Creative Souls Daniel Marques, 2012-11-23 This book is a must read for anyone that wishes to become a writer because it reveals many facts that although not present in every single writer contribute to reveal the source of the skills that most refuse to acknowledge or describe to others Nevertheless although many would praise the content here described as path to creativity and a solution for procrastination many have seen it as a menace to their status quo and a revelation of knowledge that they wish would never be found The fact remains that many writers can't deal with competition and threats to their infatuated ego However this book is not intended for such type of writer but for all the others that don't even know their own potential as writers To be a writer is not a choice but a life commitment and a spiritual activity to be experienced in a daily basis Those that refuse the laws of creative writing will never write properly easily or effortlessly no matter how many techniques or good ideas they may have But throughout the chapters of this book it's shown the emotional cycle that all artists especially writers experience in order to fulfill their purpose It's explained here how writers travel between the spiritual and material worlds in order to make the connection that later allows them to express in any kind of topic from self help to science fiction books Writers are powerful beings capable to endure the most demanding of all tasks

and that's why not everyone can be one. The difference between someone taking a lifetime to write one book and the one able to do it in less than a day or even an hour defines a measurement between the most capable soul and the less experienced. To be a creative writer is above anything else related to spiritual conscience. The difficulties that this person traveling between light and darkness carries are what distinguishes him from other people. This book explains how it occurs and the steps that mature writers can identify with. This is also a book for all those that have lost the ability to write and wish to regain it and for those that wish to write more and faster. It is about the true and only important key to creative writing: the soul of the writer.

What We Talk about When We Talk about Creative Writing Anna Leahy, 2016-07-27. Marking the tenth anniversary of the New Writing Viewpoints series, this new book takes the concept of an edited collection to its extreme, pushing the possibilities of scholarship and collaboration. All authors in this book, including those who contributed to *Power and Identity* in the Creative Writing Classroom, which launched the series ten years ago, are proof that creative writing matters, that it can be rewarding over the long haul, and that there exist many ways to do what we do as writers and as teachers. This book captures a wide swathe of ideas on pedagogy, on programs, on the profession, and on careers.

The Soul of Place Linda Lappin, 2015-04-20. This is such a pleasure to read. Unlike most books with writing prompts, this one goes in depth with sensitizing you to ground yourself in awareness of where you are and why. Grazie, Linda, for this marvelous work. Frances Mayes, author of *Under the Tuscan Sun*. In this engaging creative writing workbook, novelist and poet Linda Lappin presents a series of insightful exercises to help writers of all genres—literary, travel, writing, memoir, poetry, fiction, creative nonfiction—discover imagery and inspiration in the places they love. Lappin departs from the classical concept of the *Genius Loci*, the indwelling spirit residing in every landscape, house, city, or forest, to argue that by entering into contact with the unique energy and identity of a place, writers can access an inexhaustible source of creative power. *The Soul of Place* provides instruction on how to evoke that power. The writing exercises are drawn from many fields: architecture, painting, cuisine, literature, and literary criticism, geography, and deep maps, Jungian psychology, fairy tales, mythology, theater, and performance art, metaphysics, all of which offer surprising perspectives on our writing and may help us uncover raw materials for fiction, essays, and poetry hidden in our environment. An essential resource book for the writer's library, this book is ideal for creative writing courses with stimulating exercises adaptable to all genres. For writers or travelers about to set out on a trip abroad, *The Soul of Place* is the perfect road trip companion, attuning our senses to a deeper awareness of place.
