The Story Of Mankind

Hendrik Van Loon

The Story Of Mankind:

The Story of Mankind Hendrik Willem Van Loon, 1999 Chronicles the history of man and civilization from primitive beginnings to the current day

The Story of Mankind Hendrik Willem Van Loon, 2021-01-01 The Story of Mankind follows the history of western civilization from prehistoric times to the early 20th century Van Loon both wrote and illustrated this book which he wrote for his grandchildren in such a way that children would be learning in an entertaining way From the development of writing and art to the formation of religion and politics Van Loon emphasizes the people and events central to the changes and achievements of human history A remarkable accurate and enduring work of children's literature The Story of Mankind is an engaging narration of the procession of events in world history

The Story of Mankind Hendrik Willem Van Loon, 1926 Winner of the first John Newbery Medal in 1921 here is van Loon's renowned classic record of historic adventure updated for the 21st century

The Story of Mankind Hendrik Van Loon, 2015-03-07 Man was the last to come but the first to use his brain for the purpose of conquering the forces of nature That is the reason why we are going to study him rather than cats or dogs or horses or any of the other animals who all in their own way have a very interesting historical development behind them

The Story of Mankind Hendrik Willem Van Loon, 2017-03-31 The Story of Mankind was written and illustrated by Dutch American journalist professor and author Hendrik Willem van Loon and published in 1921 In 1922 it was the first book to be awarded the Newbery Medal for an outstanding contribution to children's literature Written for his children Hansje and Willem The Story of Mankind tells in brief chapters the history of western civilization beginning with primitive man covering the development of writing art and architecture the rise of major religions and the formation of the modern for 1921 nation state Van Loon explains in the book how he selected what and what not to include by subjecting all materials to the question Did the person or event in question perform an act without which the entire history of civilization would have been different

The Story of Mankind by Hendrik Willem Van Loon (Annotated) Hendrik Willem, 1921 The book The Story of Mankind by Hendrik Van Loon's offers an intriguing look into both the history it explains and the period it had been authored The book could be more appreciated in case you understand its historical context of publication Here is an overview The Early 20th Century World Context Post World War I Era The book was produced shortly after World War I when political social along with technological changes were deep The war altered national borders demolished empires and created new nations The Roaring Twenties The 1920s called the Roaring Twenties was a period of financial progress in the United States and parts of Europe The creation of new technologies cultural movements along with a change in social customs were visible during this era particularly in urbanized areas Intellectual and Cultural Movements The early twentieth century was chock full cultural and intellectual trends including Modernism in literature and art the Harlem Renaissance and the onset of the Jazz Age These movements questioned established conventions and introduced novel artistic styles The Personal Context of Van Loon Dutch American Perspective Van Loon

wrote with a specific perspective as a Dutch American He d encountered European culture and history firsthand and then observed the United States rapid development and change Educational and Professional Background Van Loon was educated He specialized in history and the arts in Europe His professional and academic expertise as a journalist as well as illustrator also shaped his style of writing history that was narrative and accessible The Story of Mankind Hendrik Van Loon,2017-09-04 A book that won the Newberry Prize in 1921 for an Outstanding Contribution in Children s Literature The Story of Mankind by Hendrik van Loon is indeed a classic that has been enjoyed by generations of children and adults The book is an engagingly written work dedicated to the author Hendrik van Loon s two young son s Hansje and Willem It was created to convey the history of the human race to young people in a way that was interesting memorable and would spur them onto further research and reading into the subject Tracing the origins of mankind from about 500 000 BC into the present era The Story of Mankind encompasses anthropology culture sociology and history This book creates a vivid portrayal of the development of the human race from the time of the caveman to the intelligent dominate species that it is today Designed to be read by young readers and perhaps their parents and teachers along with them it provides valuable lessons in a variety of subjects in a very readable fashion Modern day readers may find some of the concepts politically incorrect or not quite enlightened Some critics have also found that van Loon takes Biblical concepts and presents them as proven history However aside from these small blips the book is indeed a treasure trove of information It also describes the foundations of Western thought and culture It traces the development of art music literature culture and civilization itself in the Western World Van Loon was motivated to select the areas of history that he would describe by apparently asking himself whether this particular person or event changed the course of civilization or not After World War I the author added one more chapter called After Seven Years and in later years his children and other writers have added more chapters to make the book more contemporary and relevant for modern readers The original illustrations by the author added to the appeal of the book as he was a talented artist and naturalist The book was also adapted to film in 1957 in a quirky version starring the inimitable Marx Brothers As basic reading for anyone interested in the history of the human race The Story of Mankind provides a great launching pad from which to explore the deep and complex mysteries that are contained in the origin of our species on earth A book that won the Newberry Prize in 1921 for an Outstanding Contribution in Children s Literature The Story of Mankind by Hendrik van Loon is indeed a classic that has been enjoyed by generations of children and adults The book is an engagingly written work dedicated to the author Hendrik van Loon s two young son s Hansje and Willem It was created to convey the history of the human race to young people in a way that was interesting memorable and would spur them onto further research and reading into the subject Tracing the origins of mankind from about 500 000 BC into the present era The Story of Mankind encompasses anthropology culture sociology and history This book creates a vivid portrayal of the development of the human race from the time of the caveman to the intelligent dominate species that it is

today Designed to be read by young readers and perhaps their parents and teachers along with them it provides valuable lessons in a variety of subjects in a very readable fashion Modern day readers may find some of the concepts politically incorrect or not quite enlightened Some critics have also found that van Loon takes Biblical concepts and presents them as proven history However aside from these small blips the book is indeed a treasure trove of information It also describes the foundations of Western thought and culture It traces the development of art music literature culture and civilization itself in the Western World [The Story of Mankind](#) Hendrik Willem Van Loon,2019-08-17 The Story of Mankind was written and illustrated by Dutch American journalist professor and author Hendrik Willem van Loon and published in 1921 In 1922 it was the first book to be awarded the Newbery Medal for an outstanding contribution to children s literature **The Story of Mankind** Hendrik Willem van Loon,2022-11-13 In The Story of Mankind Hendrik Willem van Loon weaves a captivating narrative that chronicles the evolution of human civilization from its earliest beginnings to the 20th century Employing an accessible and engaging prose style this seminal work breaks down complex historical themes into vivid stories making history relatable to a broad audience Van Loon s illustrative approach combines humor and insight reflecting on cultural political and social developments with an optimistic yet critical lens inviting readers to reflect on humanity s journey through triumphs and tribulations Hendrik Willem van Loon a Dutch American historian author and illustrator was deeply influenced by his diverse educational background and personal experiences including his travels across continents His passion for storytelling and his belief in the importance of understanding history as a collective human adventure fueled the creation of this book Van Loon sought to foster a sense of global perspective and unity aiming to inspire readers to learn from the past in order to navigate the future more effectively I highly recommend The Story of Mankind to anyone interested in a comprehensive yet engaging overview of human history Van Loon s ability to blend facts with narrative flair not only educates but also instills a sense of wonder about the human experience This book is an exemplary gateway for both novices and history enthusiasts alike encouraging a deeper appreciation of our shared heritage **The Story of Mankind** Hendrik Willem Van Loon,2016-07-06 WHEN I was twelve or thirteen years old an uncle of mine who gave me my love for books and pictures promised to take me upon a memorable expedition I was to go with him to the top of the tower of Old Saint Lawrence in Rotterdam And so one fine day a sexton with a key as large as that of Saint Peter opened a mysterious door Ring the bell he said when you come back and want to get out and with a great grinding of rusty old hinges he separated us from the noise of the busy street and locked us into a world of new and strange experiences **The Story of Mankind - Illustrated History of the Human Civilization Retold for Children** Hendrik Willem Van Loon,2021-08-29 In The Story of Mankind Illustrated History of the Human Civilization Retold for Children Hendrik Willem van Loon presents an engaging and accessible narrative that chronicles the development of human civilization Written in a whimsical yet scholarly tone this illustrated work interweaves historical events cultural milestones and significant figures in a manner that captivates young

readers while providing them with a meaningful understanding of human progress The use of charming illustrations complements van Loon s conversational style making complex topics approachable and fostering curiosity about history Hendrik Willem van Loon a Dutch American historian and author possessed a passion for communicating knowledge to younger audiences which is evident in this book His background in art and history along with his experiences as a professor influenced his desire to create engaging educational materials Additionally van Loon s commitment to fostering a global perspective is reflected in his wide reaching narrative as he integrates stories from different cultures giving children a sense of interconnectedness and shared humanity The Story of Mankind is a must read for young aspiring historians and their families Its delightful combination of text and illustration not only entertains but also serves as a vital introduction to the richness of human history For those looking to instill a love for learning and an appreciation for diverse cultures in their children van Loon s remarkable storytelling will be an invaluable resource

The Story of Mankind, Original Edition (Yesterday's Classics) Hendrik Willem Van Loon, 2007-08 Van Loon recounts history as living news relating everything in the past to the present He writes informally making world history wonderfully alive and exciting Of this book the author writes The entrance of America upon the scene of international politics as the most important actor destined to play the lead for the next five hundred years convinced me that proper and reasonable understanding of historical cause and effect was the most important factor in the lives of the rising generation And so my book treats the entire history of the human race as a single unit It begins with the dim and hardly understood realm of the earliest past it can be continued forever

The Story of Mankind (1921), by Hendrik Willem Van Loon (Illustrated) Hendrik Willem Van Loon, 2017-01-26 The Story of Mankind was written and illustrated by Dutch American journalist professor and author Hendrik Willem van Loon and published in 1921 In 1922 it was the first book to be awarded the Newbery Medal for an outstanding contribution to children s literature Written for Van Loon s children Hansje and Willem The Story of Mankind tells in brief chapters the history of western civilization beginning with primitive man covering the development of writing art and architecture the rise of major religions and the formation of the modern nation state Van Loon explains in the book how he selected what and what not to include by subjecting all materials to the question Did the person or event in question perform an act without which the entire history of civilization would have been different After the book s first edition Van Loon published another edition later in the 1920s which included an extra essay called After Seven Years about the effects of World War I Since Van Loon s death in 1944 The Story of Mankind has been added to extensively by his son Gerrit van Loon The most recent version by Robert Sullivan 2014 covers events up to the early 2010s ISBN 978 0 87140 865 5 The Story of Mankind was written and illustrated by Dutch American journalist professor and author Hendrik Willem van Loon and published in 1921 In 1922 it was the first book to be awarded the Newbery Medal for an outstanding contribution to children s literature Written for Van Loon s children Hansje and Willem The Story of Mankind tells in brief chapters the history of western civilization beginning with

primitive man covering the development of writing art and architecture the rise of major religions and the formation of the modern nation state Van Loon explains in the book how he selected what and what not to include by subjecting all materials to the question Did the person or event in question perform an act without which the entire history of civilization would have been different After the book s first edition Van Loon published another edition later in the 1920s which included an extra essay called After Seven Years about the effects of World War I Since Van Loon s death in 1944 The Story of Mankind has been added to extensively by his son Gerrit van Loon The most recent version by Robert Sullivan 2014 covers events up to the early 2010s ISBN 978 0 87140 865 5 *The Story of Mankind. Children's Literature* Hendrik Willem Van Loon,2018-11-18 The Story of Mankind was written and illustrated by Dutch American journalist professor and author Hendrik Willem van Loon and published in 1921 In 1922 it was the first book to be awarded the Newbery Medal for an outstanding contribution to children s literature Written for Van Loon s children Hansje and Willem The Story of Mankind tells in brief chapters the history of western civilization beginning with primitive man covering the development of writing art and architecture the rise of major religions and the formation of the modern nation state Van Loon explains in the book how he selected what and what not to include by subjecting all materials to the question Did the person or event in question perform an act without which the entire history of civilization would have been different **The Story of Mankind** Hendrik Loon,2013-02-15 Written for his grandchildren The Story of Mankind tells in brief chapters the history of Western civilization beginning with primitive man covering the development of writing art and architecture the rise of major religions and the formation of the modern for 1921 nation state Van Loon explains in the book how he selected what and what not to include by subjecting all materials to the question Did the person or event in question perform an act without which the entire history of civilization would have been different **The Story of Mankind** Hendrick Loon,2012-04-19 The Story of Mankind has charmed generations of readers of all ages with its warmth simplicity and wisdom Beginning with the origins of human life and sweeping forward to illuminate all of history Hendrik van Loon s incomparable prose enlivens the characters and events of every age His unique ability to convey history as a fascinating tale of adventure has endeared the book to countless readers and has accorded it a unique place in publishing history This new version which retains van Loon s original illustrations has been brought up to date by John Merriman professor of history at Yale University It incorporates the most important developments of the last two decades including space exploration the emergence of the developing countries the Cold War the Internet and the astounding advances we have witnessed in medicine and science and looks forward into the prospect of the twenty first century **The Story of Mankind - Scholar's Choice Edition** Hendrik Willem Van Loon,2015-02-16 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in
