The Stone Roses The Stone Roses 33 1 Or 3:

The Stone Roses' The Stone Roses Alex Green, 2006-02-27 The Stone Roses shows a band sizzling with skill consumed with drive and aspiration and possessing an almost preternatural mastery of the pop paradigm This book explores the political and cultural zeitgeist of England in 1989 and attempts to apprehend the magic ingredients that made The Stone Roses such a special and influential album *33 1/3 Greatest Hits* David Barker, 2007-10-15 Music *The 33 1/3 B-sides* Will Stockton, D. Gilson, 2019-09-05 If given another chance to write for the series which albums would 33 1 3 authors focus on the second time around This anthology features compact essays from past 33 1 3 authors on albums that consume them but about which they did not write It explores often overlooked and underrated albums that may not have inspired their 33 1 3 books but have played a large part in their own musical cultivation Questions central to the essays include How has this album influenced your worldview How does this album intersect with your other creative and critical pursuits How does this album index a particular moment in cultural history In your own personal history Why is the album perhaps under the radar or a buried treasure Why can't you stop listening to it Bringing together 33 1 3's rich array of writers critics and scholars this collection probes our taste in albums our longing for certain tunes and our desire to hit repeat all while creating an expansive must listen list for readers in search of unexplored musical territories **The Mojo Collection** Jim

Irvin, 2009-06-04 Organised chronologically and spanning seven decades The MOJO Collection presents an authoritative and engaging guide to the history of the pop album via hundreds of long playing masterpieces from the much loved to the little known From The Beatles to The Verve from Duke Ellington to King Tubby and from Peggy Lee to Sly Stone hundreds of albums are covered in detail with chart histories full track and personnel listings and further listening suggestions There's also exhaustive coverage of the soundtrack and hit collections that every home should have Like all collections there are records you listen to constantly albums you've forgotten albums you hardly play albums you love guiltily and albums you thought you were alone in treasuring proving The MOJO Collection to be an essential purchase for those who love and live music **The Rock Canon** Carys Wyn Jones, 2017-07-05 Canons are central to our understanding of our culture and yet in the last thirty years there has been much conflict and uncertainty created by the idea of the canon In essence the canon comprises the works and artists that are widely accepted to be the greatest in their field Yet such an apparently simple construct embodies a complicated web of values and mechanisms Canons are also inherently elitist however Carys Wyn Jones here explores the emerging reflections of values terms and mechanisms from the canons of Western literature and classical music in the reception of rock music Jones examines the concept of the canon as theorized by scholars in the fields of literary criticism and musicology before moving on to search for these canonical facets in the reception of rock music as represented by ten albums Bob Dylan's Highway 61 Revisited The Beach Boys Pet Sounds The Beatles Revolver The Velvet Underground's The Velvet Underground Nico Van Morrison's Astral Weeks Marvin Gaye's What's Going On The Rolling Stones Exile on Main

St Patti Smith's *Horses* The Sex Pistols' *Never Mind the Bollocks, Here's the Sex Pistols* and Nirvana's *Nevermind* Jones concludes that in the reception of rock music we are not only trying to organize the past but also mediate the present and any canon of rock music must now negotiate a far more pluralized culture and possibly accept a greater degree of change than has been evident in the canons of literature and classical music in the last two centuries *Vinyl: A History of the Analogue Record* Richard Osborne, 2016-02-17 *Vinyl A History of the Analogue Record* is the first in depth study of the vinyl record Richard Osborne traces the evolution of the recording format from its roots in the first sound recording experiments to its survival in the world of digital technologies This book addresses the record's relationship with music the analogue record was shaped by and helped to shape the music of the twentieth century It also looks at the cult of vinyl records Why are users so passionate about this format Why has it become the subject of artworks and advertisements Why are vinyl records still being produced This book explores its subject using a distinctive approach the author takes the vinyl record apart and historicizes its construction Each chapter explores a different element the groove the disc shape the label vinyl itself the album the single the b side and the 12 single and the sleeve By anatomizing vinyl in this manner the author shines new light on its impact and appeal **The Creation Records Story** David Cavanagh, 2023-07-04 The greatest book ever written on British independent music Guardian One of the best British music books of the last ten years Mojo Founded by Alan McGee in 1983 Creation Records achieved notoriety as the home of Primal Scream the Jesus and Mary Chain and other anti Establishment acts During the Britpop boom of the mid 90s the astonishing success of Oasis brought Creation fame on the world stage In 1999 however McGee announced his shock departure as his label's influence over a generation of British music came to a confusing and disappointing end Containing interviews with Creation musicians employees supporters and detractors this is the inside story of Creation Records and of British music since the 1980s *The Book of Hit Singles* Dave McAleer, 2001-08 Book Based on the official Top 20 charts from Billboard in the US and NME Music Week in the UK this entertaining book shows at a glance the monthly international status of the hits The fully updated and revised fourth edition lists the charts since they began in January 1954 all the way through December 2000 Each song is listed with artist name and nationality current and previous month's chart position record label weeks on the chart and simultaneous position on the other side of the pond Special symbols indicate million sellers plus artists first and most recent hits All stars and songs are indexed separately making it especially easy to pinpoint any Top 20 hit Includes 200 photos plus new pop trivia and star gossip **MLA International Bibliography of Books and Articles on the Modern Languages and Literatures** Modern Language Association of America, 2008 Vols for 1969 include ACTFL annual bibliography of books and articles on pedagogy in foreign languages 1969 **Billboard**, 1995-01-07 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment
