The Soul How We Know Its Real And Why It Matters

David Bolotin, Aristotle

The Soul How We Know Its Real And Why It Matters:

The Soul J. P. Moreland, 2014-02-14 In a culture in which science is believed to hold the answers to every question spiritual realities like the soul are often ignored or ridiculed We are told that neuroscience holds the key to explaining every aspect of human behavior Yet Christian philosopher J P Moreland argues that Scripture sound philosophical reasoning and everyday experience all point to the reality of an immaterial soul Countering the arguments of both naturalists and Christian scholars who embrace a material only view of humanity Moreland demonstrates why it is both biblical and reasonable to believe humans are essentially spiritual beings He also describes the various components of the soul and how Christians can nurture their souls as disciples of Christ Moreland shows that neuroscience and the soul are not competing explanations of human activity but that both coexist and influence one another

The Comprehensive Guide to Science and Faith

William A. Dembski, Casey Luskin, Joseph M. Holden, 2021-10-05 Science and Faith Can and Do Support Each Other Science and Christianity are often presented as opposites when in fact the order of the universe and the complexity of life powerfully testify to intelligent design With this comprehensive resource that includes the latest research you ll witness how the findings of scientists provide compelling reasons to acknowledge the mind and presence of a creator Featuring more than 45 entries by top caliber experts you ll better understand how scientific concepts like intelligent design are supported by evidence the scientific findings that support the history and accounts found in the Bible the biases that lead to scientific information being presented as a challenge rather than a complement to Christianity Whether you re looking for answers to your own questions or seeking to explain the case for intelligent design to others The Comprehensive Guide to Science and Faith is an invaluable apologetic tool that will help you explore and analyze the relevant facts research and theories in light of biblical truth

Journal of Biblical and Theological Studies, Issue 2.1

Daniel S. Diffey, Ryan A. Brandt, Justin McLendon, 2017-03-29 The Journal of Biblical and Theological Studies JBTS is an academic journal focused on the fields of Bible and Theology from an inter denominational point of view The journal is comprised of an editorial board of scholars that represent several academic institutions throughout the world JBTS is concerned with presenting high level original scholarship in an approachable way Academic journals are often written by scholars for other scholars They are technical in nature assuming a robust knowledge of the field There are fewer journals that seek to introduce biblical and theological scholarship that is also accessible to students JBTS seeks to provide high level scholarship and research to both scholars and students which results in original scholarship that is readable and accessible As an inter denominational journal JBTS is broadly evangelical We accept contributions in all theological disciplines from any evangelical perspective In particular we encourage articles and book reviews within the fields of Old Testament New Testament Biblical Theology Church History Systematic Theology Practical Theology Philosophical Theology Philosophy and Ethics

Faith's Defenders Dr. Octavian

Caius Obeada, 2024-07-28 Faith's Defenders The Christian Apologetic Mission offers a comprehensive exploration of the

crucial role of apologetics in the Christian Church It examines the foundational beliefs historical challenges and modern day threats to Christianity while providing a detailed overview of apologetics from early Christianity to the present The book emphasizes the need for respectful and intellectually rigorous strategies to engage with contemporary culture address doubts and reinvigorate faith Drawing on insights from renowned defenders of the faith it highlights the importance of apologetics in strengthening the Church s witness and fostering meaningful dialogue making a compelling call for the Church to present the gospel with confidence clarity and compassion You can find the PAPERBACK version on Amazon <https://amzn.to/4jiSDjr>

Faith Examined Clark R. Bates, 2023-10-13 This book serves two purposes to honor the apologist and author Dr Frank Turek and in the spirit of his ministry present reasoned responses to challenges currently facing the church Every year for more than one decade Dr Turek has hosted the Cross Examined Instructors Academy CIA through his Cross Examined Ministries wherein he leads a group of professors and apologists as they teach and train others in the field of apologetics Several rising stars within the apologetics community began their ministries because of Dr Turek and the CIA The authors of this book were chosen from this ever widening pool of CIA attendees past and present most of whom have gone on to academic instruction or their own successful apologetics ministries Their contributions broadly address challenges from philosophy and science challenges against Jesus and the Bible and even challenges facing parents and the church Many topics offer new approaches while others reestablish existing responses but all seek to provide answers to a skeptical world for the hope that rests within all Christians

An Essay on Spirit and Matter William Allen, 1842

Neuroscience and Christian Formation Mark A. Maddix, Dean G. Blevins, 2016-10-01 Why a text on neuroscience and Christian formation Simply put we need one that represents the range of possible intersections for today and into the future In recent years neuroscience s various fields of study have influenced our understanding of the person memory learning development communal interaction and the practice of education The book serves as an introductory textbook for Christian education formation professors to use in Christian education or Christian formation courses at the College or Seminary level The book is designed to provide an overview of how current research in neuroscience is impacting how we view Christian education and formation with particular attention given to faith formation teaching development and worship The first four chapters discuss how neuroscience broadly influences Christian education and formation Chapters five through eight explore how neuroscience informs specific formational practices from personal meditation to intercultural encounter to congregational formation and worship The last four chapters explore various aspects of neuroscience along developmental lines The book also moves from conceptual overviews to more empirical studies late in the text Each chapter of this book can also be read and discussed individually Each author has provided both discussion topics suggestions for future reading within neuroscience and discussion questions at the end of the chapter

Unraveling Philosophy Adam Groza, J. P. Moreland, 2023-05-15 Philosophy can be intimidating complicated and boring Unraveling Philosophy by scholars Adam Groza and J P Moreland turns this truism on its head making philosophy accessible and even fun to learn

Matter and Spirit James M. Lawler, 2006 This narrative shows how the contours of moral and political philosophy in the seventeenth and eighteenth centuries were shaped by Kant's two distinct philosophical responses to the results of modern science This history of early modern Western philosophy takes its inspiration from Kant's claim that the battle between the metaphysics of matter and that of spirit is the principal axis around which modern philosophy up to his time in all its aspects has revolved The empiricist materialist trend that dominates in England is first examined in the progressively unfolding works of Hobbes Locke Berkeley Hume and Adam Smith A contrasting and competing dialectic develops in the rationalist spiritualist trend in the continental philosophy of Descartes Leibniz and Rousseau Framing this history is the background context of the philosophy and science of Aristotle and the challenges to the traditional paradigm presented by the revolutionary sciences of Copernicus Galileo and Newton James Lawler is Professor of Philosophy at the State University of New York at Buffalo

Immortality and the Existence of God David Apolloni, 2024-08-15 Immortality and the Existence of God Reformulating the Arguments of Plato Anselm and G del defends a modern version of Plato's argument for the immortality of the soul The self is essentially conscious and hence essentially living It is therefore deathless and cannot receive death But then it also cannot become something else nor can it be destroyed since that would be receiving death also So the self is immortal and immaterial The book then considers materialist theories of the mind and rejects them It formulates an argument from introspection which the author believes establishes substance dualism The argument for immortality and the Ontological Argument for the existence of God are parallel in that attempt to establish the existence of necessary beings Since immortality makes sense within a theistic context the second half of the book defends a version of G del's Ontological Argument for God's existence utilizing experience of the moral good and that mutual entailment of the attributes of God to argue that these attributes including necessary existence are logically coherent In the final chapter the author uses the central arguments in the book to support accounts of the afterlife from those who have had near death experiences

Welcome to College 2nd ed Jonathan Morrow, 2017-03-28 The single best volume I have ever read for preparing students for how to follow Jesus and flourish as his disciple in college J P Moreland Is there a more frightening question for a graduating high school senior than What will you do with your life In college whether they realize it or not students will answer that question every day with each decision All of the new friends and new experiences of higher education will shape their future It's critical that students know how to handle college before they're in the thick of it Jonathan Morrow tackles the tough questions that arise during these formative years including How do you grow spiritually How do you manage your time to both study well and have fun Is all truth relative Are there good
