The Truth Is Our Weapon Chris Tudda, 2006-05-01 President Dwight D Eisenhower and his secretary of state John Foster Dulles deployed a tactic Chris Tudda calls rhetorical diplomacy sounding a belligerent note of anti Communism in speeches addresses press conferences and private meetings with allies and with Moscow Yet all the while Tudda discloses the two were confidentially committed to a contradictory course the establishment of a strong system of collective security in Western Europe peaceful accommodation of the Soviet Union and the maintenance of a new albeit divided Germany Tudda explores the Eisenhower administration's pursuit of these two mutually exclusive

diplomatic strategies and reveals how failure to reconcile them endangered the fragile peace of the 1950s He builds his argument through three case studies of the administration's badgering the French and their allies to ratify the European Defense Community of its threat to liberate Eastern Europe from Moscow's rule and of its forcing the issue of German reunification By emphasizing the threat from the Soviet Union Eisenhower and Dulles were trying to promote an activist rather than an isolationist foreign policy But their rhetorical diplomacy intensified Cold War tensions with European allies as well as with Moscow and effectively overwhelmed the administration's true diplomatic aims Based on American British Eastern European and Soviet primary sources many only recently unearthed *The Truth Is Our Weapon* is a major contribution to the historiography of Eisenhower's diplomacy and an important statement about the implications of public and private policy making

Scrum Wars Allan Levine, 1996-08-08 The image of the scrum a beleaguered politician surrounded by jockeying reporters is central to our perception of Ottawa The modern scrum began with the arrival of television but even in Sir John A Macdonald's day a century earlier reporters in the parliamentary press gallery had waited outside the prime minister's office pen in hand hoping for a quote for the next edition The scrum represents the test of wills the contest of wits and the battle for control that have characterized the relationship between Canadian prime ministers and journalists for more than 125 years *Scrum Wars* chronicles this relationship It is an anecdotal as well as analytical account showing how earlier prime ministers like Sir John A Macdonald and Sir Wilfrid Laurier were able to exercise control over what was written about their administrators while more recent leaders like John Diefenbaker Joe Clark John Turner and Brian Mulroney often found themselves at the mercy of intense media scrutiny and comment
