Figley,1989 First Published in 1989 Routledge is an imprint of Taylor Francis an informa company **Healing Stress in Military Families** Lorie T. DeCarvalho,Julia M. Whealin,2012-03-08 Eight practical steps to help military families through the unique issues they face When service members return it s up to their families to try to soften their re entry into civilian life Healing Stress in Military Families offers practical help for military families coping with the myriad repercussions of their loved ones duties from their deployment to their return home Based on the latest scientific research and best practice guidelines as well as the authors experience treating veterans and their families Healing Stress in Military Families offers answers for the stress that comes not only from war but also from other related issues including deployment and redeployment relocation and reunion Healing Stress in Military Families provides Evidence based advice for clinicians helping military families with adjustment problems by facilitating communication reconnection and growth Making It Real exercises for clinicians to employ with families in sessions Talking Points that explore how to guide the family in their healing process Homework handouts and between session Taking Action exercises for families that reinforce and build on skills and information introduced in sessions Compassionately written with the military family at heart Healing Stress in Military Families provides the information tools and skills that will empower these courageous families to more easily heal and become stronger and more resilient as they go through life This practical workbook will help others understand the highly complex factors that cause dysfunction within military families Using a clear format that avoids jargon providers and families can work through the eight practical steps that focus on reconnecting the family and improving resiliency This excellent book will surely become core material for anyone interested in working with military families Bradford Felker MD Director Mental Health Primary Care Service VA Puget Sound Health Care System and Associate Professor Department of Psychiatry University of Washington School of Medicine Healing Stress in Military Families Eight Steps to Wellness is a timely practical publication that recognizes and addresses the impact of traumatic stress on countless hidden victims our military families The focus on empowerment and goal directedness versus illness disorder and dysfunction is so needed today Mark D Lerner PhD President American Academy of Experts in Traumatic Stress *Managing Stress in Families* Ian R. H. Falloon,Marc Laporta,Grainne Fadden,Victor Graham-Hole,2023-08-09 Originally published in 1993 Managing Stress in Families deals with the use of well researched psychosocial strategies in working with families under stress This includes households where one or more members experience major mental or physical health problems learning disabilities as well as marital and family

stresses It takes a structured problem solving approach that builds on the efforts of all members living together to manage their stresses in the best way they know Designed as a practical workbook to assist in the training of therapists from all clinical disciplines the book describes in detail the strategies that are effective in working with families and the therapist skills required in order to employ these interventions The authors who have all worked with families in community settings describe in a clear step by step manner how to employ a variety of techniques including communication skills training and training in the use of problem solving skills They use case studies to illustrate their practice and to cover problem areas such as dealing with crises and the difficulties that arise in therapy Managing Stress in Families is an invaluable practical handbook which gives a clear idea of what to do in therapy sessions It will be of immense help to all mental health and social service practitioners particularly those working in community settings

The Legacy of Vietnam Veterans and Their Families Dennis K. Rhoades, Michael R. Leaveck, James C. Hudson, 1995 41 papers from 70 authors from the 1994 national symposium on the aftermath of Vietnam Authorities and doctors of medicine and psychology speak out on the effects of Vietnam on vets and their families Topics include the children of vets with post traumatic stress disorder the potential for change in the delivery of services to vets rural vets traumas and transition building on the experiences of the Agent Orange class assistance program lingering consequences of the Vietnam War vet families with children with disabilities or chronic illness etc

Burnout in Families Charles R. Figley, 1997-12-29 Sleeplessness depression anxiety these are common symptoms of the burnout that often accompanies living with a loved one who has experienced some kind of traumatic stress It is well known that the loss of a child a life threatening injury sexual assault or combat experience can affect the victim in traumatic ways but what is often overlooked is how this trauma affects those closest to the victim the family Burnout in Families focuses on the emotional vulnerability of families exposed to the chronic or acute stress of one of its members Editor Charles R Figley brings together seven psychologists from around the United States to take a closer look at what is now known as secondary traumatic stress disorder the burnout that occurs when family members care for or just live with other family members who have undergone a traumatic life event The authors provide a comprehensive review of the available literature and offer solutions for treating and preventing family burnout and the marital and family discord that inevitably follows Burnout in Families is an ideal text for university level psychology family therapy and social work courses

Treating People in Families William C. Nichols, 1996-01-01 The second section focuses on evaluation and treatment In depth chapters demonstrate how to apply the approach during the various stages of the family's developmental life cycle covering everything from planning therapy and defining goals to performing effective diagnosis and assessment and giving feedback to clients The book also provides a wealth of useful advice for treating problems that arise with divorce and remarriage Throughout special attention is given to ethical considerations in therapy the responsibilities of both the therapist and clients and issues of gender and ethnicity

Helping Traumatized Families Charles Figley, Laurel Kiser, 2013-05-07

The new edition of the classic *Helping Traumatized Families* not only offers clinicians a unified evidence based theory of the systemic impact of traumatic stress it also details a systematic approach to helping families heal by promoting their natural healing resources Though the impact of trauma on a family can be growth producing some families either struggle or fail to adapt successfully *Helping Traumatized Families* guides practitioners around common pitfalls and toward a series of evidence based strategies that they can use to help families feel empowered and ultimately to thrive by developing tools for enhancing resilience and self regulation

Treating Compassion Fatigue Charles R. Figley, 2013-05-13 In recent years much has occurred in the field of traumatology including the widening of the audience and the awareness of PTSD post traumatic stress disorder This book from celebrated traumatology pioneer Charles Figley further clarifies the concept of compassion fatigue through theory research and treatment The basic thesis of this book is the identification assessment and treatment of compassion fatigue and this is done over eleven chapters each from distinguished researchers in the field
