could not leave these men and women without stretching out a helping hand to them. They were brought in contact with wrongdoers and criminals; they learned their secret history; they found how great a proportion of human sin is connected with wretched surroundings; and then they felt ill at ease until they tried to help and reform those who had been even more sinned against than sinning. Thus, by degrees, their social work increased and took on a multitude of different forms, and their constant endeavor was not only to regenerate the individual but also in practical ways, by experiment and trial, to find out how best to do away with the circumstances responsible for the individual's fall. They steadily developed their work along the lines of self-help, self-management, self-support. For one of their great underlying principles is that the individual must cooperate in order to bring about his own moral and physical redemption.
