consciousness of the human race that will take place during the new Age of Aquarius Humanity is approaching a major crossroads we will face a decision to either continue on our current path of self destruction or free ourselves from our addiction to power greed and selfish acquisition This spiritual study considers humankind s new path or pilgrimage which will change humans identification with their egos and reveal their true identities as Soul It reveals how humanity took a wrong turn back in the time of Atlantis resulting in the total destruction of the world Now the long path back to redemption will come to its end during the coming age The Way of the Pilgrim offers a revelation about the salvation of both the planet and the millions of suffering humans populating it This exploration of spirituality presents the results of one man s search for God and truth and describes the ways that humanity must change to survive Priestess Awakened Lidiya Foxglove, My world isn t safe The northern gate lies open and monsters roam the land Towns are locked behind walls protected by the emperor and his Black Army Once a fated priestess and her four guardians kept the gate sealed with magic but there hasn t been a priestess in over a century or so I thought When a monster attacks me within the walls of my village I am saved by Sir Forrest the quiet former soldier who came to Istim three years ago Turns out he s been watching me Waiting for my powers to awaken I am the fated priestess But there have been others The genius commander Abel and the Black Army have killed them all Sir Forrest found out the truth and now he is driven by his sacred mission to help me find my guardians and bring me to the gate All I have to do Find them and join with them in the Grand Quintet to grant them the powers I apparently hold close the gate and save the world without suffering the same dire fate as the priestesses who came before me I ve always liked attention but this is too much This reverse harem epic fantasy romance trilogy is for those who enjoy plenty of steam strong heroines a few hot guys and one who is just pretty and probably sparkles more tragic pasts and secrets than any group of people should reasonably have and winged cats *Radiation Raver* Shaun K. Kearney, 2013-10-21 During 1999 I was a normal part time self employed happily married standard South African guy 38 years old with a great future planned I had most of the same hang ups that plagued everybody mid month crisis and month end blues My wife step daughters mother in law and myself lived in the suburbs of Kempton Park happily going about our daily business with minimal stress levels During July 1999 I was temporally managing a hardware store in Greenside when the owner had a lump removed from his chest The lump proved to be malignant but had not spread I am fair haired and have a light skin complexion and as I had been working outdoors repairing and installing irrigation systems some of my freckles became dark and suspicious and as Mister Elsbach the hardware store owner had just had a tumour removed dark freckles became a point of concern I had four of my freckles removed and tested for all those wonderful things that life throws at you The results of the tests on all four biopsies came back negative Relief Once again I believed that I was a reasonably healthy guy Out of the blue during September 1999 a slight swelling on the right side of my neck began to grow Being a normal tough guy that I was I didn t worry about the swelling as swollen glands are part of growing up Eventually after many hours of putting up with a nagging

wife about six weeks later and having difficulties using a razor to shave with I made an appointment with our family GP After a course of very strong antibiotics everything on my body healed including my navel and excluding this lump in my neck which had grown considerably in size during the previous weeks of treatment A decision was made to remove the offending bits of swollen gland and send it off for tests The removal of the lump was scheduled for the 1st of December 1999 The surgical removal of the lump was successful The story that follows is a result of the lump removed from my neck I come from a rather large family and I have four brothers and four sisters For my wife and I to phone everybody with all the different news all the time was proving to be a rather time consuming project and was becoming rather costly As I have family and friends all around the world the most convenient form of communicating with everybody at once is email I maintained a sort of an electronic diary with photo s for all to see This worked out quite well as some of my family and friends were involved in the medical services and understood the doctor s medical jargon rather well as well as wanting to create my own record Understanding the medical jargon proved to be quite a life saver Whenever I needed an explanation on any diagnosis I would email Jerry in Australia and get an answer in English that we all could understand The emails that I sent out to family members to keep all informed proved to be quite popular and the list of recipients grew and grew This is my story of how I survived the diagnosis and the treatment I have kept the diary as close to the original email format with some explanatory notes accompanying the story Photos have been inserted into the episodes with notes attached relating to the current happenings relevant to that episode Some photos have been duplicated purposefully The last healthy picture before all hell broke loose
