The Socialist System The Political Economy Of Communism

Jan Adam

The Socialist System The Political Economy Of Communism:

The Socialist System János Kornai,1992 This book presents a comprehensive analysis of socialist economics It addresses the reasons for the early successes of socialist systems and the reasons for their gradual breakdown The Socialist System János Kornai,1992 This book presents a comprehensive analysis of socialist economics It addresses the reasons for the early successes of socialist systems and the reasons for their gradual breakdown **The Socialist System** János Kornai,1992-04-12 This book presents a comprehensive analysis of socialist economics It addresses the reasons for the early successes of socialist systems and the reasons for their gradual breakdown **Why did the Socialist System Collapse in Central and Eastern European Countries?** Jan Adam,2016-07-27 In the book the author discusses the reasons for the collapse of the socialist system in Poland Czechoslovakia and Hungary He analyses the roles of economic and political factors and of the USSR He concludes that the lack of legitimacy of the communist regime the disintegration of the Communist Party and its ideology were at least as important reasons as increasing lag behind the West in technology and the declining standard of living **The Political Economy of Hungary** Adam Fabry,2019-04-03 This book explores the political economy of Hungary from the mid 1970s to the present Widely considered a poster boy of neoliberal transformation in post communist Eastern Europe until the mid 2000s Hungary has in recent years developed into a model illiberal regime Constitutional checks and balances are non functioning the independent media trade unions and civil society groups are constantly attacked by the authorities there is widespread intolerance against minorities and refugees and the governing FIDESZ party led by Prime Minister Viktor Orb n controls all public institutions and increasingly large parts of the country s economy To make sense of the politico economical roller coaster that Hungary has experienced in the last four decades Fabry employs a Marxian political economy approach emphasising competitive accumulation class struggle both between capital and labour as well as different fractions of capital and uneven and combined development The author analyses the neoliberal transformation of the Hungarian political economy and argues that the drift to authoritarianism under the Orb n regime cannot be explained as a case of Hungarian exceptionalism but rather represents an outcome of the inherent contradictions of the variety of neoliberalism that emerged in Hungary after 1989 **The Political Economy of Corruption in China** Julia Kwong,2015-04-08 This text examines all facets of corruption meaning incidence monetary value the kinds of goods exchanged the perpetrators and their strategies in China since 1949 It explores the irony of how ideology and organizational structures under socialism can both restrain and encourage corruption **The Political Economy of Fiscal Reform in Central-Eastern Europe** Frank Bönker,2006-01-01 Frank B nker has done a masterful job This is probably the best book available on this important subject and its significance is not limited to studies of postcommunist societies It has important theoretical implications for everyone interested in the Political Economy of Policy Reform perspective within the field of comparative political economy John L Campbell Slavic Review *On the Political Economy of Market Socialism* James A.

Yunker,2018-05-08 This title was first published in 2001 Spanning a quarter of a century this collection makes conveniently accessible 14 of Yunker s thorough and highly illuminating contributions to the literature on market socialism **The**

Political Economy of Civil Society and Human Rights Gary B. Madison,2002-09-10 Madison uses the concept of civil society and his distinctive version of communicative rationality to provide a closely argued and robust defence of the neo liberal political and economic tradition Writing with considerable elegance and humour the author draws on the hermeneutical and neo pragmatist traditions and on a diverse range of evidence and discussion mainly concerning transitional economies and societies in Eastern Europe and around the world Providing a systematic analysis of the multi faceted notion of civil society this book shows in detail how the three main orders of civil society the moral cultural the political and the economic constitute spheres of autonomy At the same time it illustrates how these different orders are closely interrelated and interact in a synergetic manner A unique feature of this study is the way in which the author demonstrates how the logic of the various orders of civil society is in a way appropriate to the distinct nature of each order a logic of communicative rationality The work concludes by arguing that the only sure way of achieving international justice is by the construction of civil society world wide **The Political Economy of Dictatorship** Ronald Wintrobe,2000-09-25

Although much of the world still lives today as always under dictatorship the behaviour of these regimes and of their leaders often appears irrational and mysterious In *The Political Economy of Dictatorship* Ronald Wintrobe uses rational choice theory to model dictatorships their strategies for accumulating power the constraints on their behavior and why they are often more popular than is commonly accepted The book explores both the politics and the economics of dictatorships and the interaction between them The questions addressed include What determines the repressiveness of a regime Can political authoritarianism be good for the economy After the fall who should be held responsible for crimes against human rights The book contains many applications including chapters on Nazi Germany Soviet Communism South Africa under apartheid the ancient Roman Empire and Pinochet s Chile It also provides a guide to the policies which should be followed by the democracies towards dictatorships **The Political Economy of Regionalism** Edward D. Mansfield,Helen V. Milner,1997

Exploring regionalism from a political economic perspective this text investigates why regional arrangements are formed the conditions under which these arrangements solidify and why they take on different institutional forms **The**

Contradictions of "Real Socialism": The Conductor and the Conducted Michael A. Lebowitz,2012 In this concise volume noted scholar and economist Michael A Lebowitz considers the legacy of twentieth century socialist societies or what some have termed real socialism While these societies were able to claim major achievements in areas from health care to education to popular culture they nonetheless met limited success in eroding what Marx called the opposition of the worker as direct producer and the proprietor of the means of production That this opposition between workers and managers continued to exist in one form or another under real socialism means that according to L *Encyclopedia of Business in*

Today's World Charles Wankel, 2009-06-12 2009 RUSA Outstanding Business Reference Business in today's world is increasingly diverse Undertaking commerce even by an individual can mean working globally through a welter of new media with opportunities of all kinds rapidly appearing The boundaries scope content structures and processes of a business activity can morph into completely different ones in the course of a project Contemporary businesses and certainly future businesses find it incumbent upon them to fit within the requirements of environmental and economic sustainability of the others who inhabit our world With more than 1 000 entries the Encyclopedia of Business in Today's World is packed with essential and up to date information on the state of business in our world Not only does it reflect where business is it also conveys the trajectory of business farther into the 21st century These four volumes provide clear overviews of the important business topics of our time ranging from culture shock to currency hedging political risk offshoring and transnational corporations The wealth of topics represent an integrated vision by the editor of a perplexity of functions technologies and environmental factors Key Features Provides insight into the development and current business situation globally through articles on many individual countries Examines the processes responsibilities and ethics of business in the global market Offers entries written by experts from diverse fields Includes an appendix that looks at World Trade Organization statistics Presents a vast range of topics including key companies business policies regions countries dimensions of globalization economic factors international agreements financial instruments accounting regulations and approaches theories legislation management practices and approaches and much more Key Themes Competitive Forces Countries Corporate Profiles Cultural Environments Economics of International Business Economic Theories of International Business Ethics Corruption and Social Responsibility Export Import Strategies Foreign Direct Investment Globalization and Society Human Resource Management International Accounting International Finance International Monetary System International Trade Legal and Labor Issues Management and Leadership Manufacturing and Operations Marketing Political Environments Regional Economic Integration Supranational and National Organizations The Encyclopedia of Business in Today's World serves as a general nontechnical resource for students professors and librarians seeking to understand the development of business as practiced in the United States and internationally

Beyond Soviet Studies Daniel Orlovsky, 1995-02 Daniel Orlovsky brings together a group of leading scholars attempt a systematic assessment of the state of studies of the former Soviet Union after its collapse The authors re-examine the transition from communism and review the study of post-Soviet society national identity and nationalism politics and political institutions economics foreign policy and culture They offer constructive criticisms of the field and set out research questions for an uncertain future

Industrial Policy in Europe after 1945 C. Grabas, A. Nützenadel, 2014-03-31 Bringing together renowned scholars in the field with younger researchers this interdisciplinary study of the history of post-war industrial policy in Europe investigates transfers across borders and locates industrial policy in the context of the Cold War from a global perspective

Postcommunist Transformation and the

Social Sciences Frank Bönker, Klaus Müller, Andreas Pickel, 2003-08 The work's major substantive themes revolve around problems of post communist socio economic transformations Specifically it explores post communist systemic change the role of religion and collective identity the significance of trust and economic culture patterns of state economy interactions in enterprise restructuring the context of EU expansion the strengths and weaknesses of economic theory and neo liberal doctrine and the history of ideas in the post communist transformation debate **Transition Economics** Peter

Luke, 2012-07-26 Celebrating twenty years of transition from socialism to capitalism this book is designed to be the core textbook for undergraduate courses in transition economics and comparative economic systems Given the passage of time Transition Economics Two Decades On reviews and accounts for the outcomes in the so called transition economies and from an academic perspective takes the reader through developments and issues in the twenty years of transition from plan to market Treating its subject matter thematically the book incorporates much of the transition economics literature and evidence that have evolved over the past two decades In particular the authors focus on the most important aspects of economic transition including The initial conditions at the outset of transition Paradigms and patterns of transition The main transition policies and economic reforms The performance of transition countries and firms The lessons from transition The textbook covers a wide range of both contemporary microeconomic and macroeconomic issues in over thirty ex socialist European and Asian countries including Russia and China Transition Economics Two Decades On is more than just a book about a particular part of the world or the transformation that was experienced at a particular time in history The authors believe that the study of the economics of transition gives the reader an insight into theories policies reforms legacies institutions processes and lessons that have application and relevance beyond the specific transition from plan to market to other parts of the world and to other times in history *Between Globalization and Integration* Sebastian

Vaduva, 2016-02-23 This volume focuses on the integration and globalization of Romania a prominent emerging market in South Eastern Europe and one of the major players in the securitization of the Black Sea and the Eastern European border as both a part of NATO since 2004 and a fully integrated EU Member State since 2007 It will examine the challenges the country has faced in its progression from totalitarianism to democracy through several waves of reform intended to update and streamline its political and economic processes for success in the free market capitalist arena Having learned the hard way about some of the key aspects of public administration Romania has learned a place for itself among the diverse global players of Europe and beyond The first section reviews current perspectives on globalization and its impact in the late 20th century It has flattened the Earth generating better communication and exchanges than ever before but also gathering a fair amount of criticisms from commentators seeing it as little else than neo colonialism Cooperative administrative strategies are being suggested instead in order for new public administration patterns to smoothly run in coordination with the globalized world In the second section the European Union is described as a complex multi level socio political entity itself historically

in turmoil over its own style of rule e.g hierarchy vs coordination integration vs centralization etc or even its own existence as the European dream seemed to be losing steam with the general population of Europe several times in the previous century Powers and responsibilities of the European institutions and agencies are also discussed Thirdly the recent history of Romania is approached from the Europeanization context starting from its post 1989 days of confusion and of attempting to jumpstart democracy Eventually it has to undergo a series of reforms and internalize some principles fundamental to the EU in order for the much awaited accession to occur and its multiple effects to start taking place A country with a rich cultural heritage and straddling multiple socio political axes Romania has plenty more to offer in the new geostrategic security and development contexts of the 21st century Europe As such this volume provides inspiration for further research and practical application opportunities on topics of local European and global significance

Politics, Power and the Struggle for Democracy in South-East Europe Karen Dawisha, Bruce Parrott, 1997-06-13 Edited by two of the world's leading analysts of post communist politics this book brings together distinguished specialists on Bosnia Hercegovina Croatia Macedonia Slovenia Serbia Montenegro Albania Bulgaria and Romania The authors analyse the challenge of building democracy in the countries of the former Yugoslavia riven by conflict and in neighboring states They focus on oppositional activity political cultures that often favour strong presidentialism the role of nationalism and basic socioeconomic trends Karen Dawisha and Bruce Parrott provide theoretical and comparative chapters on post communist political development across the region This book will provide students and scholars with detailed analysis by leading authorities plus the latest research data on recent political and economic developments in each country

Renaissance Václav Klaus, 1997 A collection of twenty nine essays and speeches originally given in English by Czech Republic prime minister Václav Klaus on economic reform ecological policy the future of Europe the relationship between art and toleration and more Nineteen of the essays and speeches were previously published in the author's *Rebirth of a Nation Five Years After 1994* p xiv

Whispering the Strategies of Language: An Psychological Journey through **The Socialist System The Political Economy Of Communism**

In a digitally-driven earth wherever screens reign great and immediate conversation drowns out the subtleties of language, the profound techniques and emotional nuances hidden within words frequently move unheard. However, located within the pages of **The Socialist System The Political Economy Of Communism** a fascinating literary prize sporting with fresh emotions, lies a fantastic quest waiting to be undertaken. Written by a talented wordsmith, this marvelous opus encourages viewers on an introspective journey, gently unraveling the veiled truths and profound influence resonating within the cloth of each and every word. Within the mental depths with this poignant review, we can embark upon a genuine exploration of the book is primary themes, dissect its charming writing fashion, and fail to the effective resonance it evokes strong within the recesses of readers hearts.
