The History of Freemasonry Albert Gallatin Mackey, 2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1898 edition Excerpt CHAPTER XXI THE SECRETS OF THE MEDIEVAL MASONS THAT the Stonemasons of the Middle Ages had in their possession certain very important secrets which they religiously abstained from communicating to any other Masons who were not of the fraternity is a fact of which there cannot be a doubt But to discover what these secrets were is a task that has puzzled the brains of more than one investigator We have seen that there were passwords signs and other methods of recognition which were established to enable the members of the Craft to make themselves known in strange places and to strange brethren and which were simply matters of convenience forming the part of a system not peculiar to the Masons but which has in all ages been practiced by every association of men who desired to preserve an exclusive organization But these modes of recognition did not constitute the secrets of the Freemasons which bound them together as a united sodality having in every country the same aims and objects Such secrets were of far more value and importance than any arbitrary code of signals adopted as a means of communication and mutual recognition The evidence is very patent in all the old Constitutions and Regulations that the Freemasons were in possession of secrets which the members of the fraternity were strictly forbidden to communicate to outsiders Thus the Strasburg Constitution forbid any Master or Fellow Craft to instruct anyone who is not of the Craft in any part belonging to Masonry There was in the lodge a certain book which was kept by the Master under an oath that he would permit no part of it to be copied It is evident that this

book must have contained something besides the Statutes because a book of mere regulations would
