Wilford,2012-01-01 In an era where church attendance has reached an all time low recent polling has shown that Americans are becoming less formally religious and more promiscuous in their religious commitments Within both mainline and evangelical Christianity in America it is common to hear of secularizing

pressures and increasing competition from nonreligious sources Yet there is a kind of religious institution that has enjoyed great popularity over the past thirty years the evangelical megachurch Evangelical megachurches not only continue to grow in number but also in cultural political and economic influence To appreciate their appeal is to understand not only how they are innovating but more crucially where their innovation is taking place In this groundbreaking and interdisciplinary study Justin G Wilford argues that the success of the megachurch is hinged upon its use of space its location on the post suburban fringe of large cities its fragmented dispersed structure and its focus on individualized spaces of intimacy such as small group meetings in homes which help to interpret suburban life as religiously meaningful and create a sense of belonging Based on original fieldwork at Rick Warren s Saddleback Church one of the largest and most influential megachurches in America Sacred Subdivisionexplains how evangelical megachurches thrive by transforming mundane secular spaces into arenas of religious significance Sacred Pauses April Yamasaki,2013-02-01 In a fast paced world full of distractions spiritual practice can help us become more centered more in touch with ourselves and others more in touch with the world around us more in touch with God Sacred Pauses is an introduction to this more centered way of life The author a pastor in British Columbia begins with her own longing for personal renewal What would it take to feel renewed every day Instead of waiting for a vacation to smooth out the tensions of life instead of waiting until the end of the week to shed our weariness what if we could take time out every day Live a renewed life every day Be refreshed by God every day Sacred Pauses offers simple ways for readers to do just that Each chapter explores a different spiritual practice from the classic disciplines of Scripture reading and prayer to other creative approaches such as paying attention making music and having fun With plenty of stories from real life and ideas to try this book is personal and practical Its flexible format is appropriate for personal use or in a group every day or any time Free downloadable study guide available here Sanctifying Suburbia Brian Jonathan Miller,2025 The suburbs are home to the majority of Americans including millions of evangelical Christians and thousands of evangelical congregations and organizations And while American evangelicals are a potent force in society and politics their connection to and embrace of the suburbs are rarely examined How did white evangelicals come to see the suburbs as a promised land home to the evangelical good life and to dense concentrations and networks of evangelical residents churches big and small and nonprofit organizations This book systematically assesses how evangelicals became intertwined with the suburbs and what this means for evangelical life Brian Miller shows how evangelical views of race and ethnicity social class and gender led to anti urban sentiment white flight and the pursuit of racial exclusivity all of which has led evangelicals to make the suburbs their physical and spiritual home At the same time clusters of evangelical organizations were planting themselves in the suburbs drawing evangelicals out of the cities Through sociological analysis case studies of multiple communities with clusters of evangelical residents and examinations of evangelical culture Miller shows that in order to fully understand American evangelicals we must take a deeper look at how evangelicals embraced suburbs and how the suburbs

shaped them      *Migration and the Global Landscapes of Religion* David Garbin, 2023-06-29 This book draws upon case studies of the Congolese Christian diaspora in the UK and US and an ethnography of religious urbanization in the Democratic Republic of Congo DRC to explore the making of religious spaces and moral landscapes in an era of globalization Religion is a key aspect of the community social and political life of Congolese migrants many of whom have to address the predicaments of displacement relocation and the status of being a minority within a minority as Francophone black African migrants in English speaking countries The book demonstrates the role of religion in the production of moral worlds and the ways in which for Congolese Christians this process both results from and facilitates a process of regrounding in the midst of ambivalent urban environments Through a multi sited ethnography the book also examines the impact of transnational religious practices on development and city making in the homeland in a context of increasing informalization and infrastructural deficit Drawing on extensive ethnographic data David Garbin captures the nuances of a complex and changing social political and religious landscape for Congolese migrants relying on the construction of moral worlds and revealing the role of a range of connections but also disconnections between diaspora and homeland across multiple scales An essential resource for scholars and researchers interested in the intersections of religion migration and urbanization in both Global North and Global South contexts      *Linking Arms, Linking Lives* Ronald J. Sider, John Perkins, F. Albert Tizon, 2008-10-01 Among the various lines drawn between people in the church male and female young and old black and white rich and poor Republican and Democrat there is the line between the urban and the suburban The stereotypes of the edgy socially active multicultural urban Christian and the middle class comfortable upwardly mobile suburban Christian mix fact and fiction *Linking Arms Linking Lives* looks beyond stereotypes and makes a compelling case for partnership that crosses urban and suburban for effective ministry among the poor Drawing from a growing network of development practitioners pastors and theologians this book focuses on the experiences of partnership between urban and suburban entities to provide both theological foundations and practical guidelines for those who desire to partner effectively All who want to find viable ways to help the poor will welcome this thoughtful and hope filled book Includes a Foreword by Noel Castellanos      **Confessions of a Good Christian Guy** Thomas J. Davis, Tammy Maltby, Tom Davis, 2008-01-01 Dealing with the secret pain in the lives of many good Christian men In a continuation of *Confessions of a Good Christian Girl* Tammy Maltby is back with coauthor Tom Davis to get specific about the brokenness and pain in the lives of good Christian men This isn't a lurid expose but an honest and courageous look at the secrets most often lurking behind victorious Christian facades Chapters include I've got a dirty mind I'm a self made man I want more stuff I need my dad I love booze I don't like to feel I'm so ticked off I want to give up In addition to the transparent stories and insight from Davis Maltby concludes each chapter with reflections for those who care practical insight for individuals walking beside a man struggling with these issues      **Crossover City** Andrew Davey, 2010-06-03 Is an urban based approach to mission still relevant in a networked global society If so what is particular

about the urban context for the heart of God's mission. How is that mission understood in terms of evangelism and proclamation, sin and salvation, the work of the sacraments and the Holy Spirit, and challenge of Christ in the lives of his followers? Theological reflection, case studies, and new insights come together as practitioners, theologians, and urban clergy reflect on the presence of the Church in urban communities. *Crossover City* confronts the theological priorities of the Church as it attempts to hold the tensions between expectations of its partnership in social regeneration and welfare and its prophetic voice through its continued and transformative presence in marginalized communities. It challenges the way theology is often done in isolated factions that deny openness and collaboration which must underpin the transformative mission in our urban areas. Cry out for critical reading for those in theological training and parish ministry seeking resources for a creative and radical witness in our increasingly urban world.

*Evangelical Christians and Popular Culture* Robert H. Woods Jr., 2013-01-09 This three volume collection demonstrates the depth and breadth of evangelical Christians' consumption, critique, and creation of popular culture and how evangelical Christians are both influenced by and influence mainstream popular culture, covering comic books to movies to social media. *Evangelical Christians and Popular Culture: Pop Goes the Gospel* addresses the full spectrum of evangelical media and popular culture offerings, even delving into lesser known forms of evangelical popular culture such as comic books, video games, and theme parks. The chapters in this 3 volume work are written by over 50 authors who specialize in fields as diverse as history, theology, music, psychology, journalism, film, and television studies, advertising, and public relations. Volume 1 examines film, radio, and television, and the Internet. Volume 2 covers literature, music, popular art, and merchandise, and Volume 3 discusses public figures, popular press, places, and events. The work is intended for a scholarly audience but presents material in a student-friendly, accessible manner. Evangelical insiders will receive a fresh look at the wide variety of evangelical popular culture offerings, many of which will be unknown, while non-evangelical readers will benefit from a comprehensive introduction to the subject matter.

*James in the Suburbs* April Love-Fordham, 2014-08-04 Do you consume God's blessings or do you share them? Most Christians are consumers. We are obsessed with knowing the right theology and following the right set of rules in hopes that God will bless us. Yet no matter how much God blesses us, we are still looking for more. James says our faith is dead. But there is another type of Christian: one who craves being put to work as the servant of God to share God's blessings with others. Their faith spurs them on to become the hands and feet of Christ. James says their faith is alive. *James in the Suburbs* is far more than your ordinary Bible study guide. It is also a parable, an energizing story of the lives of six men and women that wraps itself around the Epistle of James, making its teachings immediately applicable to modern life. You will walk away with not only a thorough understanding of the epistle but also the unforgettable story of people just like you whose lives the Holy Spirit turned upside down. This book can be read casually by an individual or studied within a group. The final chapter provides everything readers need for a guided twelve week study.

***The Present and Future of Evangelical Mission*** Narry F. Santos, Xenia Ling-Yee

Chan,2022-07-15 Crisis is an invitation to both prophetic evaluation and new imagination In this volume Canadian missiologists and practitioners consider the past and how the past might enable the church to move forward in Christian mission in the academy agency assembly and the agora How can the Canadian church welcome different voices from the periphery What must be done to empower the next generation How can we respond in light of the injustices done to our Indigenous brothers and sisters Where does reconciliation fit into the picture How might we navigate between secularization and fundamentalisms How ought we move together in mission and in unity across denominational difference How can we equip laypeople to live their callings faithfully in the agora How can work in the marketplace be ministry And lastly how is the Spirit at work in our contexts in this day and age These questions among others onboard us into the ongoing conversation about the state of evangelical mission in Canada and each of these essays adeptly lead us into the beginnings of answers to these questions These essays address how the past informs our future and how we might answer the prophetic call with both hope and renewed vigor to participate in the mission of God      Social Justice Handbook Mae Elise Cannon,2009-09-11 Mae Elise Cannon provides a comprehensive resource for Christians like you who are committed to social justice She presents biblical rationale for justice and explains a variety of Christian approaches to doing justice A wide ranging catalog of topics and issues give background info about justice issues at home and abroad and give you the tools you need to take action

*Jesus Made in America* Stephen J. Nichols,2009-09-20 Jesus is as American as baseball and apple pie But how this came to be is a complex story one that Stephen Nichols tells with care and ease Beginning with the Puritans he leads readers through the various cultural epochs of American history showing at each stage how American notions of Jesus were shaped by the cultural sensibilities of the times often with unfortunate results Always fascinating and often humorous *Jesus Made in America* offers a frank assessment of the story of Christianity in America including the present For those interested in the cultural implications of that story this book is a must read      **Branded Faith** Rajkumar Dixit,2010-06-07 Christianity may be the greatest story ever told but in Western culture it is losing ground against the powerful forces of secularization In examining the root causes of this cultural shift does the church have anything to learn from secular society and the business sector For decades the church has resisted the idea of using business methodologies in the religious sphere Yet a closer look reveals that most church hierarchies have borrowed much of their organizational structure from the business sector But the church is not alone in its borrowing Today the lines between the church and the business sector are blurred as both entities influence each other interchangeably In *Branded Faith* Rajkumar Dixit enters an engaging and intellectually stimulating analysis of what the church can learn from the business practices of marketing branding and contextualization Using examples drawn from widely recognized companies such as Nike Starbucks Coca Cola and Subway Dixit systematically builds a case for the power of a story and emphasizes the importance of seeking culturally relevant ways to spread it Those who care deeply about sharing Christianity powerfully and effectively will find in *Branded Faith* a thoughtful presentation of ideas
