Criminal Enterprises and Governance in Latin America and the Caribbean Enrique Desmond Arias, 2017-03-30 This book examines security in three cities that suffer from chronic violence Rio de Janeiro Brazil Medellin Colombia and Kingston Jamaica In each democratic state contend with subnational armed groups that dominate territory and play important roles in politics even as they contribute to fear and insecurity Through a nested three city six neighborhood analysis of the role of criminal groups in governance this research provides a deep understanding of the impact of crime on political experience

Neighborhoods controlled by different types of armed actors operating in the same institutional context build alliances with state officials and participate in political life through the structures created by these armed actors The data demonstrates the effects criminal dominance can have on security civil society elections and policymaking Far from reflecting a breakdown of order varying types of criminal groups generate different local lived political experiences *Anne Bonny the Infamous Female Pirate* Phillip Thomas Tucker,2017-08-22 The story of the most famous female pirate in history provides a remarkable personal odyssey from a time when women were almost powerless and at the lowest level of the social order on both sides of the Atlantic This new biographical work fills considerable gaps in Anne Bonny s life beyond her mythology to rescue an actual person for posterity After turning her back on everything she knew growing up in South Carolina to find a sense of personal freedom Anne Bonny sailed the Caribbean s pristine waters during the Golden Age of Piracy in the early eighteenth century Few accurate records exist about these law breakers whose lifestyles called for hanging Fortunately Anne Bonny was a notable exception to the rule as she was caught off the Jamaican coast and tried by a court of law whose records have fortunately survived So who was the real Anne Bonny A heartless prostitute a bloodthirsty psychopathic or a compassionate woman of faith and courage Such a fundamental question has not been adequately answered by historians for 300 years It is now time to take a fresh look at the life of Anne Bonny to present a corrective view into not only her story but also the seldom explored but incredibly rich field of women s history The Anne Bonny mythology is today popularly told in Starz channel s *Black Sails* and the video game *Assassin s Creed* Popular Music in the Classroom David Whitt,2020-06-25 Popular music has long been a subject of academic inquiry with college courses taught on Elvis Presley Bob Dylan and the Beatles along with more contemporary artists like Beyonce and Outkast This collection of essays draws upon the knowledge and expertise of instructors from a variety of disciplines who have taught classes on popular music Topics include the analysis of music genres such as American folk Latin American protest music and Black music exploring the musical catalog and socio cultural relevance of specific artists and discussing how popular music can be used to teach subjects such as history identity race gender and politics Instructional strategies for educators are provided *Rastafari Reasoning and the RastaWoman* Jeanne Christensen,2014-02-14 *Rastafari Reasoning and the RastaWoman* Gender Constructions in the Shaping of Rastafari Livity examines the complex ways that gender and race shaped a liberation movement propelled by the Caribbean evolution of an African spiritual ethos Jeanne Christensen proposes that Rastafari represents the most recent reworking of this spiritual ethos referred to as African religiosity The book contributes a new perspective to the literature on Rastafari and through a historical lens corrects the predominant static view of Rastafari women In certain Rastafari manifestations a growing livity developed by RastaMen eventually excluded women from an important ritual called Reasoning a conscious search for existential and ontological truth through self understanding performed in a group setting Restoring agency to the RastaWoman Christensen argues that RastaWomen intimately in touch with this spiritual ethos challenged oppressive

structures within the movement itself They skirted official restrictions speaking out in public and written forums whenever such avenues presented themselves and searched for their own truth through conscious intentional self examination characteristic of the Reasoning ritual With its powerful theoretically informed narrative Rastafari Reasoning and the RastaWoman Gender Constructions in the Shaping of Rastafari Livivity will appeal to students and scholars interested in religious transformation resistance movements gender issues critical race studies and the history and culture of the English speaking Caribbean

Strolling in the Ruins Faith Smith,2023-02-20 In Strolling in the Ruins Faith Smith engages with a period in the history of the Anglophone Caribbean often overlooked as nondescript quiet and embarrassingly pro imperial within the larger narrative of Jamaican and Trinidadian nationalism Between the 1865 Morant Bay Rebellion and World War I British imperialism was taken for granted among both elites and ordinary people while nationalist discourses would not begin to shape political imagination in the West Indies for decades Smith argues that this moment far from being uneventful disrupts the inevitability of nationhood in the mid twentieth century and anticipates the Caribbean s present day relationship to global power Smith assembles and analyzes a diverse set of texts from Carnival songs poems and novels to newspapers photographs and gardens to examine theoretical and literary historiographic questions concerning time and temporality empire and diaspora immigration and indigeneity gender and the politics of desire Africa s place within Caribbeanist discourse and the idea of the Caribbean itself Closely examining these cultural expressions of apparent quiescence Smith locates the quiet violence of colonial rule and the insistence of colonial subjects on making meaningful lives
