Three Poets Of Modern Korea Three Poets Of Modern Korea:

Three Poets of Modern Korea Sang Yi,Tong-sŏn Ham,Yŏng-mi Ch'oe,2002 An eclectic sampling of modern Korean poetry superbly translated by husband and wife team **The Life and Works of Korean Poet Kim Myŏng-sun** Jung Ja Choi,2022-11-30 The Life and Works of Korean Poet Kim My ng sun offers an introduction to Korea s first modern woman writer to publish a collection of creative works Kim My ng sun 1896 ca 1954 Despite attempts by male contemporaries to assassinate her character Kim was an outspoken writer and an early feminist confronting patriarchal Korean society in essays plays poems and short stories This volume is the first to offer a detailed analysis in English of Kim s poetry The poems examined in this volume can be considered early twentieth century versions of MeToo literature mirroring the harrowing account of her sexual assault and also subversive challenges to traditional institutions dealing with themes such as romantic free love same sex love single womanhood and explicit female desire and passion The Life and Works of Korean Poet Kim My ng sun restores a long neglected woman writer to her rightful place in the history of Korean literature shedding light on the complexity of women s lives in Korea and contributing to the growing interest in modern Korean women s literature in the West *Interpreting Modernism in Korean Art* Kyunghye Pyun,Jung-Ah Woo,2021-09-30 This book examines the development of national emblems photographic portraiture oil painting world expositions modern spaces for art exhibitions university programs of visual arts and other agencies of modern art in Korea With few books on modern art in Korea available in English this book is an authoritative volume on the topic and provides a comparative perspective on Asian modernism including Japan China and India In turn these essays also shed a light on Asian reception of and response to the Orientalism and exoticism popular in Europe and North America in the early twentieth century The book will be of interest to scholars working in art history the history of Asia Asian studies colonialism nationalism and cultural identity **The Making of Minjung** Namhee Lee,2011-06-15 In this sweeping intellectual and cultural history of the minjung common people s movement in South Korea Namhee Lee shows how the movement arose in the 1970s and 1980s in response to the repressive authoritarian regime and grew out of a widespread sense that the nation s failed history left Korean identity profoundly incomplete The Making of Minjung captures the movement in its many dimensions presenting its intellectual trajectory as a discourse and its impact as a political movement as well as raising questions about how intellectuals represented the minjung Lee s portrait is based on a wide range of sources underground pamphlets diaries court documents contemporary newspaper reports and interviews with participants Thousands of students and intellectuals left universities during this period and became factory workers forging an intellectual labor alliance perhaps unique in world history At the same time minjung cultural activists reinvigorated traditional folk theater created a new minjung literature and influenced religious practices and academic disciplines In its transformative scope the minjung phenomenon is comparable to better known contemporaneous movements in South Africa Latin America and Eastern Europe Understanding the minjung

movement is essential to understanding South Korea's recent resistance to U.S. influence. Along with its well-known economic transformation, South Korea has also had a profound social and political transformation. The minjung movement drove this transformation, and this book tells its story comprehensively and critically. Still Desert Daniel Elias Galicia, 2025-08-05

Finalist for the 2023 Button Poetry Chapbook Prize. Daniel Elias Galicia's debut collection *Still Desert* sings with histories both haunting and enchanting. Artistically and linguistically dynamic, Galicia's poems weave personal and historical narratives of immigration, assimilation, and Mexican heritage. *Still Desert* lingers in the spaces between borders and crossings, breathing in rich tactile environments and raw complex emotions. With a musical rage and a sacred love, Galicia speaks to unsung lineages and the violences found before, during, and after crossing the border. Contentious Activism and Inter-Korean Relations Danielle L. Chubb, 2014-02-04

In South Korea, the contentious debate over relations with the North transcends traditional considerations of physical and economic security, and political activists play a critical role in shaping the discussion of these issues as they pursue the separate yet connected agendas of democracy, human rights, and unification. Providing international observers with a better understanding of policymakers' management of inter-Korean relations, Danielle L. Chubb traces the development of various policy disputes and perspectives from the 1970s through South Korea's democratic transition. Focusing on four case studies—the 1980 Kwangju uprising, the June 1987 uprising, the move toward democracy in the 1990s, and the decade of progressive government that began with the election of Kim Dae Jung in 1997—she tracks activists' complex views on reunification along with the rise and fall of more radical voices encouraging the adoption of a North Korean style form of socialism. While these specific arguments have dissipated over the years, their vestiges can still be found in recent discussions over how to engage with North Korea and bring security and peace to the peninsula. Extending beyond the South Korean example, this examination shows how the historical trajectory of norms and beliefs can have a significant effect on a state's threat perception and security policy. It also reveals how political activists, in their role as discursive agents, play an important part in the creation of the norms and beliefs directing public debate over a state's approach to the ethical and practical demands of its foreign policy. **Annotated Books Received**, 2002 The Law of Truly Large Numbers James Kimbrell, 2025-01-28

The *Law of Truly Large Numbers* is a book about coming to terms with loss and the arrival of unexpected, perhaps undeserved, love. Based on the statistical principle that in a truly large sample set, anything outrageous is likely to happen, this book explores not only the outrageous things that have already happened—the loss of siblings and parents, the loss of home, friends, and relatives, the weight of illness and physical aging—but also the discovery and rediscovery of friendship, as well as romantic and familial connections. Often locating themselves where mourning and celebration, grief and humor intersect, these poems consider the sometimes unexpected ways in which grief might open new channels for understanding and ultimately for love. **Poets & Writers**, 2002 *Autumn* Susan M. Felch, 2005-08

Discover how this transitional season can reveal both the abundance and the limitations of our everyday lives.

Autumn with all its traditional images of colorful trees frost covered pumpkins and piles of wood stored up against winter's cold can be a season filled with anticipation. The harvest, the imminent onset of cold and snow, the resumption of old routines and the beginning of the school year all require preparation and planning. If summer has been something of a pause, autumn helps us to see the passage of time more clearly. Autumn is a season of fruition and reaping of thanksgiving and celebration of abundance and goodness of the earth. But it is also a season that starkly and realistically encourages us to see our own limitations. Warm and stirring pieces by E. B. White, Anne Lamott, P. D. James, Julian of Norwich, May Sarton, Kimiko Hahn and many others in this beautiful book rejoice in autumn as a time of preparation and reflection when the results of hard labor are ripe for harvest.
