team's defence of the title proved to be one of the most bizarre periods in the club's history. In his first stint at Stamford Bridge the self-styled Special One won two League titles back to back, the FA Cup and two League Cups, and included a still unsurpassed Premier League points tally record of 95 in the 2004-5 season. On returning home after a six-year absence, Mourinho received a welcome from an army of Chelsea fans who loved him every bit as much as they used to. He rewarded their faith in some fashion, sweeping aside newly rich Manchester City to soar to a third League title with three games to spare, as well as a third League Cup. Then came the biggest collapse of any defending title holder. Why did it happen? Who was to blame? Was there a players' rebellion? Who panicked behind the scenes and why? How much was the row with the first team doctor, Eva Carneiro, at the heart of Mourinho's second sacking from Chelsea? The answers lie in this fully revised, updated and expanded edition of Harry Harris's biography. It brings Mourinho's story right up to date, showing exactly why English football would be infinitely poorer without the colourful, commanding and controversial presence of the Special One.
