

A woman in a vibrant red, short-sleeved, knee-length dress stands on a stage, her hands on her hips. In the background, two other women are seated at a small table covered with a checkered cloth. The scene is dimly lit, with a spotlight effect on the woman in the red dress.

Beyond Vivien Lougheed,2009 This guide is based on our much larger 530 page guide to Bolivia Here we zero in on La Paz The capital and all of the nearby attractions La Paz is not a big city on the world scale but it is certainly one of the more interesting ones Built in a bowl created by the Choqueyapu River The upper parts of the city stand 1 645 ft 500 m above the lower sections Unlike any other city in the world The richer neighborhoods are located at the lower levels This is partly due To The fact that it is warmer and easier to breathe at the lower altitudes Also The pinnacles and spires of conglomerate rock and clay that have been sculptured by wind and water make a dramatic backdrop for those living below them The higher up the bowl one goes The more unstable the land becomes And The more likely a landslide will occur The plazas squares and Prado are well kept in La Paz and even in the depth of winter plants are tended to help make the city attractive Street cleaners are out every day and local merchants regularly wash the area in front of their shops On a clear day Mount Illimani a snow covered monolith can be seen as a sentry towering over the city Valley of the Moon is six miles 10 km from the center of La Paz and can be reached by joining a tour or by taking micro bus 11 or minibus 231 or 273 to Mallasilla The hillside features a maze of clay canyons and pinnacles that have been sculpted by wind and rain Narrow trails through the landscape take about an hour to walk There is also a cactus park just before the entrance The park overlooks a gorge and has paths leading around numerous types of cacti As you continue up the road you will come to Parque Nacional Mallasa with its bird observatory and across the road The zoo area The road passes under natural stone bridges and past Chulpani's Red Hill There is no mistaking which hill this is From Mallasa one can see across the river To The highest golf course in the world Devil's Tooth or Muela del Diablo is a huge volcanic plug sticking out of the landscape to a height of 13 000 ft 3 950 m Several trails go To The right follow the one that obviously leads To The village From there go To The left for 3 miles about half a kilometer To the foot of the rock Climbers are occasionally found on the east face Canyon de Palca or Valle de Animas

Is a deep canyon that was carved by the Rio Palca centuries ago To get there take a bus going to Huni from Plaza Belzu on Avenida Mexico in San Pedro There are huge pinnacles and wind carved conglomerates The trail continues along the bottom of the canyon to a natural obelisk Just past the obelisk is a rock that has the appearance of a human hiding in a cave The rock is called the hermit of the canyon Continue along the canyon to its end and climb to your left up To The village of Palca This is a long day hike All of the detailed information you need is here about the hotels restaurants shopping sightseeing But we also lead you to new discoveries turning corners you haven t turned before helping you to interact with the world in new ways That s what makes our Adventure Guides unique An excellent addition To The Adventure Guide series packed with detail from where to stay and eat To where to shop for local crafts and how to enjoy historic sites This guide surveys the wildlife and outdoor opportunities of the country which range from tropical jungle to high plains deserts Hiking and viewing opportunities blend with cultural insights Highly recommended The Midwest Book Review **Research on Preparing**
