Idema, 2025-03-04 Parrots and mynahs have played a unique role in Chinese literature for two millennia These birds that can talk and interact intelligently with their owners were treasured as pets both in the palace and in private homes The caged birds were pitied for their homesickness but praised for their eagerness to serve Over time they developed into exemplars of Confucian values such as filial piety and loyalty and they also featured prominently in tales of love and war Closely associated with Buddhism from early on the parrot proved itself an effective preacher of the Dharma and became the favorite bird of the bodhisattva Guanyin In this wide ranging thematic study Wilt L. Idema traces the development of the parrot and the mynah as characters in many forms of poetry and prose of Chinese elite literature as well as in the long narrative ballads of traditional popular literature The book provides complete renditions of Mi Heng's 173 198 Rhapsody on the Parrot the anonymous Tale of the Parrot's Filial Piety of the fifteenth century and the anonymous Precious Scroll of the Parrot of late imperial times An epilogue discusses the disappearance of the parrot in modern Chinese literature *Harnessing Fortune* Rebecca M. Empson, 2011-04-14 This is the first detailed ethnography of rural Mongolian life since the collapse of the Soviet Union Based on fieldwork with migrant herding families who traverse the Northern Mongolian Russian border the volume explores how intimate social relationships and identities are drawn upon to engage with new political and economic uncertainties *Commerce in Culture* Cynthia J. Brokaw, 2020-03-23 Sibao today is a cluster of impoverished villages in the mountains of western Fujian Yet from the late seventeenth through the early twentieth century it was home to a flourishing publishing industry Through itinerant booksellers and branch bookshops managed by Sibao natives this industry supplied much of south China with cheap educational texts household guides medical handbooks and fortune telling manuals It is precisely the ordinariness of Sibao imprints that make them valuable for the study of commercial publishing the text production process and the geographical and social expansion of book culture in Chinese society In a study with important implications for cultural and economic history Cynthia Brokaw describes rural lower level publishing and bookselling operations at the end of the imperial period *Commerce in Culture* traces how the poverty and isolation of Sibao necessitated a bare bones approach to publishing and bookselling and how the Hakka identity of the Sibao publishers shaped the configuration of their

distribution networks and even the nature of their publications Sibao s industry reveals two major trends in print culture the geographical extension of commercial woodblock publishing to hinterlands previously untouched by commercial book culture and the related social penetration of texts to lower status levels of the population **A Guide to Oriental Classics** Wm.
