The Study of the Miracles A. Habershon, 1980      **The Miracles of Jesus According to John** Stephen S. Kim, 2010-07-08 In our age of theological relativism Jesus' question to His own disciples continues to ring true Who do the people say that the Son of Man is Through Jesus seven miracles and His seven I Am sayings the apostle John provides a clear answer to that all important question Furthermore what do Jesus miracles represent Are they designed to point to something or someone In our supernatural crazed culture that affects even evangelical Christianity it is refreshing to be reminded that biblical miracles were never arbitrary but were always purposeful authenticating God's message and His messenger's In the Gospel of John the miracles of Jesus are both Christological that is they highlight Jesus Person and eschatological that is they foreshadow the work the Messiah will do in His future Advent The miracles remind us that God's desire for every believer is first and foremost a spiritual relationship with Him through His Son Furthermore Jesus miracles also remind us that God's work in and for every believer will be fully and ultimately realized in the everlasting life      The Miracles of Jesus Craig Blomberg, 1986 **STORIES FROM THE BIBLE**      *The Study of Philosophy* S. Morris Engel, 2001-10 The Study of Philosophy provides a comprehensive and engaging introduction to the history of philosophy in the West S Morris Engel walks the reader through the story of philosophy starting with its nature and origins progressing to the central questions emerging from its four main branches of logic metaphysics epistemology and ethics and culminating in an overview of modern and contemporary movements most notably the philosophy of Wittgenstein and the existentialism of Kierkegaard Nietzsche and Sartre Carefully crafted supplements enhance the volume demonstrating for students the relevance of philosophy to the world and to themselves A Collegiate Press Book      *Introduction to the Study of Religion* Leroyce Miles, 2018-08-07 One thing is clear that fighting with other human beings in the name of religion is subhuman As a religious man we are fellow travellers in the direction of the realm of spirit Here the nomenclature of Hindus Muslims Christians etc ceases to be meaningful Of course we have to go very far and we have not made any beginning yet However at present the advaitic principle of difference less Brahman can serve the purpose of harmonizing all religions Here we have adopted this principle Secondly the key concepts of different religions have been shown to mingle into one another The book attempts to interrogate the categories used in western discourse in the study of religion In doing so the book outlines a broad overview of the discussions on issues relating to the methods and theories in the study of religion The book provides an insight into some of the key issues that need clarity in dealing with religions This scholarly presentation is a must read for students of religion culture and philosophy and for those involved with the struggles of the subaltern community      The Miracles Of Jesus Hendrik van der Loos, 1965      *The Cambridge Companion to Miracles* Graham H.
