Black Folklore and the Politics of Racial Representation Shirley Moody-Turner, 2013-10-02 Before the innovative work of Zora Neale Hurston folklorists from the Hampton Institute collected and wrote about African American folklore Like Hurston these folklorists worked within but also beyond the bounds of white mainstream institutions They often called into question the meaning of the very folklore projects in which they were engaged Shirley Moody Turner analyzes this output along with the contributions of a disparate group of African American authors and scholars She explores how black authors and folklorists were active participants rather than passive observers in conversations about the politics of representing black folklore Examining literary texts folklore documents cultural performances legal discourse and political rhetoric *Black Folklore and the Politics of Racial Representation* demonstrates how folklore studies became a battleground across which issues of racial identity and difference were asserted and debated at the turn of the twentieth century The study is framed by two questions of historical and continuing import What role have representations of black folklore played in constructing racial identity And how have those ideas impacted the way African Americans think about and creatively engage black traditions Moody Turner renders established historical facts in a new light and context taking figures we thought we knew such as Charles Chesnutt Anna Julia Cooper and Paul Laurence Dunbar and recasting their place in African American intellectual and cultural history

Daily Life during African American Migrations Kimberley L. Phillips, 2012-05-03 This book

examines the century long migration of African Americans who moved within the South after the Civil War and then left to settle permanently in other regions irrevocably altering the political social and cultural history of the United States and considers these movements within the broader historical political and cultural context of the African Diaspora Daily Life during African American Migrations focuses attention to the everyday social cultural and political lives of migrants in the United States as they established communities far away from their former homes This book examines blacks labor and urban experiences social and political activism and cultural and communal identities while also considering the specificity of African Americans migration as part of their long struggle for freedom and equality The author merges information from black migration studies which focus on the internal movement of African American people in the United States with African Diaspora studies which consider peoples of African descent who have settled far from their native homes either voluntarily or through duress to document how these immigrants and their children create new communities while maintaining cultural connections with Africa The stories of the nine million African Americans who collectively left the South between 1865 and 1965 and the millions more who left the Caribbean and Africa not only document this long history of migration but also present compelling human drama

Reading for the Body Jay Watson, 2012 Jay Watson argues that southern literary studies has been overidealized and dominated by intellectual history for too long In Reading for the Body he calls for the field to be rematerialized and grounded in an awareness of the human body as the site where ideas including ideas about the U S South itself ultimately happen Employing theoretical approaches to the body developed by thinkers such as Karl Marx Colette Guillaumin Elaine Scarry and Friedrich Kittler Watson also draws on histories of bodily representation to mine a century of southern fiction for its insights into problems that have preoccupied the region and nation alike slavery Jim Crow and white supremacy the marginalization of women the impact of modernization the issue of cultural authority and leadership and the legacy of the Vietnam War He focuses on the specific bodily attributes of hand voice and blood and the deeply embodied experiences of pain illness pregnancy and war to offer new readings of a distinguished group of literary artists who turned their attention to the South Mark Twain Jean Toomer Zora Neale Hurston William Faulkner Richard Wright Katherine Anne Porter Bobbie Ann Mason and Walker Percy In producing an intensely embodied U S literature these writers Watson argues were by turns extending and interrogating a centuries old tradition in U S print culture in which the recalcitrant materiality of the body serves as a trope for the regional alterity of the South Reading for the Body makes a powerful case for the body as an important methodological resource for a new southern studies

Making a Promised Land Paula J. Massood, 2013-01-22 Making a Promised Land examines the interconnected histories of African American representation urban life and citizenship as documented in still and moving images of Harlem over the last century Paula J Massood analyzes how photography and film have been used over time to make African American culture visible to itself and to a wider audience and charts the ways in which the Mecca of the New Negro became a battleground in the struggle to define

American politics aesthetics and citizenship Visual media were first used as tools for uplift and education With Harlem s downturn in fortunes through the 1930s narratives of black urban criminality became common in sociological tracts photojournalism and film These narratives were particularly embodied in the gangster film which was adapted to include stories of achievement economic success and later in the century a nostalgic return to the past Among the films discussed are *Fights of Nations* 1907 *Dark Manhattan* 1937 *The Cool World* 1963 *Black Caesar* 1974 *Malcolm X* 1992 and *American Gangster* 2007 Massood asserts that the history of photography and film in Harlem provides the keys to understanding the neighborhood s symbolic resonance in African American and American life especially in light of recent urban redevelopment that has redefined many of its physical and demographic contours *Post-bellum, Pre-Harlem* Barbara McCaskill, Caroline Gebhard, 2006-06 The years between the collapse of Reconstruction and the end of World War I mark a pivotal moment in African American cultural production Christened the Post Bellum Pre Harlem era by the novelist Charles Chesnutt these years look back to the antislavery movement and forward to the artistic flowering and racial self consciousness of the Harlem Renaissance Post Bellum Pre Harlem offers fresh perspectives on the literary and cultural achievements of African American men and women during this critically neglected though vitally important period of our nation s past Using a wide range of disciplinary approaches the sixteen scholars gathered here offer both a reappraisal and celebration of African American cultural production during these influential decades Alongside discussions of political and artistic icons such as Booker T Washington W E B Du Bois Henry Ossawa Tanner and James Weldon Johnson are essays revaluing figures such as the writers Paul and Alice Dunbar Nelson the New England painter Edward Mitchell Bannister and Georgia based activists Lucy Craft Laney and Emmanuel King Love Contributors explore an array of forms from fine art to anti lynching drama from sermons to ragtime and blues and from dialect pieces and early black musical theater to serious fiction Contributors include Frances Smith Foster Carla L Peterson Gwendolyn DuBois Shaw Audrey Thomas McCluskey Barbara Ryan Robert M Dowling Barbara A Baker Paula Bernat Bennett Philip J Kowalski Nikki L Brown Koritha A Mitchell Margaret Crumpton Winter Rhonda Reymond and Andrew J Scheiber *English Journal* , 1999 *The Underdogs* Mariano Azuela, 2013-09-03 Hailed as the greatest novel of the Mexican Revolution *The Underdogs* recounts the story of an illiterate but charismatic Indian peasant farmer s part in the rebellion against Porfirio D az and his subsequent loss of belief in the cause when the revolutionary alliance becomes factionalized Azuela s masterpiece is a timeless authentic portrayal of peasant life revolutionary zeal and political disillusionment **The Nadir and the Zenith** Anna Pochmara, 2021-05-01 *The Nadir and the Zenith* is a study of temperance and melodramatic excess in African American fiction before the Harlem Renaissance Anna Pochmara combines formal analysis with attention to the historical context which in addition to postbellum race relations in the United States includes white and black temperance movements and their discourses Despite its proliferation and popularity at the time African American fiction between Reconstruction and World War I has not attracted nearly as much scholarly attention as the
