Statistics Dept.,2005-01-07 The Data Standards Initiatives the SDDS and the GDDS have achieved the goals the Executive Board set in its Fifth Review of July 2003 The staff sees the next three years as a period of consolidating these gains by maintaining the credibility of the SDDS through improved monitoring of countries observance of its requirements and further integrating both the SDDS and GDDS under the Fund's Data Quality Program DQP by aligning their structure with the Fund's Data Quality Assessment Framework DQAF The staff proposes to include no new data categories in the SDDS and GDDS Instead the staff proposes to deepen descriptive information on how countries cover oil and gas activities and products in selected existing data categories

Government Finance Statistics International Monetary Fund. Statistics

Dept.,2011-09-14 The Government Finance Statistics Compilation Guide for Developing Countries represents a new approach by the IMF's Statistics Department STA to assist developing countries to compile government finance statistics GFS in accordance with the guidelines of the Government Finance Statistics Manual 2001 GFSM 2001 The Guide specifically addresses issues relevant to developing countries The Guide is based on our experience over many years of technical assistance and training to member countries addressing common problems they face and answering questions that often arise Examples figures and tables are used to facilitate the reader's understanding of the topics discussed *Second Review of the Special Data Dissemination Standard* International Monetary Fund. Statistics Dept.,International Monetary Fund. Policy Development and Review Dept.,International Monetary Fund. Strategy, Policy, & Review Department,1998-02-12 NULL *Fiscal Transparency Handbook (2018)* International Monetary Fund. Fiscal Affairs Dept.,2018-04-16 The IMF's Fiscal Transparency Code is the international standard for disclosure of information about public finances and is the centerpiece of the global architecture on fiscal transparency The Fiscal Transparency Handbook 2018 provides detailed guidance on the implementation of the new Fiscal Transparency Code which was approved by the IMF Board in 2014 It explains why each principle of the Code is important and describes current trends in implementation of the principles noting relevant international standards as well Selected country examples are also provided *Broadening Financial Indicators in the Special Data Dissemination Standard* International Monetary Fund,2010-02-22 In December 2008 the IMF Executive Board discussed the Seventh Review of Data Standards Initiatives and Directors requested staff to return to the Board within about a year with a proposal for the inclusion of selected financial indicators in the Special Data Dissemination Standard SDDS This paper responds to the 2008 request taking into account recent developments The recent financial crisis has heightened the need for policymakers financial regulators and capital market participants to put in place conditions that would help prevent the occurrence of similar crises in the future One of the areas identified by the international community as key in crises prevention is the availability of timely and more detailed financial data that could provide early warning signals of impending risks and vulnerabilities **Fiscal Transparency, Accountability, and Risk** International Monetary Fund. Fiscal Affairs Dept.,International Monetary Fund. Statistics Dept.,2012-07-08 This paper surveys that state of fiscal transparency in the wake of the current crisis and looks at what can be done to improve it It examines the relationship between fiscal transparency and fiscal outcomes reviews progress in promoting greater fiscal transparency over the past decade considers the lessons of the recent crisis for existing fiscal transparency standards practices and monitoring arrangements and makes a series of recommendations for renewing the global fiscal transparency effort in the wake of the crisis **Mapping Financial Stability** Peter Sarlin,2014-05-08 This book approaches macroprudential oversight from the viewpoint of three tasks The focus concerns a tight integration of means for risk communication into analytical tools for risk identification and risk assessment Generally this book explores approaches for representing complex data concerning

financial entities on low dimensional displays Data and dimension reduction methods and their combinations hold promise for representing multivariate data structures in easily understandable formats Accordingly this book creates a Self Organizing Financial Stability Map SOFSM and lays out a general framework for mapping the state of financial stability Beyond external risk communication the aim of the visual means is to support disciplined and structured judgmental analysis based upon policymakers experience and domain intelligence
